Most dependable chopper built...
GEHL 72
CHOPS NON-STOP!

Pull the Gehl 72 Flail Chopper along side any other make. Feature for feature — round after round — the "72" proves its right to be the leader. Here's why:
 - Unitized fan blades and knives give exclusive cut-and-throw action. Crops don't thresh around. They're in, cut, then blown to the farthest wagon corner.
 - New Easy-Swing drawbar adjusts right from the tractor seat. No wrenches needed. Just pull the rope control to change chopper pulling positions for easy maneuvering in tight places.
 - Flails are reversible... give full 6-ft. cut. The 39 interchangeable flails are mounted in gangs and easy to switch. They're double-edged for double chopping life.
 - Powered double chopping. After the crop is flail-cut, it's augered directly to the unitized fan and knives. Here forage is cut again against an adjustable shear bar. Lets you cut as fast and short as needed.
 - These features — and many more — make the Gehl 72 the best flail chopper you can buy.

LATE SPRING REQUIRES SPECIAL SEEDING CARE
 (A. A. Wall, Agricultural Representative, York County.)

A late spring requires some special care in seeding. Here are a few things to consider in trying to compensate for the delay and the backward weather.

This is a good year to use a little extra fertilizer. Getting the crop off to a good start can make a real difference in a short season. Natural nutrients release very slowly in a cold soil. Fertilizer out of a bag can keep a plant going until natural fertility is available.

This is a good year to treat seed corn with an insecticide. As it comes from the seed dealer, corn is treated for seed decay only. This does not protect against root maggots or wireworms. A further treatment of a mixture of two insecticides is necessary. Mixtures of Diazinon and Lindane are available. The risk of damage from insects is greater in a late, cold spring.

This is a good year to try some clear barley. Barley takes a few less days to mature than oats. Mildew resistant varieties like York and Heria should yield more feed per acre than in the same field.

This is a good year to try some forage direct seeded. Seeding without a nurse crop is reliable and it will give a good yield of hay in the seeding year. Spraying is necessary for weed control. It's a fair guess that winter damage on hay fields has been worse than usual, so a field or two direct seeded is good insurance.

There is a lot of interest this year in Sorghum Sudan Hybrids as forage insurance. These are good emergency crops, but in my opinion they are being over-rated. Fantastic claims are being made that they provide better quality feed than a good hay pasture mixture, and that regrowth after cutting or pasturing is phenomenal, and that they outyield any other crop.

Well on quality, I'll still take good alfalfa. Legumes at the right stage will put up more protein than any grass. Regrowth can be questioned, too, because our tests on Sorghum Sudan have shown highest yields from one cutting. And tests have also shown that corn will outyield these hybrids.

So Sorghum Sudans can be quite useful but they will have to do better to beat alfalfa and corn.

York County people will be interested in the news that Ed. Pearson who was here for several years with Mof. Cockburn is moving this spring to Waterloo County. Ed. will transfer from Dundas County and will be in charge of the extension office in Kitchener. Similar news is that Tom. Clapp of King City will join our service this spring. Tom will be the assistant agricultural representative in Lanark County working out of the office at Perth.

197 Registered Calves Sold At Oakville

The seventh Annual Dairy Calf Sale held at Hays Farms International Limited, Oakville, April 19, saw 197 registered calves of six different breeds change hands. The 197 head brought a total of \$31,225 an average of \$157 each, which is \$5.00 above the average of last year's sale. The 176 Holstein calves sold for a total of \$29,730, averaging \$169 each, which is \$8.00 above the average for the Holstein calves last year. 2 Ayrshire calves averaged \$70; 2 Guernsey averaged \$66; 4 Jerseys averaged \$67.50; 8 Short-horns averaged \$62; and 2 Aberdeen-Angus \$130.

The initial purpose of the sale is to provide a supply of high quality calves which 4-H boys and girls can purchase at reasonable prices. It also serves as a source from which new breeders can secure foundation stock and buyers from other countries can select good bloodlines.

Forty-five of the Holstein calves brought \$200 or more, and thirteen of these sold for \$300 or over. The highest price was \$525 paid by Paul Ekstein, Toronto, to R. R. Dennis, of Oak Ridge, Ontario, for the 8 month old daughter of Ebydale Marcus, Oak Ridge's Marcus Dolly. Her dam is the "Very Good" Covista Rosafé Dolly.

The second highest price was \$500 paid by Bruce Naylor, Maple, Ontario, to R. G. Ford & Son, Galt, for an eight months old heifer sired by Rose Vega Prince, and out of Fordleigh Grace Governor Patsy. Mr. Naylor purchased twelve calves, including an eight months old daughter of Rosafé Preceptor from Shur-Gain Farms Ltd., Maple, at \$450; another from C. H. Blake, Maple, Ontario, at \$400; one from O. W. Sinclair & Son, Brantford, at \$385; one from Carl Boynton, Nobleton, Ont., at \$350; one from D. R. McIntosh, Galt, at \$325, and one from Arnold Rife, Galt, at \$325.

The biggest buyer of the day was C. M. Bottema, Indianapolis, Ind., who purchased a total of 43 head including one at \$300 from Tovell Bros., Palermo, Ontario. A total of 55 head went to U.S.A. and of these eighteen head went to Orville Engst, Cuyler, N. Y.

Sixteen head were sold for export to Italy, eight of these going to T. Taveggia, of Milan, and eight to J. Maranesi, of Brescia. Mr. Taveggia bought a seven months old heifer from John & Don Burnside, Madoc, Ont., at \$310 and a five months old heifer from Eaton Hall Farm, King City, Ont., at \$300. The group bought by J. Maranesi was headed by an eight-months-old heifer at \$250 consigned by Lawrence Wigle, of Kingsville, Ontario.

Floyd Watts & Sons, Malton, Ont., paid \$375 to Blake & Lorne Brown, Amherstburg, for an 8 months old daughter of Houck-hall Mark; Don Dolson, Norval, paid \$350, to Rudolph Jensen, Meaford, for a three months old heifer; Currie Moffat & Son, Teeswater, paid \$275 to Peter G. Stein, Cookstown, Ont., for a junior heifer; Joan Rynard, Sunderland, paid \$260 to Glen Trudgen, Blenheim, Ont., for a seven months old calf; A. H. McPhedran & Son, Rockwood, Ont., paid \$250 to Chester Ferris, Mt. Hope, Ont., for a seven months old heifer.

Other high prices included: \$260 received by E. A. Innes, Brantford, from Bruce Naylor, Maple, Ont., for a senior heifer calf; \$250 received by the Ontario Reformatory, Guelph, Ont., for each of two calves sold to T. Taveggia, Milan, Italy; \$275 received by E. James Porteous, Owen Sound, from Orville Engst Cuyler, N. Y.; \$275 received by James C. Reid, Georgetown, from Bruce Naylor; \$260 received by Stewart-Haven Farms, St. Catharines, Ont., from T. Taveggia, Milan; \$270 received by Peter Welch, Picton, from Orville Engst, Cuyler, N. Y.; \$260 received by Louis M. Wood, Troy, from C. M. Bottema, Indianapolis, Ind.; and \$225 received by O. W. Sinclair & Son, Brantford, from Earl N. Hewitson, Owen Sound.

For top pasture yields try CO-OP* prescription-mixed seed

We've taken the guesswork out of hay and pasture seed selection. Now, you can get varieties mixed exactly right for higher yields and bigger profits.

Just see your Co-operative Soil and Crop Specialist. Discuss with him your particular hay or pasture requirements... acreage, type of soil, drainage, size of herd, etc., etc.

Using Department of Agriculture recommendations as a basis, he will recommend a mixture of high-quality, name-variety seeds. These will be measured and blended with prescription accuracy in the exclusive CO-OP Seed Mixer. The result: the seed mixture exactly right for your farm.

CERTIFIED SEED IS STILL YOUR BEST BUY!

C.G.I.T. 50th Anniversary

55 girls from the Stouffville area left Monday night by bus to attend a giant Canadian Girls in Training Rally held at Maple Leaf Gardens in Toronto.

The girls, forming part of York County's contribution to the rally, marched from Bloor and Church Sts., to the Gardens in a huge parade.

The rally was held in honour of CGIT's 50th year in operation.

Present at the gathering were President Donna Knox, Secretary Beth Paisley and members Linda Wright, Beverly Hamerston, Nelda Booth, Betty Lamoreaux, Karen Hamilton, Janice Smith, Kathy Bacon, Sharon Lintner, Denise Holden, Sharon Sinclair, Christine Jack, Leslie Connell, Karen Dedlow, Ann Duxbury, Marie Birkett, Jean Davidson, Brenda Johnston, Dianne Holden, Lois Farthing, Connie Slack, Delight Winterstein, Vicki Roberts, Marsha Wagg, Jane Thomas, Donna Wright, Gail Goudie, Lois Chambers, Nancy Murphy, Susan Schell, Trudy Cadieux, Lynne Badger, Linda Davis, Carol Corner, Joy Barker, Sandra Piper, Joyce Sinclair, Beverly Aiken, Tyrrell-Ann Holden, Arlene Yakely, Marilyn Daniels, Debbie Sellers, Laurie Norton, Colleen Hiles, and Anne Middleton.

The leaders in attendance were Mrs. Lorraine Steckley, Mrs. Marie Jack, Mrs. Helen Taylor, Mrs. Irene Slack, Miss Cheryl McKean, Miss Joanne Stouffer, Miss Carol Cossey and Mrs. June Button.
