Mrs. Anne Rye, 93 of Park Drive, Watched Space Flight On TV

In the early 1880's a small girl named Anne Arnold and a large country named Canada were just beginning to grow up. Today, both are still going strong.

Anne Arnold grew up with Canada and last week she turned 93 years old.

Born June 18th, 1872, Anne was raised in Georgina Township and attended schools in Belhaven. In September of 1895 she married Thomas W. Rye, a farmer in the area. The couple settled down near Mount Albert and began a long, happy life.

Mrs. Rye today recalled her past experiences of farm life. She raised four children, three girls and a boy.

Most of the farming was done manually and there was never a dull moment for her. She baked her own bread, churned her own butter and lived happily without the convenience of cars, electricity and telephones.

She took many of her products to market via horse and buggy.

"I could handle horses pretty well," she smiled.

She sold whole chickens at prices ranging from 40 to 50 cents. Apples were sold by the barrel from their orchards.

For recreational pastimes, Mrs. Rye attended a number of fall fairs in the district, took part in numerous apple paring bees; and spent a good deal of her free time involved with church work.

Although born in Canada, Mrs. Rye's parents were originally from England.

She explained how they sailed to Canada and the trip lasted seven weeks.

Mrs. Rye related how, when the wind blew in the right direction everyone on the ship would celebrate.

Came To Stouffville

Following the death of her husband in 1939, Mrs. Rye came to live with her daughter-

ters. She has spent some time with each of them and is presently living with Mrs. Russell J. Smith on Park Drive North.

Her son, John W. Rye, has kept the Mount Albert farms operational.

Mrs. Rye's two other daughters are Mrs. Guy Rutledge (Blanche) of Stouffville and Mrs. George Allison (Edna) of Uxbridge.

She has seven grandchildren and eight great grandchildren.

Long life in her family is a common trait. Her husband lived to be 86 years old, and she has a sister still living in Scarborough. Her sister, Mrs. Archie Smith (Grace) is 91 years old.

"I lived a good, Christian life," she said, "and had a contented home. I have no regrets."

Mrs. Rye continued, "I had to work hard when I was young, but I enjoyed it. Life was good and it was healthy."

Although not one to travel extensively Mrs. Rye has been to the United States and into Northern Ontario.

"I was happy at home and never was much for travelling."

Space Age

Mrs. Rye said that the biggest change she has seen has been with man's efforts to conquer space. She watched the last space flight on television and discussed its possibilities with other members of the family.

She also watches the news-casts and keeps informed on Canadian politics. She voted at the last Federal Election.

Mrs. Rye was particularly thrilled when a special ear-phone was connected with the television enabling her to hear everything as clear as a bell.

"This gadget lets me hear things better now that I did 40 years ago."

Unable to attend Sunday services she listens to sermons produced on the radio.

Her daughter Mrs. Smith explained that her mother can be
