Propose \$150,000 Oak Ridges Arena

Oak Ridges organizations and individuals have taken first steps toward a community arena. A recent public meeting formed an executive to pursue an outlined plan to raise \$150,000 for such a project.

The meeting received a report from a fact finding committee sponsored by the Oak Ridges Lions Club.

The report, termed feasible, a program to build an arena by public sale of shares. The arena, the plan indicates would be operated as a private incor-

porated organization and would be free of municipal control.

The plan calls for the issue of shares of one dollar each to be sold to interested individuals and groups in the Oak Ridges area.

The committee's report went to a meeting of 40 persons, who agreed that action should be started.

Norman Taylor was elected president of the executive of the new body.

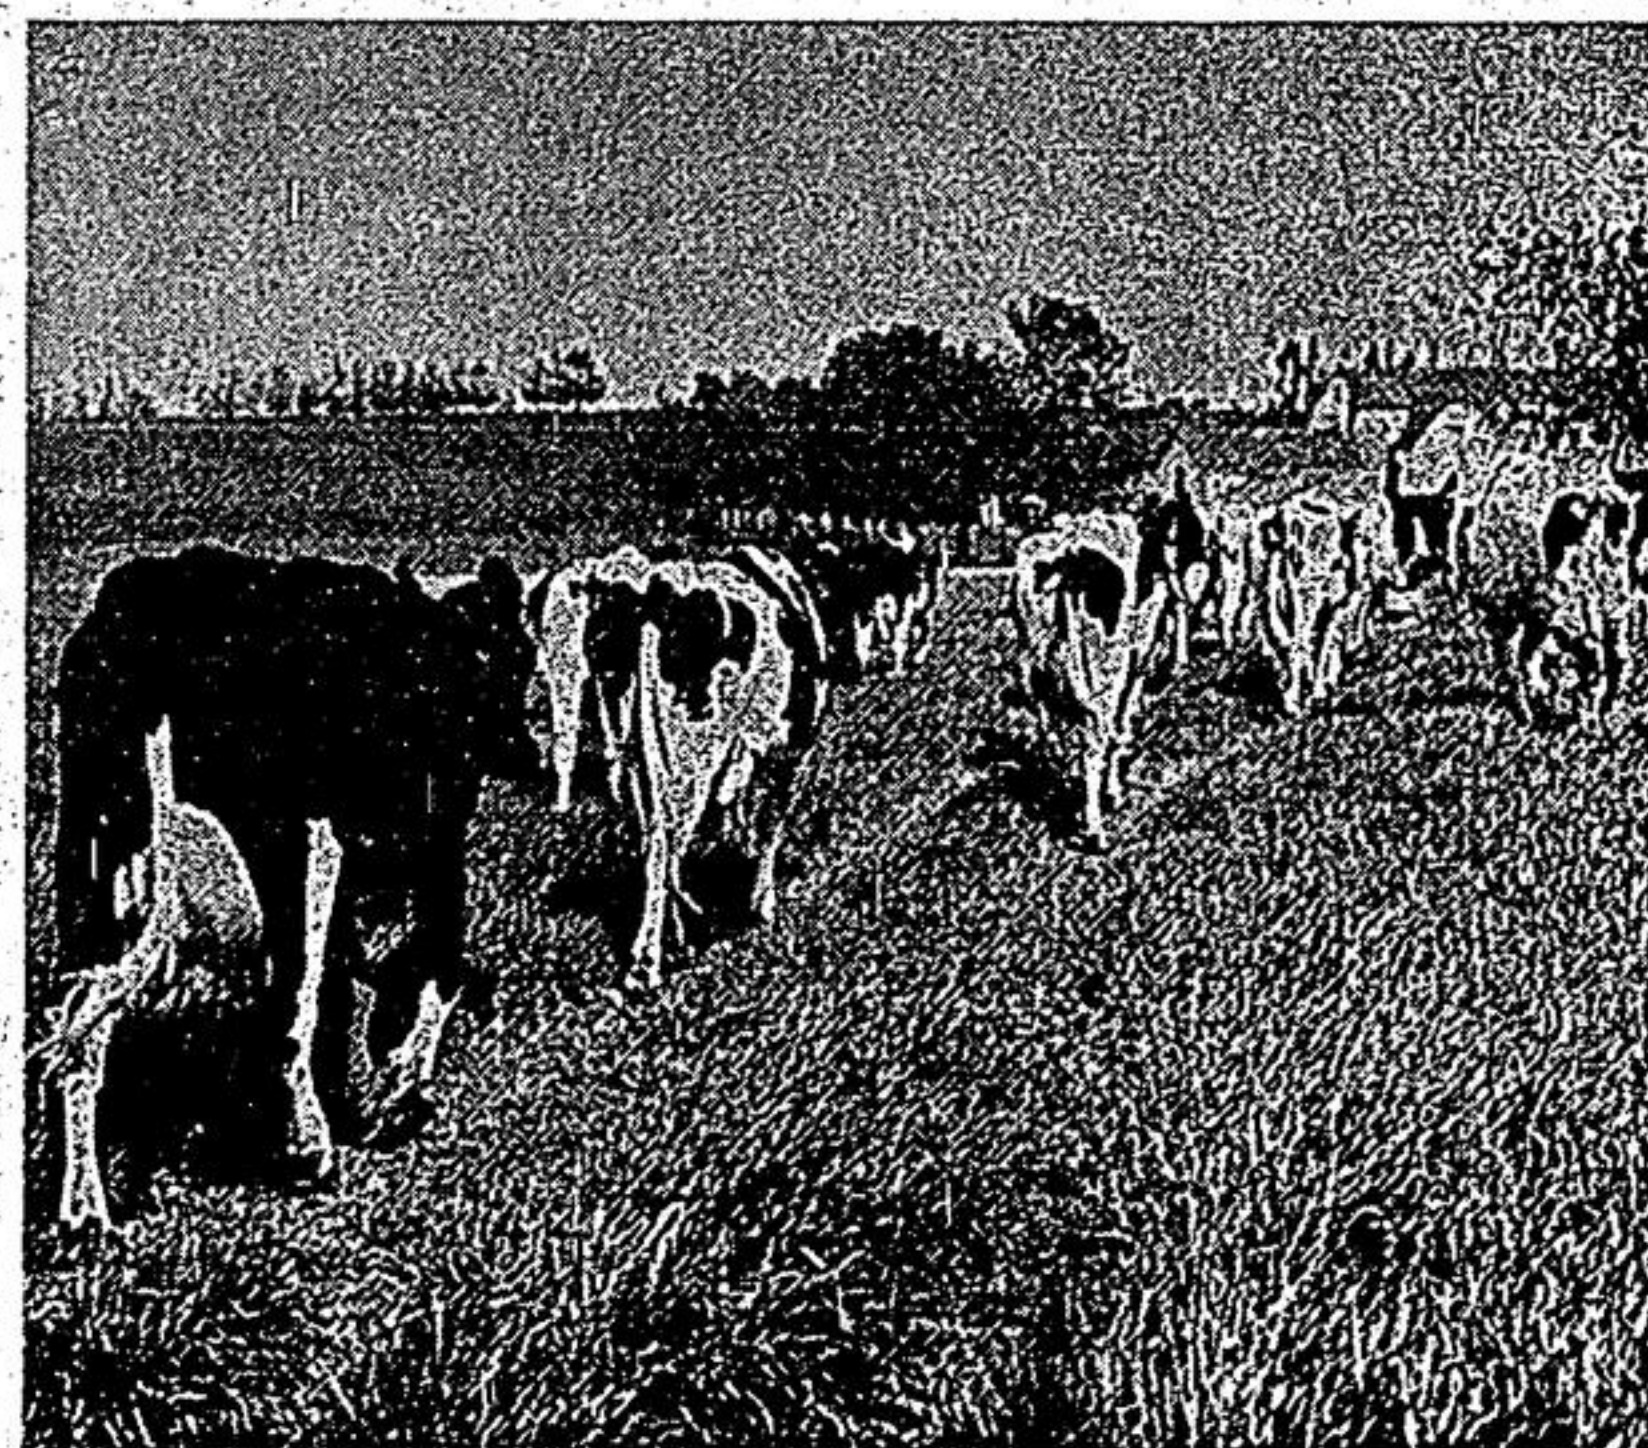

Other officers: Ron Laing, vice-president; Gordon Achelle,

treasurer; D. Geary, secretary; Fred Carruthers, David Carruthers and F. Hawken, directors.

Fred Carruthers chaired the meeting.

The report said that it would be a "waste of time" to concern the committee with remnants of the burned-out Aurora arena. It added that the town could not be looked to for "ice time" as the people of Aurora are not sure of their own plans at the present time.
