On occasion the most expensive gift can be the gift of gab.

Fortunately there's no mirror to show you what other people sometimes think of you.

New Telephone Rates Effective August 10th

Because the number of telephones in the local-service area of the Markham exchange has outgrown the present rate group, increases will go into effect on August 10 to bring rates into line with those charged in other exchanges with a similar number of telephones. R. W. Hunt, Bell manager for this area said.

The increases, which have been ordered by the Board of Transport Commissioners, are relatively small. For example, the monthly rate for two-party residence service will be only 20 cents higher, and the individual residence service 25 cents higher.

As required, the Bell Company notified the Board on April 29 that the number of telephones in the local-service area of the Markham exchange had exceeded by more than five percent the maximum number of tele-

Telephone rates for any exchange are governed by the number of telephones in the local-service area. In recognition of the principle that the value of service to each customer increases as the number of telephones increases.

Telephone customers served by the Markham exchange have 22,169 telephones in their local-service area.

The following table provides examples of the new monthly rates for typical classes of service in the present and new rate groups for the area.

Residence Service	Present Group No.	New Group No.
Individual Line	\$4.40	\$4.65
Two-Party Line	3.45	3.65
Multi-Party Line	3.15	3.25
Extension	1.25	1.25
Business Service		
Individual Line	9.10	10.50
Two-Party Line	7.05	Not Available
Multi-Party Line	4.80	5.00
Extension	1.85	1.85

RATCLIFF'S I. G. A. FOODLINER

Found Liquor In Parked Car

A Willowdale woman, charged July 15th with having liquor in a place other than her residence, was fined \$50 and costs in Magistrate's Court Tuesday. Maureen G. Millar pleaded guilty to the charge. P.C. Al Hudson of the Markham Township Police said he noticed a car parked on the travelled portion of the road on the third concession north of Hwy. No. 7. He said he found a part bottle of 12-ounce rye-whiskey in her purse, and a full bottle on the floor of the car. Millar told the Court that she was not driving the car, but added nothing in her own defense. Magistrate O. S. Hollinrake had the liquor confiscated.

Youths Jailed Three Years For Theft

Two men will spend the next three years behind bars after being convicted of break, enter and theft in Markham Township. James Hudson, 24, and John W. Glowach, 24, both of Toronto, were charged June 28th, after they broke into the Donway Fruit Market on the Don Mills Road, south of Hwy. No. 7. They stole some \$116.38 worth of assorted groceries. The two men were first apprehended in Toronto by Det. Donald Wright. Det. Wright told the court that their car was filled with groceries. "They were kept in Toronto over night and taken to Buttonville the following morning by P.C. Cliff Cox and P.C. John McCague, both of Markham Township Police. They were convicted by Magistrate O. S. Hollinrake July 20th and remanded one week for sentence. Both youths have records dating back to 1959. "For the community's safety, I must send you to jail," the Magistrate said in passing sentence.

Beautiful Garden Irises Add Color And Variety

Few June flowers have the variety of color and orchid-like beauty of the iris. With a color range from pink through yellow-orange, blue, brown, to almost black, this plant can be of real value to the gardener. July and August are the months for dividing and planting irises, note horticulturists with the Ontario Department of Agriculture. They advise that irises like a sunny, well-drained area and are easily grown in a perennial border. Although the growth is poor by comparison, and they are more susceptible to disease. They are not heavy feeders and will grow well in most garden soils. The soil should be prepared by digging in a complete fertilizer such as a 5-20-20 at the rate of 2 pounds to 100 square feet. Plant the rhizome, the thick underground stem, just below the surface of the ground so that it is completely covered. To produce long clumps quickly, use two or three rhizomes radiating from the center. Depending on space available, place the clumps two or three feet apart. Strong clumps of irises require dividing every three to four years. If you have a favorite variety in your garden that you wish to divide, cut off the young, healthy, outer parts of the plants and use these for starting new clumps. Throw out the old, center part of the clump as this is of little value. Remember that even after the June flowering period the sword-like foliage adds interesting form variety to the garden. For further information on recommended varieties and additional pointers on care write to the Information Branch, Ontario Department of Agriculture, Parliament Buildings, Toronto 2, and ask for Publication 44, Garden Irises.

Stole Quantity Of Liquor From Golf Club

A 36 year old man, formerly of Nova Scotia, was advised by Magistrate O. S. Hollinrake Tuesday that he was going to jail on a charge of theft over \$50. Alexander Nemis Basmajian, an employee of the Bayview Golf and Country Club, was convicted of the charge of stealing 15 bottles of liquor at the golf club. Magistrate Hollinrake told the accused to find someone to speak on his behalf before sentence next Tuesday. "You are going to jail," said the Magistrate, "and what people say about you will determine for how long." P.C. Douglas Tribbling of the Markham Twp. Police told the Court that the liquor was hidden in a bush and 13 bottles were finally recovered in Toronto.

Basmajian said he would make restitution for the other 2 bottles but said nothing in his own defense. "If you think making restitution is going to clear you, you're badly mistaken," warned Magistrate Hollinrake. Also charged on the same count was Peter D. McLellan, 18, who lives at the Golf Club. He said the bottles were in his room for a while, but after that he knew nothing more about them. He admitted that he had forced the lock on the beer cooler. McLellan was also remanded one week while Magistrate Hollinrake obtains a pre-sentence report.

People who rely on luck too often forget there are two kinds. Girls are naturally curious but most of them don't really mind being kept in the dark.

ATHA

Miss Diane Foster of Kitchener is spending a week with her parents. Mr. and Mrs. Donald Dunkeld and family visited on Sunday with Mr. and Mrs. Gordon Brodfield of Peterborough. Mr. and Mrs. Allan Meyers and Allien are holidaying near Kirkfield. Happy birthday to Jimmie Tran, Ellis Melton, Mrs. C. Dunkeld and Susan. Mr. and Mrs. A. Wideman, Mr. and Mrs. C. Hodgson and Mr. and Mrs. M. Dunkeld were recent guests of Mr. and Mrs. Geo. Harvie.

Watering Important Now For Summer Flower Care

The care you take now with your flowers can mean the difference between mediocre and very good growth. Horticulturists with the Ontario Department of Agriculture tell us that watering is of particular importance at this time. Water both annual and perennial flowers during the dry spells, and apply enough to wet the ground. Be sure the water sinks to a depth of six inches. Light, frequent sprinklings only encourage shallow rooting and abundant weed growth. Weeds can be kept down by hoeing frequently throughout the growing season. Mulching the soil with a two-inch layer of peat will keep weeds down and conserve moisture so that less frequent watering is required. Dead flowers should be picked off annually to prevent seed setting. This encourages more flowering over a longer period of time. Periodic checks of the garden should be made for disease and insect pests. When the first signs appear, suitable materials should be used to check their spread, and badly diseased plants should be removed.
