

Paving Program "Dream Come True"

BUTTONVILLE — Although year period, all north-south road maintenance, or lack of it, appeared to arouse the most concern among the electorate of Markham Township at the Nominating Meeting here on Friday night, Reeve Charles Hooper promised that within a ten

to assume the biggest share of roads in Markham over all other municipalities. He said that the 5th concession had been paved, thanks to \$20,000 'gift' from the Provincial Government.

Mr. Hooper noted that there had been few delegations before the 1965 council which could only mean that most people were satisfied. A senior commissioner at County Council, he is the only member to hold this office on two occasions.

He said that the tax rate had been lowered by 1.7 mills and he hoped that a similar reduction could be accomplished in '66. He noted that commercial assessment had increased by 14 per cent and business assessment was up 46 per cent. In the one year, he attended a total of 324 meetings. "It's a full-time job," he said, "I have the time and experience to carry it on."

Reeve Hooper is being opposed by the present deputy-revee, Stewart Rumble. Election day is Monday, Dec. 6th.

The soldier, competing in a rifle tournament, put in a mighty poor performance. As his captain was examining the score card, the soldier apologetically remarked, "After looking at that, I feel like shooting myself."

Still looking at the card, the officer murmured, "Better take two bullets."

A hen is the only living critter than can sit still and produce dividends.

alone... even in a crowd... all alone with heartaches and barren hopes

Genuine fulfillment and peace of mind can be yours... now!

Life was not meant to be lonely... empty of interest and happiness. You were meant to live on top... and you can.

You can begin living a new life of confidence and purpose and personal triumph. This is Christ's blueprint for a man's life. And it's for you.

You can live as you were meant to live... by a personal discovery of what Jesus Christ can do... in you and for you... starting right now.

The next step is yours... Sponsored by the local Mennonite Churches. For a free booklet or further inquiry write P.O. Box 758 Markham. Sponsored by district Mennonite Churches.

The Latin "caretta", forerunner of the modern cart, originally meant a two-wheeled vehicle.

School Board Appointments

Gordon Ratcliff has been re-appointed as York County representative on Stouffville District High School Board. William Champion will be the member for the county on the Markham Board.

Three limestone blocks 63 x 13 x 10 feet in the Temple of Jupiter — built in A.D. 150 at Raabek near Damascus — are the largest ever used in building.

towns and want to return to the small-town life," he said.

York North MP John Addison who also presented a brief, was asked if a commuter train would make Newmarket and Aurora greater dormitory towns with less of a community feeling.

"In the newer parts of Newmarket, Aurora and Richmond Hill, people are not as community conscious as the residents of the older parts of the towns," he answered.

"A commuter service won't make any difference to the outlook of these people because they get their entertainment in Toronto."

Mr. Richardson gave his opinion when he was asked why people wanted to live in Newmarket or Aurora and work in Toronto.

"Is it cheaper?" asked Study member R. D. Cowley. "Very little difference," answered Mr. Richardson.

"Many families moved north because they thought they could live cheaper, but they didn't take into account the cost of transportation to and from their jobs," said Mr. Richardson.

"Many had hoped for a better life for their families, but found that they are unable to cope with the financial burden of transportation to and from their jobs."

Mr. Richardson said he knew of instances where families have moved back to Toronto to be closer to the breadwinner's job.

"They would have stayed if there had been a commuter train service," he said.

But Bob Silcox, of King Twp., who also presented a brief to the Study said the move-back-to-Toronto trend shouldn't increase.

ANNOUNCING THE 1966 VAUXHALL VIVA!

FROM GENERAL MOTORS

Chart shows the sales trend to Viva from its introduction in Feb. 1964 through Oct. 1965 based on registration figures compiled by the official independent source. Projections indicate a continuation of this trend.

1963 1964 1965

GENERAL MOTORS VALUE Viva Sedan

In just two short years Viva has rocketed to outstanding sales success on the small car best-seller list. Everything points to Viva making even greater strides on the 1966 popularity graph. Here's why:

The Vauxhall Viva is built by General Motors to give the small economy car buyer all the features he's looking for, without compromise. Viva offers snappy performance, a smooth ride, firm handling, roominess, comfort, big trunk space and a low buying price, all in a most attractive package. Hard to believe? Consider the facts. PEPPY PERFORMANCE. Viva has a 50 horsepower engine coupled to a fully-synchronized four-speed transmission with a floor-mounted shift. OUTSTANDING ECONOMY. Viva delivers up to 45 miles per gallon. SMOOTH RIDING, AGILE HANDLING. With Roll Control suspension and rack and pinion steering, Viva combines a smooth ride with quick, agile handling. FOUR ADULT ROOMINESS. Viva offers ample headroom, elbowroom and legroom for four adults to ride in comfort. RELAXING COMFORT. Bucket seats offer exceptional driving comfort and firm support during cornering. When tilted forward to provide access to the rear seats they stay tilted... a most important convenience feature for the family man. BIG TRUNK SPACE. Viva's trunk holds 10.76 cubic feet of hard luggage with extra room for rugs, parcels and other soft items of luggage. LOW, LOW PRICE. Viva is easy for anybody to own. Just take a look at the price. Then go and visit your Vauxhall-Pontiac dealer.

Why are you* headed for higher automobile insurance costs?

Because an "average" accident last year cost \$810... a jump of \$113 in just 5 years

Automobile insurance rates in most areas of Canada will increase in 1966. Prudent drivers ask why premiums should rise again. Here are the key reasons:

- Every year the number of vehicles on Canadian roads is increasing... but the total cost of accidents in the past five years has gone up three times as fast as the number of cars which together must provide the money to pay for these accidents.
- And during the past five years the number of accidents has spiraled much faster than the number of cars that are on the road.
- In that same period the total cost of insurance claims has doubled.
- Since 1960 this claims cost has been climbing at an average of \$40 million a year. This year's insurance bill for accidents will total \$400 million.
- Each accident costs more than it did five years ago — the result of more expensive and luxurious cars, increasing repair costs, higher medical expenses and compensation for time off work or lost income.

The only way to stop this spiral is to have fewer accidents. That is the best way, too, to cut the tragic toll of 4,500 deaths and 150,000 injuries in Canada each year. Safety pays... it saves lives and dollars.

***Even Good Drivers Have Accidents**

Drivers with a three-year accident-free record earn a 35 per cent discount off basic insurance rates. But even good drivers have accidents. Eighty per cent of all accidents are caused by people who have driven three or more years without an accident. That is why the basic rates go up for everyone—even the good driver who still gets his discount.
