

### Times Have Changed In 23 Years

Two weeks ago, The Tribune carried a success story feature on Thomas H. Lang, conc. 6, Whitechurch Twp. The progress of 'Lang Service' is depicted in the two photos, (left) as he weaved his two-wheeled bike through the streets of London back in 1943 and (right) as he appears today with his new Ford van.

## Lot Fees Of \$34,000 To Pickering School Boards

**BROUGHAM** — Four school boards in the Township of Pickering will receive the benefit of lot fee collections, according to a decision of the Committee of Adjustment.

The total figure, up to the end of December, 1965, is \$31,000. It will be divided as follows: Public School Area No. 1 — \$9,500; Public School Area No. 2 — \$23,000; Public School 4W — \$1,000 and Separate School No. 6 — \$500.

The sum of \$300 has been collected for each new residential lot created in Pickering Township to be used to offset capital school expenses that are not under the Provincial grant structure.

It was agreed, by motion, that it was unreasonable to continue the collection of such fees without direct benefit to the municipality and its residents in accordance with the prearranged policy.

Through the approval of council, the fees will be transferred to the four school boards on the agreement that the same policy will be followed. The transfer of funds will then be continued on an annual basis.

The motion, made by Jean McPherson and seconded by Melvin Johnson, was unanimously supported by all members.

## Norman Smith Heads Farm Safety Council

**UXBRIDGE** — The annual meeting of the Ontario County Farm Safety Council was held here last week.

Slow moving vehicle signs and fire extinguishers were sold to farmers through safety projects sponsored by the Brooklin and Beaverton Junior Farmers. Five hundred safety calendars were given out and five thousand farm safety serviettes are being distributed to farm organizations in Ontario County.

## License Deadline Is February 28, Sales Are Lagging

Despite the fact that the deadline for obtaining new 1966 car license plates is little more than a month away, sales at the office of Mrs. Marion Murphy, Stouffville issuer, are lagging. Slow sales are also reported from Uxbridge.

Sales opened on Dec. 1 and there are still more than a million and a half vehicles operating with the old numbers.

Transport Minister Irwin Haskett says there should be no delays as the long three-month period gives everyone ample time to avoid a last-minute rush.

Sales of plates still represent less than fifteen percent of the registered passenger cars. They are on sale at a total of 280 issuing offices throughout the province.
