

Tons Of Jack-O-Lanterns From Cedar Grove Farm

With Hallowe'en only one week away, do-it-yourself jack-o-lantern makers will soon be active. There is apparently no shortage of pumpkins this season, at least not on the farm of Gib Whittamore, R.R.1 Markham at Cedar Grove. —Staff Photo.

Car Demolished On Greenwood Road

GREENWOOD — The residents of the village will be very happy to see the completion of the railway overpass on Westney Rd., between concessions four and five. All traffic is detoured at the present time via Greenwood Road.

It seems easier to use this "low road" all the way to the sixth concession. Meeting a gravel truck at the curve near "The Mill" is a hair-raising experience. The road is much used also by picnickers at the Greenwood Conservation area.

Strangers do not know that a speed greater than twenty miles an hour on that road is an invitation to disaster. A few days ago a car left the road, plunged down a forty-foot deep gully and was totally demolished. Fortunately the driver was wearing a seat belt and escaped with minor injuries. A few signs indicating the winding nature of this road would be a great help.

The annual general meeting of Group committee was held here on Oct. 17. The results of the meeting will be reported in the next edition. Apple

Day will be Saturday, Oct. 22.

Greenwood was a check point on a car rally last Saturday. The staff of the Dufferin Heights Junior High School were out testing their driving skills. The check car was parked down at the General Store. As the competitors passed through, the checking driver raised a sign which said "Pencils for Sale." Very interesting?

The United Church Women will hold their general meeting on Thursday, Oct. 27. This is a postponement of one week. Mrs. Les. Wilson's group are in charge of the Dedication Service for the thank offering. Miss Beatrice McLean has prepared the service and the group has obtained readers for the dramatic dialogue.

The Women's Institute will hold their regular meeting one week late, also. It will be held at the home of Mrs. Milton Mowbray on Wednesday, Oct. 26. An historical film on Confederation has been obtained for the occasion.

Mr. N. Abraham, M.A., B.D., the guest preacher at the anniversary services,

was the guest of Mrs. McLean at dinner. The anniversary services were well attended, standing room only.

Many former members and people from the surrounding districts attended the services. Rev. and Mrs. Butters from Pickering were there. The Pickering choir under the leadership of Mr. Copp provided magnificent music. Mr. and Mrs. W. L. Wismer of Toronto were the guests of Mr. and Mrs. C. McTaggart.

Mr. and Mrs. F. Brown and family of Brooklin visited Mr. and Mrs. Will Brown and Bill. Miss Ormerod of Brooklin was there too.

Silver Anniversary

BETHESDA — Mr. and Mrs. John Pugh arranged a surprise Silver Anniversary reception for her parents, Mr. and Mrs. Earl Milne of Toronto at the Youth Centre on Thursday evening. Eighty guests enjoyed the program and the lovely lunch, paying their respects to Mr. and Mrs. Milne with gifts and good wishes.

Sympathy is extended to Mrs. Stanley Flook, family and relatives in the passing of Stanley Flook in an accident in Orangeville.

Anniversary Services celebrating the 111th year of Bethesda Church were well attended. A special feature in the evening was

the male choir led by Bill McCaul.

Howard Pattenden of North Bay was home for the weekend. Mrs. George Leary was also a Sunday night dinner guest with the Pattendens.

Mr. and Mrs. Fred Clubine called on their parents Sunday evening.

Mr. and Mrs. Edgerton Clubine are celebrating their golden wedding anniversary on Saturday, October 29 at Second Markham Baptist Church from 2 to 5 p.m. The family have inserted an invitation elsewhere in The Tribune. Best wishes to these highly respected neighbours.

Thanksgiving Service

Edna Dunfield Guild HEADFORD — Headford United Church was beautifully decorated for Thanksgiving Service with flowers from the wedding of Susan Terry and Erich Stiege the previous day and the winning flower arrangements of Mrs. G. Barker. Thanksgiving coincided with Communion Service and the reception into church membership of Mr. and Mrs. Gary Burton formerly of Kingston.

In keeping with the new plan for Sunday School Service members of Hi-C were in charge of closing exercises. Rosemary Leek at the organ and Kathy Burton and Michael Calder conducting the devotional exercises.

Keith Burton attended an Inter School Christian Fellowship camp for Thanksgiving weekend. The community extends sympathy to Wes. Clark. He returned home from Markham Fair feeling ill and the doctor advised hospital care for observation.

Apple Day

The OASCO District of the Boy Scouts will hold an Apple Day on Saturday, October 22, in an area from Claremont to Bay Ridges and from West Rouge to Ajax. Scout and Cub members will be making the rounds and the co-operation of residents is requested.

Bell Canada gets them off to a flying start

Fast service before take-off — that's what Air Canada needed from Bell Canada. And in four years of planning, designing and engineering, Bell developed a custom-made communications system which now gives Air Canada the speed on the ground which matches their speed in the air.

A full description of this development would fill volumes — so here are just a few brief facts:

Centrex Plus (the technical name) was built by Bell in hand-in-hand co-operation with Air Canada's engineers to provide the fastest, most accurate ground communications system yet designed anywhere. It is the first of its kind in the world. It required original research and development work of the most advanced kind. Its special features were entirely engineered and built in Canada.

It brings communications to where they belong — ahead of their times.

Keeping ahead — one of the reasons why Bell Communications serve you so well.
