Norman Lehman, Sales Manager For Seed Firm

ATHA—An active member of farm organizations in Pickering Township and Ontario County is retiring after farming for 25 years on the 8th Concession of Pickering Township.

NORMAN LEHMAN

Norman Lehman, 49, has taken a position as district sales manager with Funk Bros. Seed Co. of Canada Ltd. He has been a dealer with Funk Bros. in the district for 17 years.

One of the first in the area to specialize in corn, Mr. Lehman has been an active member of the Ontario County Corn Club since it was founded in 1954 and is a past president of the 100 Bushel

Club. He started growing corn in 1946 and planted all corn in 1953 because he found it provided the most economical feed for the steers and pigs he prepared for market.

Mr. Lehman has also been active in several other organizations connected with farm, school and township affairs. During one year, 1961, he was president of three separate organizations: the Ontario County Farm Safety Council, the Ontario County Soil and Crop Improvement Association and the Pickering Township Federation of Agriculture.

He was a trustee of Atha School and Chairman of the Atha School Centennial Committee. Mr. Lehman was a member of the Pickering Township Planning Board for two years and recently resigned from the Committee of Adjustment.

His retirement from farming also necessitated his resignation as vice-president of the Ontario County Federation of Agriculture.

Mr. Lehman blames the prices obtained by subdividing farms into 10 acre lots for the increase in the cost of farm properties.

He thinks farming will continue in Pickering Township for quite a while, although the cost of land is making it difficult

for a young man to get a start today unless he takes over the family farm.

Although he is against the subdivision of farms in principle, he views the proceeds from farm sales as the farmers' retirement fund.

He doesn't think the farmer is getting a fair deal but says, "Don't ask me how to right it. I don't see how a cheap food policy can possibly help."

The Lehman farm has been in the family since his grandfather bought it in 1900. His father, Isaac Lehman, now of Altona, took over the farm in 1905 and Mr. Lehman began operating it in 1941 immediately after his marriage.

Allan, 23, or Carl, 16, are interested in farming so the farm is being sold. He and his wife, Minnie, also have two daughters, Doreen, 13, and Doris, 11.

When the farm is sold, Mr. Lehman and his family will move to a new home in Stouffville in the spring or early summer.

Bruce Mills Area Open This Winter

The Metropolitan Toronto and Region Conservation Authority announces that five of its conservation areas will be open to the public for outdoor activities during the winter months.

They are Albion Hills, five miles north of Bolton on No. 50 Highway; Black Creek - site of the Black Creek Pioneer Village - at Jane Street and Steeles Ave. in northwest Metro Toronto; Boyd area just outside Woodbridge; Heart Lake, near Brampton and Bruce's Mill, two miles east of Don Mills Road on the Gormley road in Markham Township.

The areas are open daily from 10 a.m. until sundown. Heart Lake will also be open until 10 p.m. on Sunday evenings for skating under the lights, ice permitting.

Sledding, tobogganing and children's skiing are available at all of these areas, weather permitting. Skating is available at all of the areas with the exception of the Boyd area. Intermediate skiing is offered at Boyd and Albion Hills, while senior skiing and rope tow are available at Albion Hills.

There are horse-drawn sleigh rides at Black Creek Pioneer Village on weekends, weather permitting.

The Authority invites the public to take part in these activities and to make use of the areas during the wintertime. Winter picnicking in the areas is also catching on as a popular family pastime.

Further information on conditions may be obtained by telephoning the Authority office at 889-5425.

Audley Church Wedding

BY MILDRED PUCKRIN
AUDLEY—Rev. Butters conducted the wedding ceremony, Friday afternoon in the Audley Church of Dr. and Mrs. C. C. Gardner. Mrs. Gardner is the former Donna Harris. Following a short honeymoon trip, the couple will take up residence in the Gardner home, Salem Road South, Audley.

The sympathy of the community is extended to the Squire family in the passing of Mr. Fred Squire in Oshawa General Hospital. The service was conducted on Monday with interment in Salem Cemetery.

HIWAY BYWAY—Youthful, fun-loving, makes cheerful frolic of taming O' Man Winter! Deep-treading, snow fighting, goes where others fear to tread—nice on ice too! Power Profile Design for more "road rubber" because when the going gets tough... this tough one gets going! Naturally they're priced a little higher, but, if measured in service of miles and security, not really. We think a lot of HIWAY BYWAY, in fact, it's so highly regarded we will make a refund, less installation, if you are dissatisfied. Visit Canadian Tire and get the whole story on the HIWAY BYWAY "go-power" tread design... it's a gripping tale!
