**Announce New Healing Substance: Shrinks Piles**  
 Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.  
 A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids and repair damaged tissue. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.  
 In case after case, while gently relieving pain, actual reduction (shrinkage) took place.  
 Most important of all — results were so thorough that this improvement was maintained over a period of many months.  
 This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.  
 New Bio-Dyne is offered in ointment and suppository form called Preparation 'H'. Ask for it at all drug stores. Satisfaction, or your money refunded.
