RAISING CHINCHILLAS!

Because Chinchilla fur is the softest in the world the demand for good quality pelts is far greater than the supply.

ADDED INCOME Second income families produce most of the pelts sold on today's market in their spare hours. You too, can share in the millions of dollars being earned by these people throughout North America. CONVENIENCE

Most Chinchilla Breeders began in the basement of their home or in their garage. Chinchillas are among the cleanest of animals, odor free, quiet, and gentle.

INVESTMENT In our opinion, the Chinchilla business is one of the easiest, and least costly in which to get started. If you are seeking wealth, security, happiness, success and are fond of animals and are interested in making up to \$3,000.00 per year in your spare time; then as little as \$700.00 invested now can start you on the road to in-

CARE AND FEEDING Chinchillas are vegetarians, inexpensive to feed and require very little attention. Chinchillas generally average two litters per year, two animals per litter. PROFIT RETURNS

With first quality pelts valued from \$20.00 to \$60.00 and dealing with one of Canada's largest Chinchilla ranchers (who began in his own basement) will help guarantee your success. Ranchers in Toronto, Hamilton, Kitchener, London and
