## Rabies Worst Ever — Officer

By PAT McLENNAN  
CEDAR GROVE — "I personally would drive every animal owner into court before I would expose one child to rabies." That quote, with his permission, comes from Mr. James J. Ryan our Canine Control Officer. At the moment, with about one hundred people on his books, Mr. Ryan is serious about this. The magistrates are worried and prepared to impose the maximum fine of \$50 on owners whose animals are found running loose and vets are doing everything they can think of to induce people to have their pets vaccinated. The situation at present is the worst in Mr. Ryan's experience and, within the next six weeks, it will worsen before it begins to improve.

No-one wants to lose a pet through rabies but this is really not what is worrying the people who are concerned with animals. Protecting your family from a disease that is fatal to humans if not treated early and whose treatment is a nightmare decision for a doctor to take.

Vaccine is still the best protection and, in this area, it costs about \$3.00 for a dog and about \$2.00 for a cat and these are the most susceptible animals.

Mr. Ryan cannot stress too firmly the necessity of warning small children to keep away from ALL animals at this time of year. Particularly wild animals who seem to be friendly. Report any wild animal whose behaviour is opposite to what we expect, especially nocturnal animals who approach built-up areas by daylight.

Doctors, vets, police, Canine Control and the government are doing their best to protect you against this awful virus but, without your cooperation, it is a lost cause.

Congratulations to Mr. Gordon Dimma who celebrated his birthday on March 13. After a fall earlier this winter, Gordon Dimma is fit again and bouncing about his shopping and his eucures with his customary spry step. He was born in 1878.

Happy to report that Mrs. Robb is home again sooner than the most optimistic of us had hoped. It will be great to see the lights in the wee house again.

Congratulations to Janet Bielby who was on the Honor Roll in mid-terms exams, MDHS.

Euchre winners were—Verna Draper, Ella Hunter, Joyce Lapp; Charles Hill, Fred Shadlock and Levi Booth. Next Euchre March 20.

Anyone having good used clothing is asked to remember the UCV bales which will be packed later this month. Ulease leave contributions at Zion Church.

Dates To Remember  
Mar. 20. Euchre will be held at Cedar Grove schoolhouse.  
Mar. 21. Sewing meeting at Zion Church from 10 a.m. to 4 p.m. Please bring thimble and lunch and enjoy a day of quilting.  
Mar. 27. Community Club meeting will be held at the home of Marg and Les Milroy instead of Arch and Helen Little, as previously announced.

Don't forget the Mothers Club Theatre Night for SPRING THAW. Call Ila Critton for ticket information.

### The Stouffville Scene

Mr. and Mrs. M. E. Locked of Toronto were recent visitors at the home of Mrs. Norman O'Boyle, Harold Street.

The staff of Thos. N. Shea Real Estate Office has moved into their new quarters at the former Hodgson store site. The old Shea Office will be taken over by the Stouffville Police Department.

### DEAR DORIS

DEAR DORIS — I have been married 37 years. I have seven lovely children all married. My husband drinks heavily, never comes home for supper.

When the children were small he had the excuse there wasn't enough room at the table for him. He never can say anything nice to me. He always has to swear and call me names which I do not deserve. Now he hasn't been speaking to me for eight weeks.

If he needs anything he writes it on paper and leaves it on the table. He got mad at me because he says all I can do is chew at him. He can say what he wants, but as for me I'm supposed to say nothing.

Lots of times he tells me to get out, that he can get somebody better than me any time.

Worried  
DEAR WORRIED — It's depressing. Yet the letters which cross my desk often carry a similar theme. The rosy dreams deteriorate. If such a man were to clam up with me, I'd be tempted to tell him I was enjoying the silence!

But it hurts — after 37 years — for the person closest to you to treat you rudely.

Change the water on the beans. I'll send you the leaflet "Loveliest With The Years", to help with a re-make program. If the old boy begins to sit up and take notice, make his favorite dish for a late snack! And bite your tongue rather than say a single nagging word.

DEAR READERS — This Happy Foot Quiz comes from Hamilton Foster Home News. Did you know:

- (1) That it is wiser to let a child have one pair of shoes and get the maximum wear while they fit?
- (2) That it is important to see that sock feet are not too short?
- (3) That children rarely complain because of ill-fitting shoes? Nuff said?

DEAR DORIS — Please tell me how to find out more about The Kindness Club, which I understand was started by a Canadian.

Just Turned Twelve  
DEAR TWELVE — The Kindness Club was the inspiration of Mrs. Hugh John Flemming of Fredericton, New Brunswick, who caught the fancy of children across Canada through her article in The Atlantic Advocate in December, 1959.

Now there are branches in 14 countries. Members are boys and girls under 18, running their own show with the advisory help of an adult known as the "Raccoon Captain". Joyce Lambert's book, "How To Be Kind" combines meeting materials and warmly delightful animal stories. Write for a copy to The Kindness Club, P.O. Box 5, Fredericton, N.B., enclosing \$1 plus ten cents for mailing.

Members take this pledge: "I promise to be kind to animals (as well as people) and to speak and act in defence of all living creatures."

Dr. Albert Schweitzer was the Club's Honorary President and staunch supporter.

### Whitchurch Township Federation of Agriculture Banquet AND ANNUAL MEETING

## VANDORF HALL

### Tuesday, March 28

GUEST SPEAKER — JOHN PHILLIPS, Editor of Farm and Country.

Business — Proposed revision of the constitution will be presented for consideration and adoption.

Fres., Don Hoshel. Sect.-Treas., Stewart Starr.

### Will This Year's New Cars Be The Best Buy Of All Time!

They may well be — for two big reasons. Both have a strong effect on the price tag.

They are the new safety features to be built into next year's models and up-coming demands of labor unions for higher wages.

Singly, either could normally trigger a price increase. Combined, they make a substantial price rise next year virtually inevitable.

In addition, inflation is continuing to raise the cost of all things in our economy. This year alone the Consumer Price Index rose 3.3 percent, the greatest increase since 1957.

United Auto Workers demands this Fall call for a substantial wage rise over the previous agreement.

The single most costly safety innovation — and one being most researched by the Auto industry concerned with increased manufacturing costs — is the so-called "Sweating" dashboard.

The principle of constructing the dashboard calls for extra-thin gauge steel covered by thick padding to absorb impact energy.

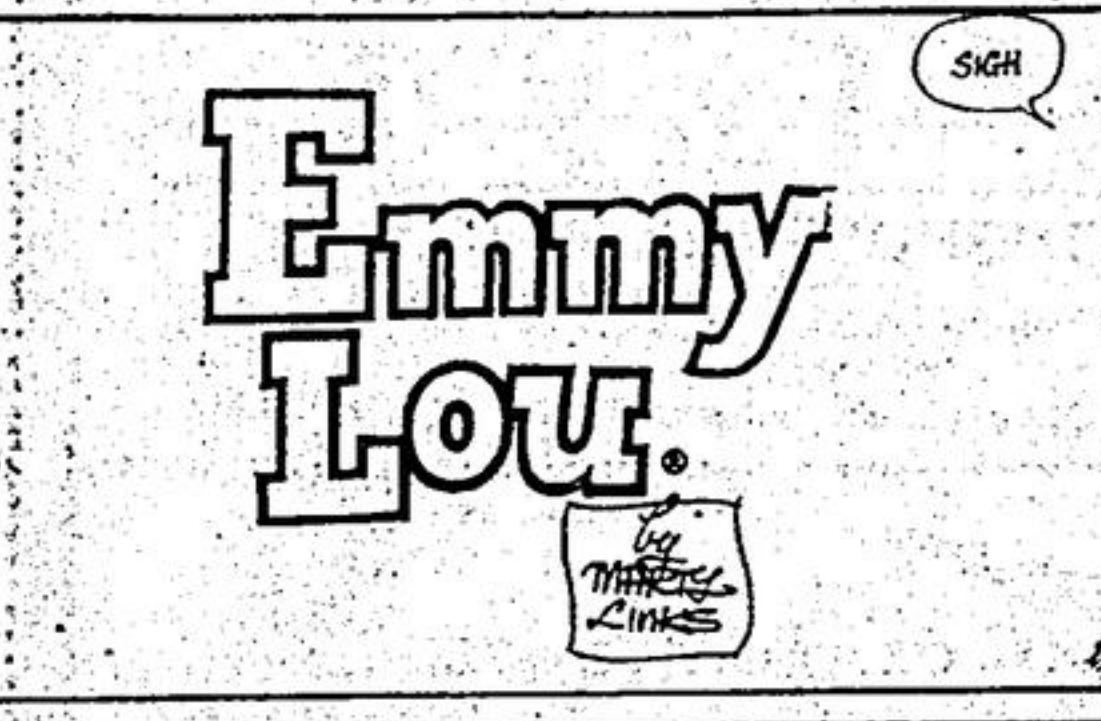

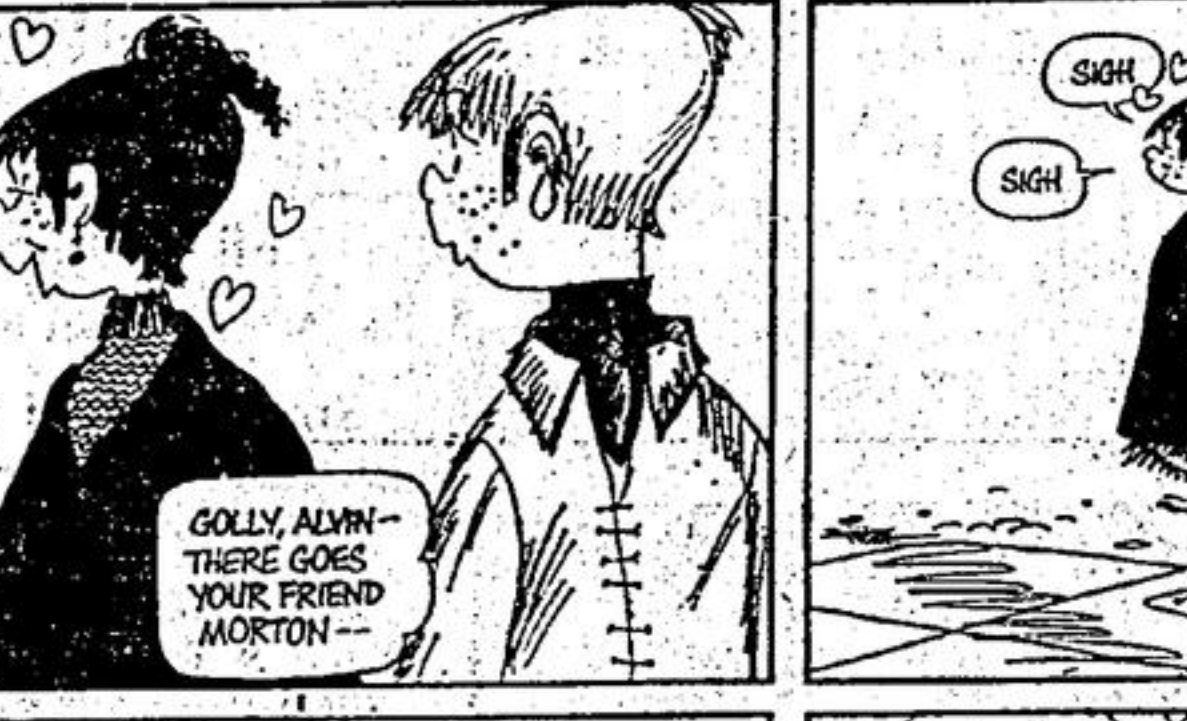

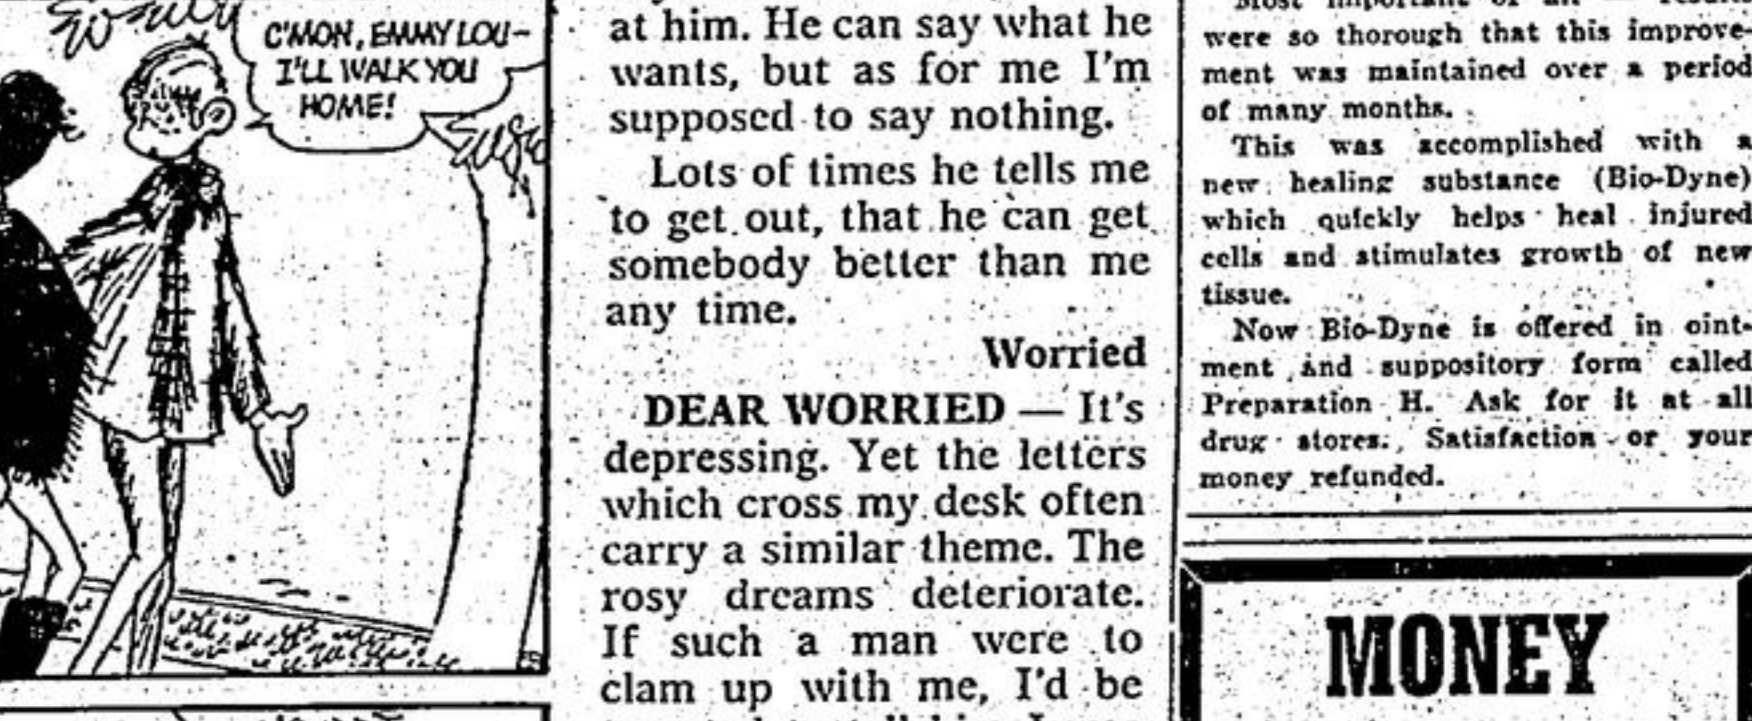

In addition, anti-smog devices due on next year's models, are slated to add \$40 a car to prices.

You don't have to be a clairvoyant to realize that prices under strong inflationary pressure are due to rise next year.

This year's new cars could indeed be the best dollar value of all time. Buy wisely from a reputable, service-minded dealer.

### If You Buy ANY Breeding Stock You Should Know About These Reproductive Diseases

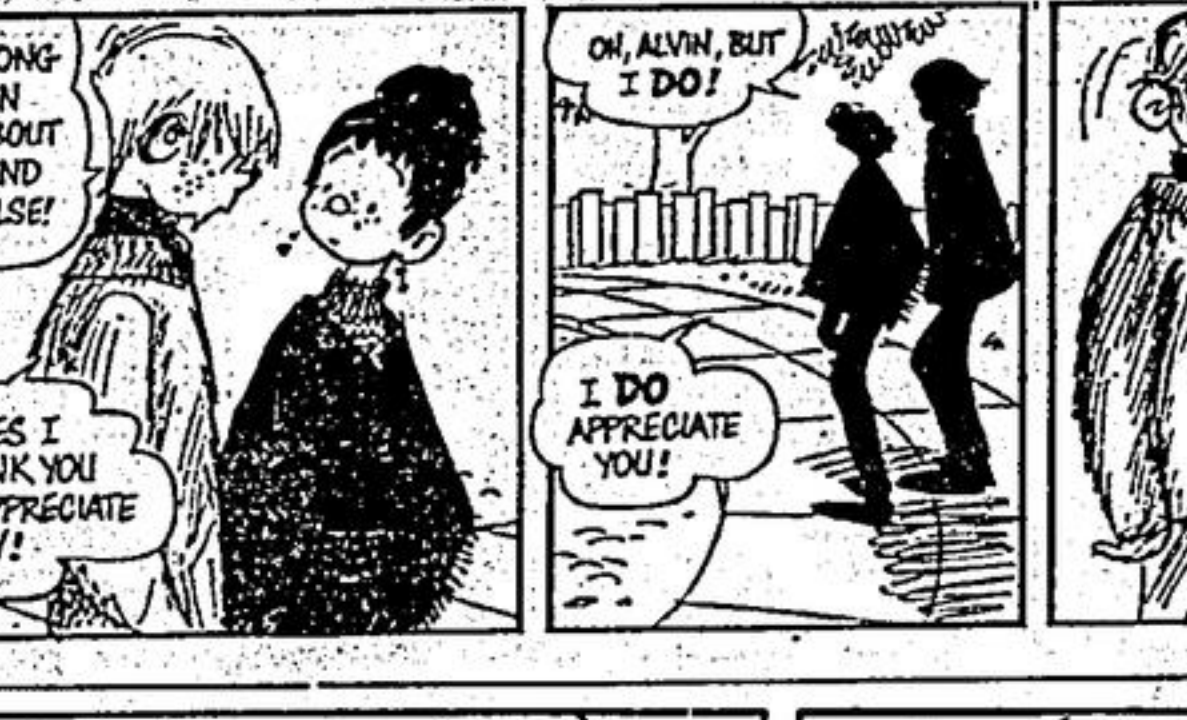

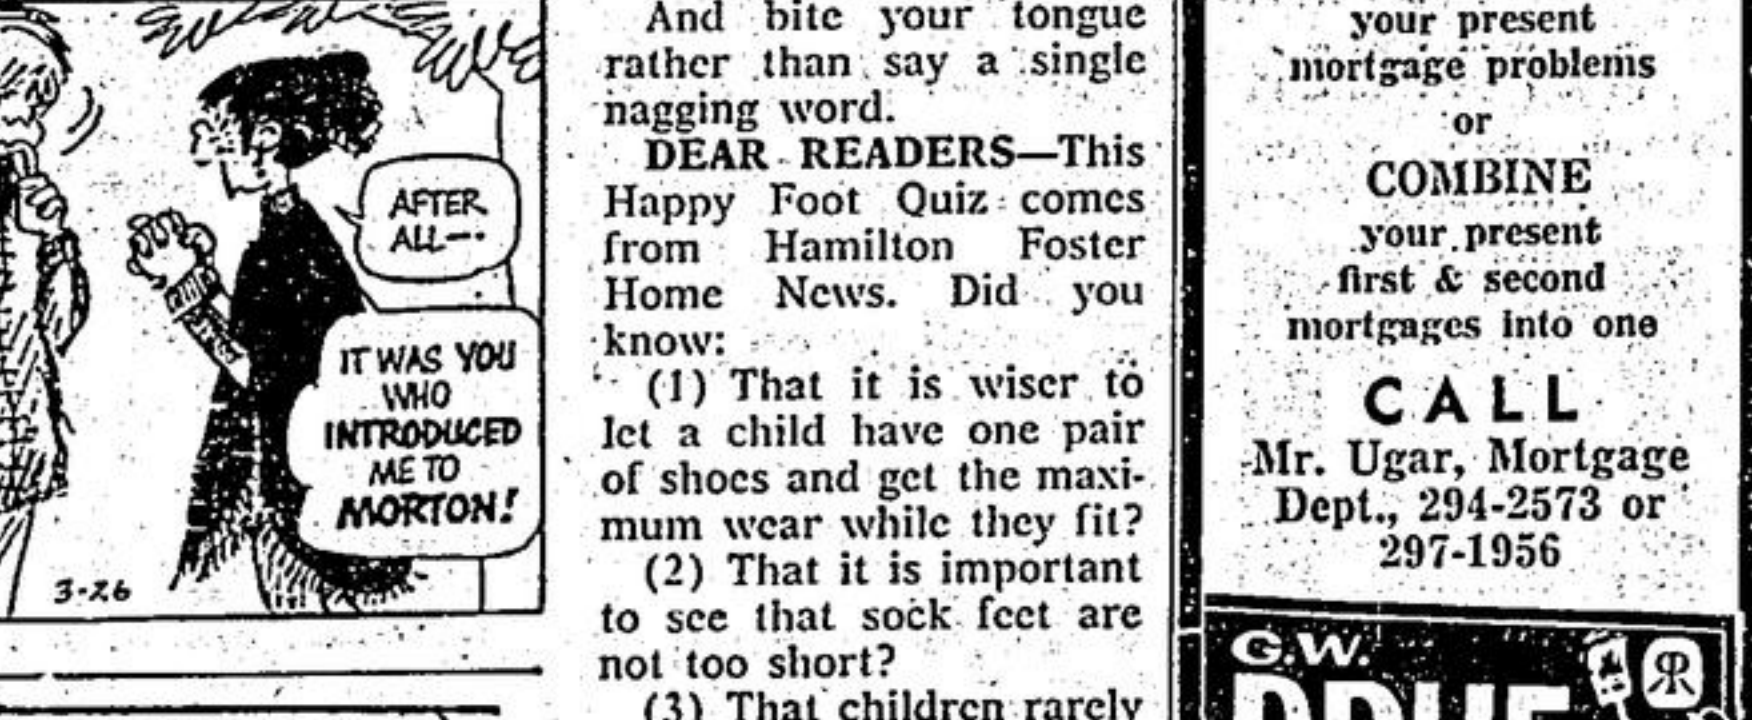

**BRUCELLOSIS** — causes abortions at 5 to 7 months, results in many sterile cows. Avoided by early vaccination of all heifers and artificial insemination.

**TRICHOMONIASIS** — causes early abortions from two months. Cows discharge and become sterile. Spread by bulls. There is no completely effective treatment. Avoided by artificial insemination.

**VIBRIOSIS** — causes breeding problems, low conception rates, early abortions, irregular heat periods and discharge. Spread by bulls. Treated by breeding rest then artificial insemination. Avoided by artificial insemination.

You can protect your herd from the spread of these diseases, and use top quality sires through the services of
