# light Money

DICKSON'S HILL -Money; or lack of it, is posing a problem to the board of Markham Township School Area 2, this year, particularly since well and septic-tank services at Dickson's Hill have exceeded the estimates. The trustees are watch-

ing the dollar so closely now, that member Stuart Watson suggested at the last meeting, that venetian blinds not be purchased for windows until 1968.

Business Administrator. Wilfred Morley said that students could not be expected to work under such conditions as they would be dazzled by the bright sunlight.

The lowest quotation from O'Neill's Furniture of Stouffville at \$756.68 for ten rooms was accepted.

### Air Not Conditioned

RICHMOND HILL -For several weeks now, workmen have been employed, installing a new air conditioning in the courtroom at Richmond Hill. Cases have carried on under rather trying circumstances with repeated hammerings often 'interrupting the evidence of officers and witnesses.

On Friday morning, the entire unit was installed and Magistrate Russell Pearse no doubt welcomed the return to peace and quiet. Then someone pulled the switch.

Clouds of dirt and dust poured out of the register as personnel headed for L. Winger, lot 34. conc. 4 the exits, coughing and Markham Twp, Don Mills choking. Court was continued

downstairs away from the hazards of push-button gadgets.
