

O. P. P. Investigate Serious Accidents In Markham Area

A Scarboro couple was injured in this accident on Hwy. 48, near Dickson's Hill. It was one of 30 collisions investigated by Ontario Provincial Police of the Oak Ridges Detachment within a period of two days last week. A blow-out was blamed for this crash. The car veered into the side of a northbound truck. —Staff Photo

MARKHAM — The Ontario Provincial Police of Oak Ridges Detachment were called to investigate a total of 30 accidents in a period of only two nights, last week. Between Sept. 17 and 23, they investigated 40 accidents, in which 19 persons were injured and property damage exceeded \$26,900. Four persons were charged under the Liquor Control Act and two others were charged with being impaired.

One of the most serious collisions occurred on Highway 48 at Dickson's Hill, early Saturday morning. Constable Robert Lorentz reported that the left front tire on a southbound car had blown out, causing the driver, Monty Selby of Kingston Road, Scarboro, to lose control and collide with a northbound truck, driven by Dean Holburn of R.R.1 Harriston. Both the car driver and his passenger, Margaret Burns, age 19, also of Scarboro, were injured and rushed to Scarboro General Hospital by Vance ambulance. Mr.

Holburn escaped injury. The entire left side of the auto was ripped open by the impact. Constable David Hadden of Stouffville assisted P. C. Lorentz at the scene.

ON HIGHWAY 7

Another severe crash occurred Saturday night on No. 7 Highway in Markham Village when a car driven by Keith Farris, 32, of Fairport Beach, Pickering, was involved in a head-on collision with another driven by George Donald Wilson, 72, of Richmond Hill. Mr. Farris suffered laceration to his knee. His wife, Beatrice, 25, had severe lacerations to her face and her son, Glenn, 4, suffered depressed skull fracture and brain lacerations. Both Mr. Wilson and his wife, Velma, 58, suffered fractured ribs. Mrs. Wilson was also cut about the head and face. The injured were all taken to Scarboro General Hospital by Vance ambulance. P. C. David Bourne conducted the investigation.

CHILD DROWNS

A drowning accident occurred at Lake Wilcox, Sept. 19, in spite of efforts by police, firemen and ambulance operators to save the child's life. Christine Jeffrey, daughter of Mrs. Roy Jeffrey, North Road, Lake Wilcox, was pronounced dead by Dr. Hardy of King City. The little girl had apparently fallen into the water, not far from her residence. Investigation of the death was conducted by P.C. Munroe of Whitchurch Township Police.

A woman passenger on a bus kept bothering the driver every few minutes to remind him where she wanted to get off.

"How will I know when we get to my stop?" she finally asked.

The driver couldn't resist. He replied: "By the big smile on my face, lady."

The fellow who can't get along without his full packet of credit cards would have a serious problem in a nudist camp.

92nd. ANNIVERSARY SERVICES AND RALLY DAY ALTONA UNITED MISSIONARY CHURCH SUNDAY OCTOBER 1st. 1967

Plan Safe-Driving Courses At S.D.S.S.

By Eleanor Smith

STOUFFVILLE — Once again the Stouffville District Secondary School has embarked on a worthwhile project which will benefit the students of this school. Although the driving course which is being set up in our school has not as yet been perfected I feel confident that the teachers involved will do everything within their power to make this advantage available to us, the student body. The course is being sponsored by the Stouffville District Secondary School Board with the assistance and encouragement of the Department of Transport, Department of Education and the Ontario Safety League.

The teachers responsible for this undertaking are Mr. McCullough and Mr. Hamilton. I am sure that both teachers and students will find it trying at times but a most rewarding endeavour.

There are many benefits to this driving course. One is guaranteed that the driving instructors are fully qualified through the Department of Transport and the Ontario Safety League. This course will help us

develop the knowledge, attitudes, habits and skills necessary for the safe operation of a motor vehicle. We can rest assured that we will not be acquiring the mistakes of others. The course car will be provided by a car manufacturer through a local automobile dealer.

Of course, there are certain drawbacks which there are in any undertaking in life, one must be sixteen years of age as of September of this year and unlicensed, be prepared to spend twenty-five hours in classroom instruction. The student will be required to spend six hours driving and eighteen hours observing in the car. Students will be divided into groups of three for the driving instruction in the car. Students must not only spend six hours driving under the guidance of the instructor but also spend extra time driving under the supervision of their parents.

Although the exact length of time required to finish this course has not yet been established, the citizens of Stouffville can now breathe easier with the knowledge that this course will make it possible for more people to receive professional driving training and thus reduce the number of accidents in which novice drivers are involved.

MAKE MONEY RAISING FEEDER PIGS

You can raise 20 or more pigs per sow per year with fast-growing, easy-feeding hybrids and the Connaught Program of Management.

Get more details. Phone 294-2672, 297-1223 or 649-2106 and ask a representative to call.

CLAREMONT FARMS

A medicine-show quack was passing the house of a well-to-do family in a small town and said to the gardener, "Anybody sick in this house?"

"No, not now," said the gardener. "The lady of the house was sick, but I heard the doctor say this morning that she was convalescent."

"Nothing to it," said the quack. "Why I can cure convalescent in twenty-four hours!"

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance Relieves Pain As It Shrinks Hemorrhoids.

If you want satisfactory relief from "itching piles"—here's good news! A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing. Its germ-killing properties also help prevent infection.

In case after case "very striking improvement" was noted, even among cases of long standing. And this improvement was maintained over a period of months!

This was accomplished by a new healing substance (Bio-Dyne)—which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation "H". Ask for it at all drug stores—satisfaction or money refunded.

HOW MANY RIBS IN A PORK LOIN RIB PORTION?

We think there should be seven. Not five or six. With A&P's seven-rib portion, you get more of the select meat. How can you tell how many ribs you're getting? It's easy. With your fingers, you can feel and count the rib bones in the packages. Next time you're buying a Pork Loin Rib Portion, check it. If you can't count one, two, three, four, five, six, seven ribs, you're missing select meat. You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example of the full value A&P meats offer.

When you think about it, shouldn't A&P be your store?
