

### Students Put Magazine Drive Over The Top

The student magazine drive, held in Stouffville District Secondary School, has gone over the top. Committee Chairman, Garfield Smith reported receipts in excess of the \$4,000 goal. With salesgirls like 17 year old Donna Wright of Grade 11, the campaign was virtually assured success. —Staff Photo

## Fair Profit Of \$6,500 Midway Increased

MARKHAM—In spite of inclement weather throughout much of the 3-day Markham Fair, profits are expected to total approximately \$6,500. A meeting of the Board was held Oct. 18.

The Secretary, Fred Spring reported total receipts at \$26,563.87. Expenditures have been estimated at \$20,000. The midway at the Fair showed an increase in revenue of \$1,100.

compensate for the inconvenience caused. He recommended that the Standard Bred Association have the exclusive use of the barns year-around except during Fair days. He was supported in his stand by Bert Paisley of Stouffville. It was agreed that the matter be discussed in full by the Board at a later date.

**FOR RECREATION**  
A delegation, representing the Markham Recreation Association expressed a desire to use the General Exhibits Building for activities during the year. The organization said they would be willing to improve the interior of the structure to suit their needs and the cost was estimated at \$4,000. The building requires a new heating plant, floor and drop ceiling.

President Sutherland suggested that it would be good public relations for the Fair Board and Recreation Association to work in close co-operation on the venture since it would also benefit the younger residents of the village. It was agreed that the two organizations meet to arrange an agreement.

The President, William Sutherland expressed satisfaction with attendance figures that held up well under two days of poor weather and ground conditions. The President in 1968 will be Joe Tran, Claremont R.R.2.

**DISPLACED HORSES**  
Ground committee chairman, Walter Gould said he had encountered difficulty in arranging accommodation in the barns for horses during mid-summer shows, when the stables were already rented out to the Standard Bred Association. He said that every time these horsemen were evicted, there were some who refused to return. He contended that funds received did not

### Town Or Country

## Council To 'Corral' Farm-Type Animals

STOUFFVILLE—Where does the country end and the town begin in regard to the keeping of farm-type animals?

A committee of Stouffville council will consider recommendations to be included in a bylaw to control this problem. Action on the matter was considered necessary following the receipt of a complaint.

Deputy-reeve Bill Parsons said that animals of the horse variety were the most numerous within the town limits. He said that it was hard to know just

how far a council should go to restrict the keeping of such pets. "Perhaps we should do something now rather than force the problem on a new council," he said.

Reeve Ken Laushway recommended that the issue be given a good deal of study before any bylaw is prepared.

Mr. Parsons said that until the complaint was received, he hadn't realized that such a problem existed. He said that certain auxiliary buildings in town should also be considered at the same time.

## Killed In Crash

UNIONVILLE—A Markham district man was killed and a woman and two children were injured in a head-on crash, west of conc. 6 on 16th Avenue, Markham Township, Saturday afternoon.

Garnet Mustard, 60, Markham, R.R. 2, was pronounced dead at the scene by Coroner R. B. Mitchell of Stouffville. Taken to hospital by ambulance was the driver of an east-bound auto, Mrs. Jacqueline Estelle Milne, R.R. 1,

Unionville, a son, Robert Todd, 6, and a daughter, Margaret Tammy, 4. Mrs. Milne and family reside only a short distance to the west of where the collision occurred. Both vehicles were completely wrecked.

Mr. Mustard is survived by his wife, the former Daisy Yates, two daughters, Maureen (Mrs. James Maybury) of Cresswell; Joy at home and one son, Bruce of Unionville. There are two grandchildren.

## Hit-And-Run Driver Buried The Evidence

LAKE WILCOX—In an effort to cover up evidence in a hit-and-run case, a Lake Wilcox man had his car compressed into a five foot square piece of metal and buried in a Vaughan Township dump.

The auto, or what was left of it, was recovered following intensive investigation by Constable Donald Muth of the Oak Ridge Ontario Provincial Police. Charges followed against Robert Gemmill, 37, of Whitchurch Township.

In magistrate's court, Newmarket, P. C. Muth testified that a car driven by Margaret Ann Wilson, 26, of Newmarket was sideswiped on Yonge St. by a northbound vehicle that did not stop. Damage was estimated at \$700.

P. C. Muth found the Gemmill car covered over by about six feet of earth and refuse. It had been run over by a bulldozer several times. The accused was sentenced to 30 days in jail.

## Council Rejects Subsidy

STOUFFVILLE—Stouffville council has turned down a resolution from the Town of Milton that requests the Provincial Government to pay 100 per cent of the cost of education. Members also rejected a suggestion that the question be placed on the ballot at the forthcoming municipal elections, Dec. 4.

Only councillor Bob Lewis felt that the education cost burden might be eased somewhat if distributed over a wider area. He said, however, that he could see no merit in putting the issue to a vote of the people.

"Pretty soon we'll expect the government to do everything. I'm not in favor," said Reeve Ken Laushway.

"It's ridiculous," commented deputy-reeve Bill Parsons.

Councillor Jim McKellar charged that everywhere, there was a demand from the government for more funds. "If we can't afford it at the local level, how can we afford it at the top. It all comes from John Q. Public."

Councillor Tom Lonergan noted that Queen's Park had already rejected a subsidy of 80 per cent.

## You Can Rest An Extra Hour

STOUFFVILLE—Residents can watch the late, late show Saturday night and still get to bed at a reasonable hour Sunday morning.

Before retiring, be sure to turn the bedroom alarm clock back one hour. Stouffville reverts to Standard Time at 2 a.m., Oct. 29.

## Contest For Reeve

PICKERING—A 4-way race is shaping up for the reeve's post in Pickering Township.

Already committed is Mrs. Jean McPherson, now deputy-reeve and councillor John Williams of Bay Ridges. Likely candidates also are former reeve and Warden, Sherman Scott and the present reeve, Clifford Laycox.

Expected to contest the deputy-reeve position will be councillors Ronald Chatten and Harvey Spang.

Nominations will be held Nov. 17. The election date is Dec. 2.

**PAY 6 1/2%**  
A \$30,000 Stouffville debenture will be sold locally at an interest yield of six and a half per cent.

### Markham Twp. Council

# Approve Site But Delay School Decision Brings Protest

BUTTONVILLE—Markham Township Council has approved a \$68,000 debenture application for a 15-acre senior public school site on concession 7 but has refused approval of the \$990,000 school to be located there.

The majority of council members feel that approval or rejection of the school should be put to a vote of the ratepayers in T.S.A. No. 2. Trustees, however, realizing the need for increased accommodation in 1968, are not anxious that a plebiscite should decide the issue.

Councillor Anthony Roman agrees. "What's the sense of buying a site if no school is to be built? Why add debenture cost if it isn't necessary?"

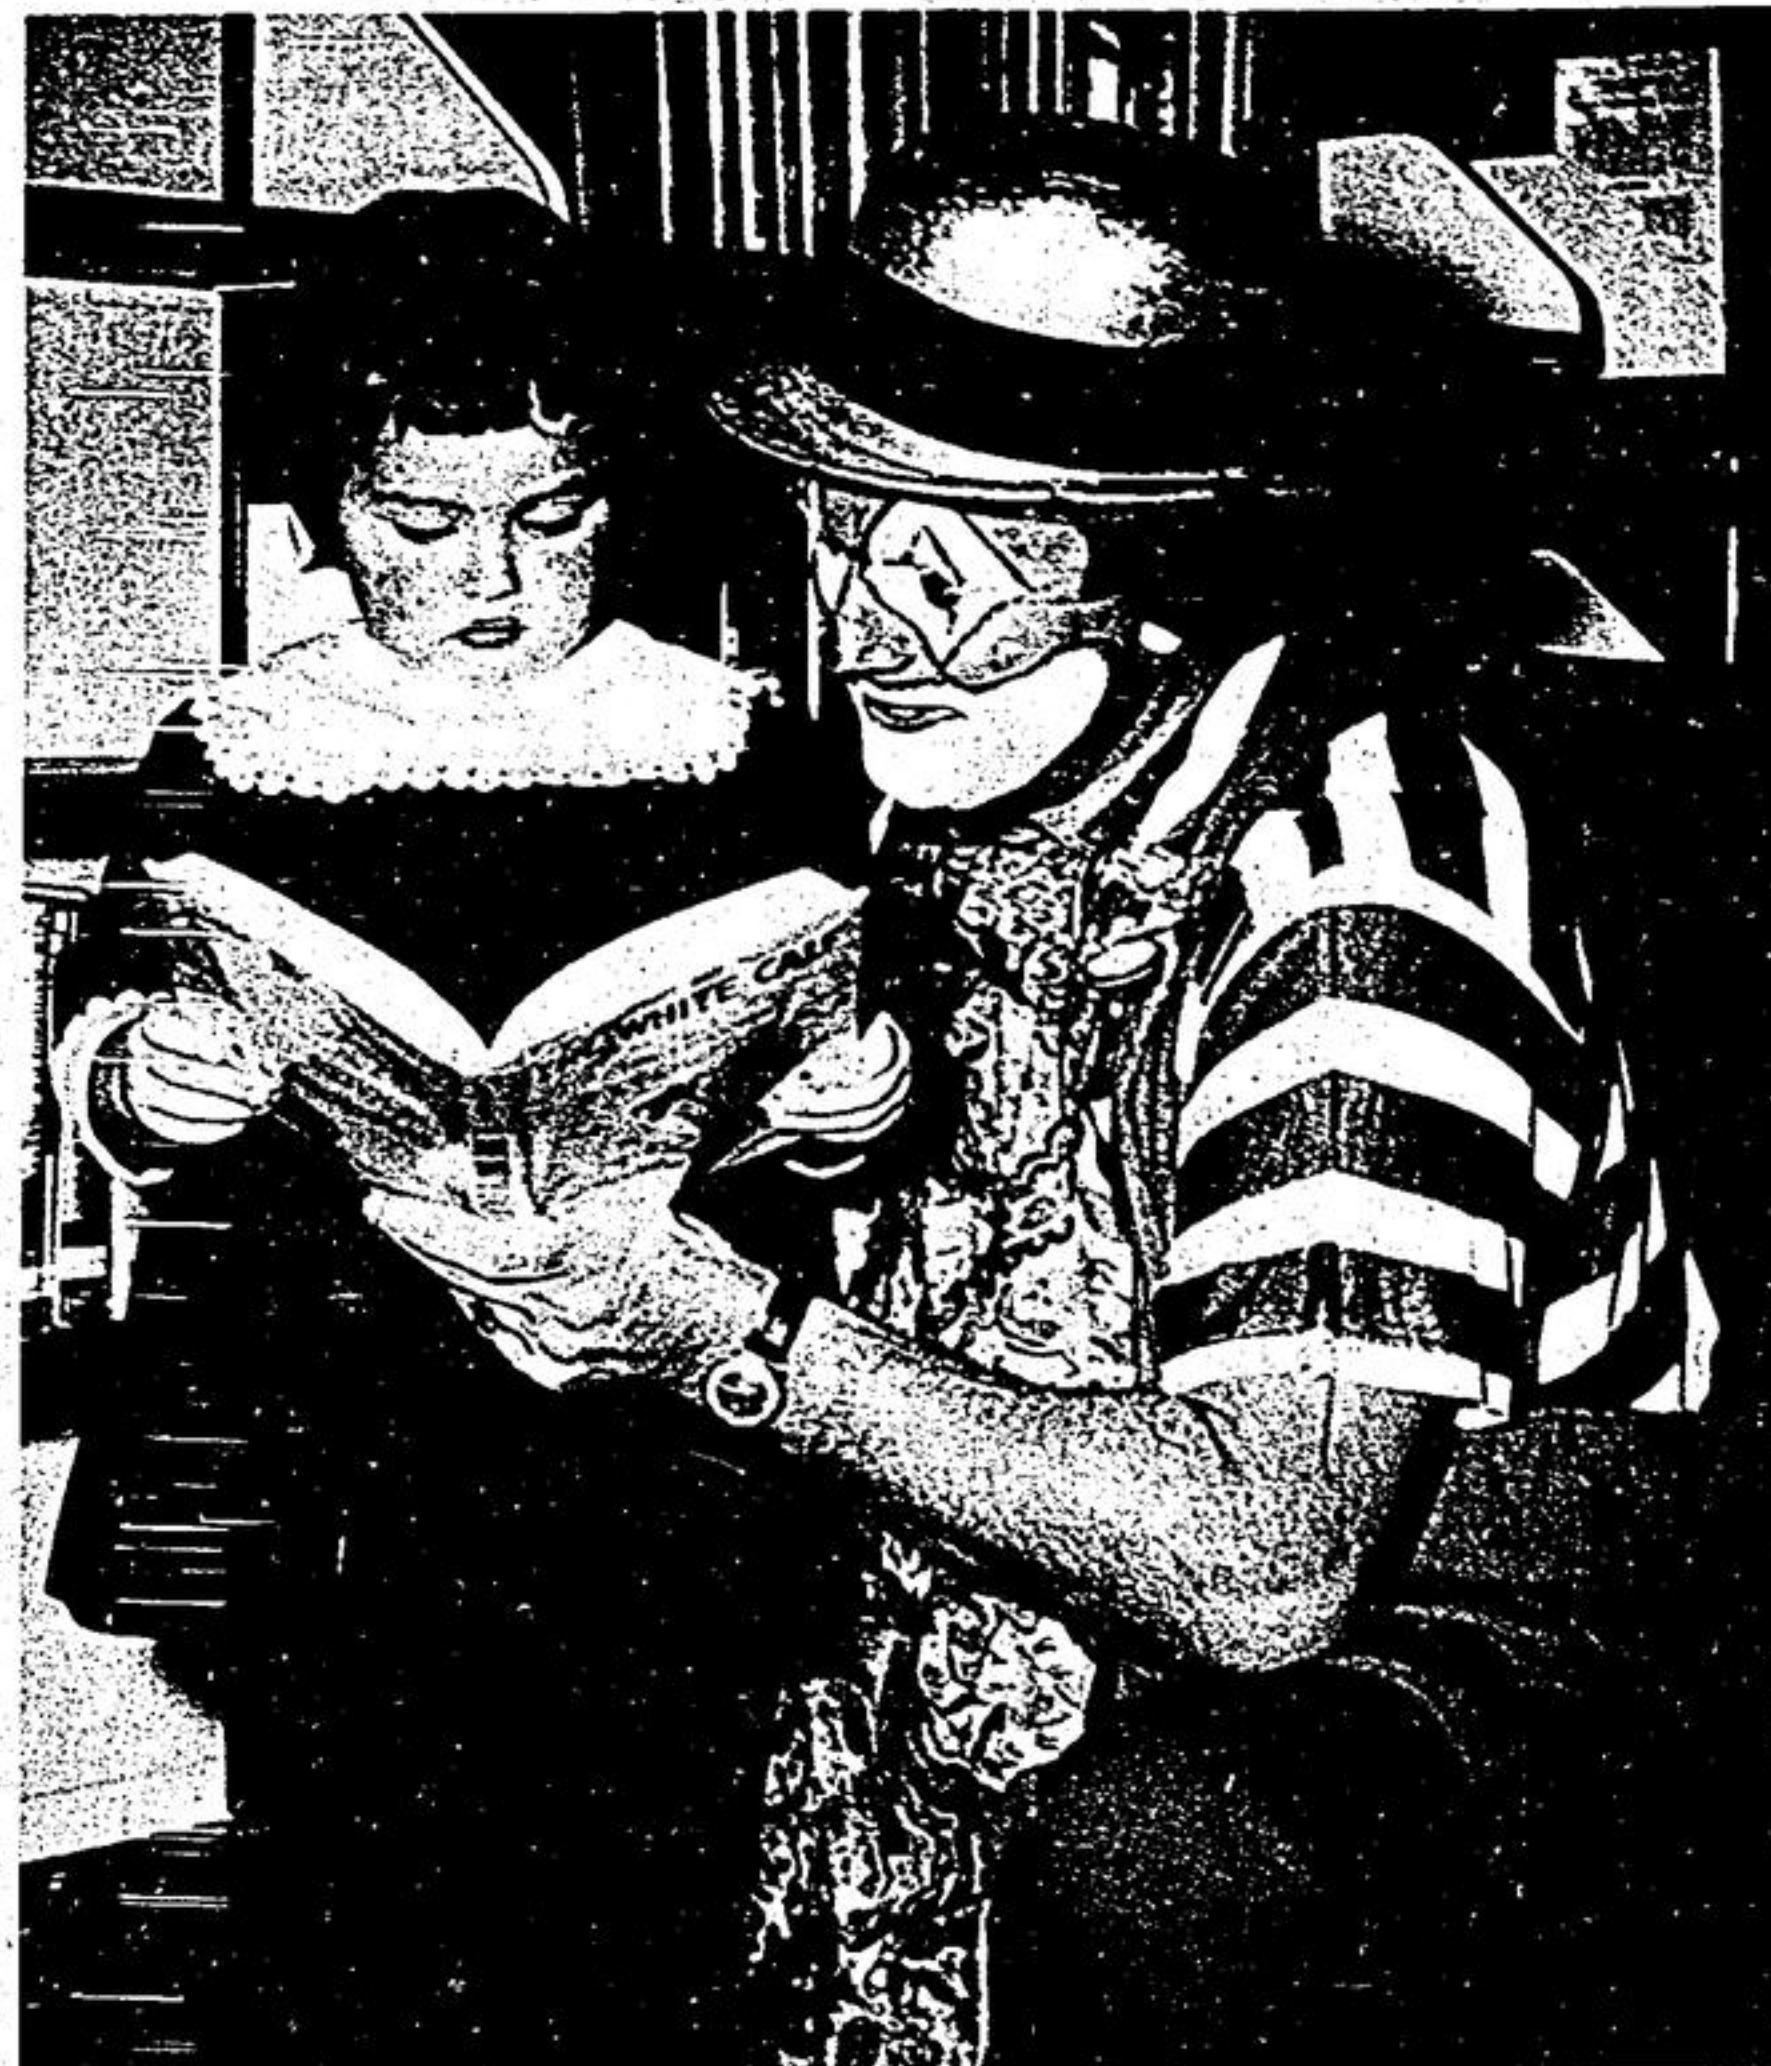

"That's up to the school board," replied reeve Stewart Rumble.

"If they don't buy it this year, they will need it in 1968," said councillor Alan Sumner. He pointed out that if council rejected the board's application, the price of the property would possibly increase.

"I can't see the reason for holding up a school if it's a necessity," repeated councillor Roman.

"We may feel a little more benevolent by the end of 1967," concluded Mr. Sumner.

The Area Board has suggested that due to the township's 'delaying tactics' on the school debenture, the introduction of Kindergarten classes would be postponed and it might be necessary to resort to the use of portables.

### Books For Everyone At Markham Library

Even a clown got into the act, Saturday at the official opening of Markham Township's new Centennial Library in Unionville. He obtains a little assistance from Donna Armstrong, one of many visitors in attendance for the ceremony. —Staff Photo

## Committed For Trial

VANDORF—A Richmond Hill youth, Robert David Beatty, 17, was committed for trial, Monday on charges of non-capital murder and manslaughter.

Beatty was charged by Whitchurch Township Police following the death of Taivo Kapsi, 31, a University of Toronto assistant professor of architecture. He was found dead near his cottage at Lake Wilcox.

Defence counsel, Alfred Stong of Richmond Hill argued that there was insufficient evidence to support a charge of murder. He asked that the accused be charged only with manslaughter. Magistrate O. S. Hollinrake ruled that such a decision

should come from a jury. No bail was allowed.

Mr. Kapsi was killed, August 27, after he chased several youths from his Whitchurch property. A stick, sharpened at both ends, was found by police and is believed to be the weapon used. The victim had a 10 inch long wound in his chest.

Martha Borbas, a friend of the dead man, testified that she warned Mr. Kapsi not to follow the boys, but he ignored her pleas. She said that he had consumed 'four or five beers' on the day of his death.

The trial by judge and jury will be conducted in Toronto, early in 1968.

## Appeal Conviction

PINE ORCHARD—Pine Orchard parents, convicted under the Public School's Act of wilfully keeping their child out of school, have filed notice of appeal.

Mr. and Mrs. William McAdam told The Tribune, that the case had come up before authorities in Juvenile Court, Newmarket, but they had not been permitted to testify.

Mr. and Mrs. McAdam were charged by the Township School Area attendance Officer after they withdrew their daughter from the junior room at Pine Orchard over a dispute with the teacher there.

The \$25 fine was waived by the Court Judge and costs amounting to \$600 have been assessed against the Area Board.

## Wrong Mother

BALLANTRAE—You can stop the cards and letters. Mrs. Bruce Forfar, Stouffville, R.R. 3 is not the mother of a bouncing baby boy, as reported in The Tribune, Oct. 12. Instead, it's her sister-in-law, Mrs. John Neilson, Stouffville, R.R. 2.

The confusion occurred when a Markham Village police officer drove Mrs. Neilson to Scarborough Hospital in Mrs. Forfar's car after it was feared that she might not make it in time. She did—and Mrs. Forfar sent the police a letter of appreciation. Officers assumed that the baby was hers and the Tribune carried the story.

"The phone started ringing before I even knew about it," she said, and then the cards began to arrive. I've had a ball. I'm kind of sorry that it all has to end."

Mrs. Forfar said that her husband's first remark was: "Have you been hiding something?"

Mr. and Mrs. Forfar have three children, Gregory, 16, Wendy, 14 and Jeffrey, 11.

## Hunt Wild Dog

STOUFFVILLE—Stouffville police have been asked to be on the lookout for a roving wild dog in the east end residential area of town, after a pet poodle had its throat ripped by the animal in a vicious attack last week.

Councillor Tom Lonergan reported the incident to town council, Thursday and called for action by the Ontario Humane Society. Councillor Lonergan described the dog as 'like a wolf only larger.' He said it had no collar or tag.

Mr. Lonergan said that the poodle had survived the mauling but only through expert treatment by a veterinarian. He said that the owner had witnessed the attack but was too frightened to intervene. "It's a brute of a

thing," he said. The dog is a German Shepherd. The councillor expressed a fear that a small child could be badly bitten by an animal so big.

Reeve Ken Laushway agreed that the Humane Society could be called in but there was no guarantee that the dog would still be around. He suggested that the police could possibly chase it into an open area and shoot it.

"I've noticed a lot of strays around town lately," said Mr. Lonergan "but there's only one thing to do with a dog like this one—shoot it."

## Ask 25 Mile Limit

STOUFFVILLE—Town council has received a 44-name petition from residents in the Ninth Line North area of Stouffville, recommending truck restrictions on truck traffic and the lowering of the speed limit to 25 miles per hour. The petition was accompanied by two letters.

Deputy-reeve Bill Parsons said that a letter had been sent to the Department of Highways, requesting information on what controls, if any, could be enforced on conc. 9.

Reeve John Laushway noted that with the completion of the Bloomington Sideroad, between conc. 8 and 10, the amount of truck traffic had already been reduced. He said that at the Lincolnville corner during a 30 minute period, he had counted 21 trucks and all except one had used the new route.

Councillor Jim McKellar said that truck traffic on the Ninth Line between 4 and 6 a.m. was particularly irritating to residents there.

The wreckage of a 1966 Beaumont is wrapped around a hydro pole on Main Street, West, in Stouffville. Fortunately for the owner, Robert Nesbitt, Claremont, R.R. 1, he wasn't in the auto at the time of the accident. Damage was estimated at \$2,500. —Staff Photo

STOUFFVILLE—A violent crash, early Saturday morning, that shook buildings on Main Street and was heard a half-mile away, caused damage estimated at \$3,300.

Demolished by the impact, was a 1966 Beaumont, owned by Robert John Nesbitt, Claremont, R.R. 1, and parked on the north side of the highway. Charged with careless driving is Lloyd Gayman, R.R. 1, Unionville. He was admitted to Scarborough General Hospital with head and face lacerations and released following treatment.

The Nesbitt car was struck from the rear and wrapped around a hydro pole. Firemen were called to flush away gasoline that had leaked out of the tank.

The westbound lane of Main Street was blocked off for a time and traffic was re-routed down Lloyd Avenue.
