Forty members in ski club

By VALERIE HARROT
STOUFFVILLE — After a rather late start, the Ski Club of Stouffville Dist. Secondary School has enjoyed a very successful season. Two trips have

been sponsored, one to Honey Pot, Jan. 27, and the other to Georgian Peaks at Collingwood. On the initial excursion the weather was good and the skiing excellent. We weren't quite so fortunate on the second trip. Snow conditions were only fair and temperatures registered five degrees below zero. It was more like a training exercise for a survival course. In spite of this, the Club members had a very enjoyable time.

This year, the Ski Club had a membership of more than forty students. The President is Greg Forfar. The Vice President is Peter Daniels. Staff advisors are Mrs. Poppel and Mr. McLean. With the season rapidly drawing to a close, future meetings will include films on snow conditions and ski instruction. Several more trips are still planned if the snow holds out.

The first robin reported to The Tribune, was spotted Saturday by Andrew Bridges, at the rear of his home, Main Street, East.

Father not informed

MARKHAM TWP. — The father of a teenage boy complained to Magistrate Russell Pearce that his son had been charged with drinking under age but he didn't learn of it until the night before his appearance in court.

James Thompson contended that he should have been informed personally of the charge by Markham Township police. "We parents do our part to see that our children are brought up properly and I feel the police should co-operate," he said.

Magistrate Pearce said that normally, youths who are charged with such an offense, are the ones who tell their parents, not the police. The magistrate noted that the charge had been laid one month ago. The father said that his son was afraid to tell him.

Student protest

Dear Sir: Since the opening of the new cafeteria in the Stouffville Dist. Secondary School, our lunchtime periods have been most satisfactory to all concerned. That was until last week when a visit from the kitchen supervisor revealed an act of criminal negligence on the part of the cook. In her books, it was found that she had maintained records of every purchase. It was revealed too, that students were receiving hamburgers more than once a week, also french fries and cheeseburgers. This was apparently not to the supervisor's liking and therefore shouldn't be to our liking either. Ketchup, that had been made available, was absolutely forbidden and candies that once sold for five cents, have now been increased to six.

The cook, who plans and prepares the meals, had, according to our information, been promised an increase in salary. We have now learned, through The Tribune, that applications are being received for a new manager, and cook although the present employee was never notified of any intended change.

A petition has been started, protesting this kind of treatment. Already, it has received more than 200 signatures. For what she has done for us, this is the least we can do for her.

There is serious talk of boycotting the cafeteria if our demands are not met.

Sincerely,
Terry Forfar.
