

Varley Village developer N. D. P. candidate

STOUFFVILLE — Jack Grant, 44, candidate in the federal riding of York North, is a dynamic man of wide experience and many talents.

Varley Village in Unionville, Markham Township, is Mr. Grant's current building project. He has previously completed housing projects in Woodbridge (Seneca Heights), Maple, Streetsville, Oakville and Elliot Lake. At Unionville, he pioneered the first sewage plant in Canada designed to eliminate river pollution by total absorption of effluent into the ground. He is a member of the Board of Trade of Metropolitan Toronto.

Sylvia have been residents of Woodbridge for the past nine years (they previously lived in Maple). They have three sons: Jordan, 14, Peter, 12, and Jeremy, 7.

Before entering the housing field in 1955, Mr. Grant ran a co-educational children's summer camp in Muskoka, and built and operated the Forest Hills Golf and Country Club in North York.

Mr. Grant has first hand knowledge of the problems that face the working farmer. He owns a half interest in a 311 acre farm at the 5 concession and 16th line in Markham Township which grows wheat, barley and turf.

Heading of complaints often brings improvement to our product or service. There is a difference between the nasty cracks of a chronic griper and the honest claims of dissatisfaction made by a reputable person, but few managements are capable of differentiating.

Yours for a laugh—

The situation was desperate. The woman had been bitten by a rabid dog and the doctors were not certain that they had begun treatment in time.

After consultation, they came into the room and told her the plain truth—that she might develop hydrophobia—that her chances were pretty bad.

Instead of seeming to be upset at the news, she asked for a pen and paper and began to right at great length. After an hour of steady writing, a nurse asked her, "What are you writing? Is it your will or a letter to your family?"

"No," said the woman, "it's a list of the people I'm going to bite."

Why does the Sun Life man spend so much time talking about taxes? And investments? And savings plans? And real estate? If his business is really life insurance

Because helping plan balanced estates is his business! As a trained, professional life insurance specialist, he knows that a balanced estate will always include a logical life insurance program. And, by the same token, he knows that personally tailored insurance can be recommended only through knowledge of the other elements of an individual's estate.

Try him out — ask him a question on the organization of your estate. You can expect a knowledgeable, objective answer, either personally or through one of the many informative sources available to him. He might just suggest a Sun Life program designed to complement your estate. But then again, he might not — if you don't need one. He knows you'll see him when you need some insurance.

In financial planning, days mean dollars. Call your Sun Life man today.
