Request lights at level crossing

GREEN RIVER — The trustees of Pickering Township School Area 1 have indicated a concern for the safety of school children who twice daily, travel by bus over the C.P.R. level crossing on the Markham-Pickering townline, north of Green River.

In a recent letter to Pickering Council, the Area Administrator, Lloyd T. Johnston has, on request by the Board, recommended that automatic signal lights be installed at this location. Mr. Johnston informed council that the parents of children were also concerned over the existing hazard. He noted that in a recent accident at this site, two persons had been killed.

The Council has agreed to contact their engineer, Paul Paulsson to learn which municipality, Pickering or Markham, is responsible.

"A BIT MORE" IS WHAT MAKES OUR WHITE BREAD BETTER!

We're talking of course about Jane Parker Bread.

We use a bit more milk than we have to, to give you a richer loaf. We never use milk substitutes.

We use a bit more shortening than we have to, to give you a softer loaf... the way you like it.

We use a bit more sugar than we have to, to give our Bread more flavour.

We use a baking process that produces a velvety-soft, silky textured slice.

We do one more thing that hardly anybody does. We date our Jane Parker White Bread. It's the only absolute guarantee of freshness you have... unless you bake your own.

And speaking of guarantees, we unconditionally guarantee you'll like it.

So, you see, we really do "a bit more." Since Jane Parker Bread is sold only at A&P, shouldn't A&P be your store?
