buying or selling a home?

Multiple Listing Service gets houses bought and sold - fast

Perhaps the most efficient tool of the realtor is multiple Listing Service. Through this Service, groups of Realtors are able to pool their resources to insure a wider range of customers when you're selling a house, a wider choice of properties when you're buying one. It saves time, money, and headaches. And you also have the invaluable help of your Realtor every step of the way. If you're buying or selling a house, do it the logical way: see a Realtor, a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the Canadian Association of Real Estate Boards.
