To The Residents of Markham Township:

Being elected Deputy-Reeve of Markham Township is an honour that I will always cherish. I shall endeavour to prove myself worthy of your confidence.

During my campaign I stressed the need for unification and co-operation for the well being of our Township. Recent comments by provincial authorities seem to indicate that Regional or County Governments are inevitable. If these changes are to be enforced then we must be prepared for them. Favourable results can only be achieved when we negotiate from a position of strength to effectively accomplish best results for the residents of Markham Township.

Will you do your part by keeping Council aware of your interest and opinions? I personally would appreciate your views and ideas, as well as constructive criticism of my policies.

At this time, may I extend my sincere thanks to the many people who supported me. Further, may I express my gratitude to the many friends who helped throughout the campaign.

My family and I wish you a very Merry Christmas and a Happy and Prosperous New Year.

Sincerely yours,

Anthony Roman
