Rev. James Carder conducted the service Saturday from the Dixon Funer-

The Scarborough Township Planning Board has just released a new study on transportation and one of its main points is that the line be utilized through Scarborough, Unionville, Markham, Stouffville to Uxbridge. The other line suggested is the C.P.R. which could service the proposed Malvern and Century City developments and Clarendon.

The Board wants present subway and bus lines within the city to be integrated into a new over-all transportation plan for all of Scarborough and points north.
