Announce deer season

The 1969 and 1970 deer seasons for most of Ontario have been announced by the Hon. Rene Brunelle, Minister of lands and forests. Most are similar to those of 1968. The remaining seasons will be announced at a later date.

Changes include a provision for residents only to hunt deer in north-central Ontario, and earlier closing dates in northwestern Ontario to coincide with earlier closing dates for moose.

(1) Oct. 4 to Dec. 15, 1969

This season is for residents only and includes the Territorial District of Cochrane and those parts of the Territorial District of Kenora not included in Kenora Forest District. This season is concurrent with the resident moose season in these areas.

(2) Residents — Oct. 4 to Dec. 15, 1969. Non-residents — Oct. 4 to Nov. 15, 1969.

This area includes Kenora Forest District and the eastern two-thirds of Rainy River Territorial District. Again, the deer seasons coincide with any moose seasons in these areas.

(3) Residents — Nov. 1 to Dec. 15, 1969.

Non-residents — Nov. 1 to Nov. 15, 1969.

This is the southwestern agricultural portion of Rainy River Forest District and seasons are set to give a late hunting closing on the same date as seasons in surrounding areas.

(4) Nov. 3 to Nov. 15, 1969. This is the major deer season for eastern Ontario including all of northeastern Ontario and most of the southeastern deer range with the exception of Manitoulin Island. The season is for both residents and non-residents and is similar to the season in these areas in recent years.
