

Ratcliff Lumber

Serving the needs of Markham and Whitchurch townships for 116 years, the sawmill was built by Wm. Henry Ratcliff in 1851. The fifth generation is now carrying on the same high standard of friendly, efficient service established by these pioneers of the business. Howard Ratcliff, son of Robert C. Ratcliff is running the sawmill daily at the original site on Lot 35, Conc. 6, in Markham Township (N.B. see below) while sons of Donald, Paul administrating from the head office at Unionville at No. 7 Highway, and Harold (Bud) manager of the retail yards where you can obtain any requirement for remodelling or building your home of the future.

Honor 4-H leader

UXBRIDGE — The Ontario County 4-H Agricultural Club Leaders were guests of the Ontario Department of Agriculture and Food at their annual banquet.

Certificates, recognizing 15 years of 4-H leadership, were presented to Ron Werry, leader of the Oshawa Kiwanis 4-H Dairy Calf Club; Walter Kerry, leader of the Scott 4-H Potato Club and Hugh Baird, leader of the Uxbridge Junior Calf Club.

The following 4-H Club Leaders received certificates: Ralph Honey — Port Perry Lions' 4-H Grain Club; Larry Burt — Port Perry Lions' 4-H Grain Club; Ted Gordon — Sunderland 4-H Dairy Calf Club; Albert Hockley — Scott 4-H Potato Club; Norman Meek — Scott 4-H Grain Club.

4-H Club Leader Pins, given after the first year of leadership, were presented to Howard Johnson, leader of the 4-H Farm and Home Electric Club; Keith Phoenix, assistant leader of the Port Perry 4-H Dairy Calf Club and to Ken Stickwood, leader of the Claremont 4-H Corn Club.

A labor official was addressing a group of workers behind the Iron Curtain, after they had complained about low pay.

"Forget about the money and double your output," he thundered, "and in ten years each of you will have your own plane."

"What'll I do with a plane?" asked a worker.

"Don't be stupid," answered the official. "If you hear they've got potatoes some place, you can fly there and be first in line."

RALSTON PURINA OF CANADA LTD.

Your forage needs are... DIFFERENT

No one else has exactly the same forage needs: soils differ from farm to farm; climate and rainfall are never exactly the same and no two herds have identical requirements.

That's why your Co-operative now offers you a wide selection of varieties for pure stands of hay and pasture or a prescription mixture to meet the specific needs of your farm.

See your Co-operative Crop Specialist about your requirements. Discuss with him your particular hay and pasture needs: acreage, type of soil, drainage, size of herd etc. Using Department of Agri-

culture recommendations as a basis, he will prescribe named varieties for pure stands, or a seed mixture blended with prescription accuracy in the CO-OP® Seed Mixer. *Registered Trade Mark
