— We Pray for the Sick —
Rev. D. B. Carpenter (Pastor).

A small boy was, drolfully practicing his piano lesson on a bright summer day when a salesman knocked at the door.
"Sonny, is your mother home?"
"What do you think?" answered the boy.

The cowboy tried hard to be diplomatic with the dude. "Pardon me, sir, but aren't you putting your saddle on backwards?"
"Some cowboy you are," came the superior reply. "You don't even know which way I'm headed!"

Mrs. Beverley Barnsdale, R.R. 1, Stouffville has lost 39½ pounds in nine months. She will be crowned TOPS Queen of Markham club, group 2, at a ceremony March 26. She's admired here by daughter Tammy, four and a half years. —Staff Photo

Mrs. Beverley Barnsdale A twenty pound goal to go

MARKHAM — With 39½ pounds gone and a twenty pound goal to go, Mrs. Beverley Barnsdale, R.R. 1, Stouffville, has been selected to reign as 1969 queen of the Wednesday night chapter of the Markham TOPS Club. The crowning ceremony will be held March 26 at the Kennedy Chiropractic Clinic, Unionville.

The runner-up is Mrs. Joyce Wannop of Brougham. She lost 29 pounds in less than three months.

Beverley joined the Markham TOPS in March of last year and the result has amazed both her and her friends. Her weight reduction up to now is 48 pounds.

"The picture of Winnie Dart did it," she said, in commenting on The Tribune's photo of the queen of 1968, "doesn't she look smart? I just made up my mind if she could do it, so could I."

Mrs. Barnsdale, like all other dedicated TOPS members is quick to admit that losing pounds is only part of the program's attraction. She enjoys the company of the other girls.

Beryl Murray, Southdale Drive, Markham is the leader. Mary Grove, 16th Avenue, Markham is co-leader. The Wednesday chapter has 35 members. The Monday group, that conducted its queen-crowning ceremony three weeks ago, has a membership of 44.

Mr. Barnsdale, a works department employee in the Town of Markham is just as pleased with his wife's accomplishment as Beverley is herself. They have one daughter, Tammy, 4½ and a pet dog called "Susan".

How much did Beverley weigh before joining TOPS? She won't say except it was "too much." "I'd just as soon forget about that," she said, "the present is an improvement and the future should be even better."

Stout people are supposed to possess pleasing personalities. Fortunately, for Beverley, she's lost none of that.

From the minister's study

By V. G. Shillington

When a new invention comes out, people usually ask, "Does it really work?"

Take, for example, the new plastic bag milk container. As far as I'm concerned, this is the best invention since milk. As well as the convenience of pouring, just think, there are no awkward empties to return!

But do you think that the milk users will fall over each other to get the new handy containers? Not on your life. They want to know if it really works. Yes, there is a man paid to present the facts in a convincing manner (not me), but scores of people still pass by. They won't fall for any of those new-fangled inventions until they have to.

Enough about the milk business. Think for a minute of the whole principle when it is applied to religion.

I like writing about religion because everybody has some. People are usually proud of their religion, and they should be. The only problem as I see it is that a lot of the religion is home-made, and since religion is a personal thing, people usually stick with the particular brand they have whether it is the best or not.

But my question would be simply this: Why be satisfied with less than the best? If there is a truly original religion THAT WORKS why not use it?

After hunting around for a while during my enquiring years I came across one that actually works. The funny thing was, it was on my door step all the time. It's like that sometimes, isn't it? The best is that which is nearest.

What is this religion I found? Christianity. That's right, Christianity. It's the best invention since man, and it works.

I know, you have probably heard of it many times before. But that's the point. It's like the plastic milk pitcher, you will never really know if Christianity works until you forget what people say about it and try it for yourself. Here are a couple of things it does. It changes a fighting home to a happy one. It produces healthy, lively young people instead of juvenile delinquents. It makes a sloppy business a successful one. And if enough people are using it, it will make the country safe for democracy.

A horse and buggy 'drag race'

By Eleanor Todd

GOODWOOD — Only the times change; the young men certainly don't. Mr. Les Morgason told me of a time during his bachelor days, when he and Mr. George Todd drove by horse and buggy to a euche in Sandford. On the trip home they got into a race with their friend Weis. Smalley. The two horses raced neck and neck for so long down the sideroad that they thought they were a team, and when Mr. Smalley's horse turned into his own lane, Mr. Morgason's horse turned too, and the two buggies, still side by side, missed the gate posts by inches.

We extend sympathy to Mrs. Alvin Redshaw whose mother, Mrs. Jacob Taylor of Claremont, died Friday after a lengthy illness.

The young people of the community have reason to hold their heads high this week. Under the supervision of music teacher, Mrs. St. John, our Goodwood Public School grade 8 choir won first place at the Sunderland Music Festival. Miss Page's grade 2 and 3 class, Mrs. Foskett's grade 5 and 6 class, and the girls' choir, each earned third place standing.

Two high school students from our area, Miss Geraldine Ferguson and Mr. Michael Butters, stood first and second respectively in the senior public speaking contest at Uxbridge District High School, March 6.

The March meeting of the Goodwood Women's Institute was well attended with 27 ladies present.

I am a Walter Taylor fan and I asked him what was new with his musical endeavours. He told me that he and his brother, Sandy will be playing every Saturday night from now on with Ron Myers' band at Club Annrene.

The newest members of the Goodwood diaper set are Steven, son of Jack and Betty Ann McGrath, and Linda, daughter of Ted and Linda Meyers.

Miss Wendy Ewart celebrated her 7th birthday with a party, March 8. Guests included Miss Darlene Monsma, Miss Laurie Hockley, Misses Beth and Darlene Maye, and Master David Ewart.

The Claremont hockey team has many fans from Goodwood. Several of them, including Norm Ewing, Terry Maye, Ted Todd, Charley and Harold Yake, drove all the way to Erin on Thursday, March 13 to cheer them on to victory. Many more from Goodwood enjoyed the return match at Uxbridge, Saturday.

How to keep the traffic moving when rush hour hits the hot water.

Rush hour. Every family has one. When there are dishes to be washed, kids to be tubbed, Dad scrubbing up. Then Sis decides she has to have a shower. It takes a lot of hot water to keep the traffic moving.

That's why you need the Cascade electric water heater—the big producer. It's got the capacity a busy family needs, and it's economical, too. Cascade keeps you in hot water for only pennies a day. Ask your Hydro about the quiet, clean, electric Cascade water heater.
