Show spectacular

By Everille Davison
STOUFFVILLE — Jan. 7, was a worthwhile day at Stouffville Dist. Secondary School. We were honored with the presence of the spectacular Theatre Hour Company, the former Crest Hour Players. They brought with them

an hour of hilarious entertainment to all, even the teachers. A number of plays were acted in comedy form, and between each there was either a song or a poem.

As the hour came to a close the students responded with enthusiastic applause.

I'm sure everyone thoroughly enjoyed the splendid performance and will desire their return to come in the near future.

Activities like this tend to make school quite pleasant even for those who like to pretend they don't really care.

Skating rink

An excellent sheet of ice is now available for public skating on the tennis courts in the Stouffville Memorial Park. The project is in charge of the village Works Department. Adults as well as children are urged to take advantage of these facilities.
