

Sunday hunters fined \$150, guns confiscated

Arrested in Whitchurch

WHITCHURCH TWP. — Hunting on Sunday in the Twp. of Whitchurch cost three men \$50 each plus costs in Richmond Hill Court, Friday. In addition, three guns were seized by officials of the Dept. of Lands and Forests.

Norman Foster, a conservation officer said he received a report of one man shooting in the area of Preston Lake. On investigating the complaint, he stopped three men, all carrying guns. He said one had been discharged.

Angelo Fedele of Richmond Hill testified that he had recently purchased a .22 Winchester rifle and had gone to the lake district to test it. He admitted he was not aware of the Sunday no hunting law.

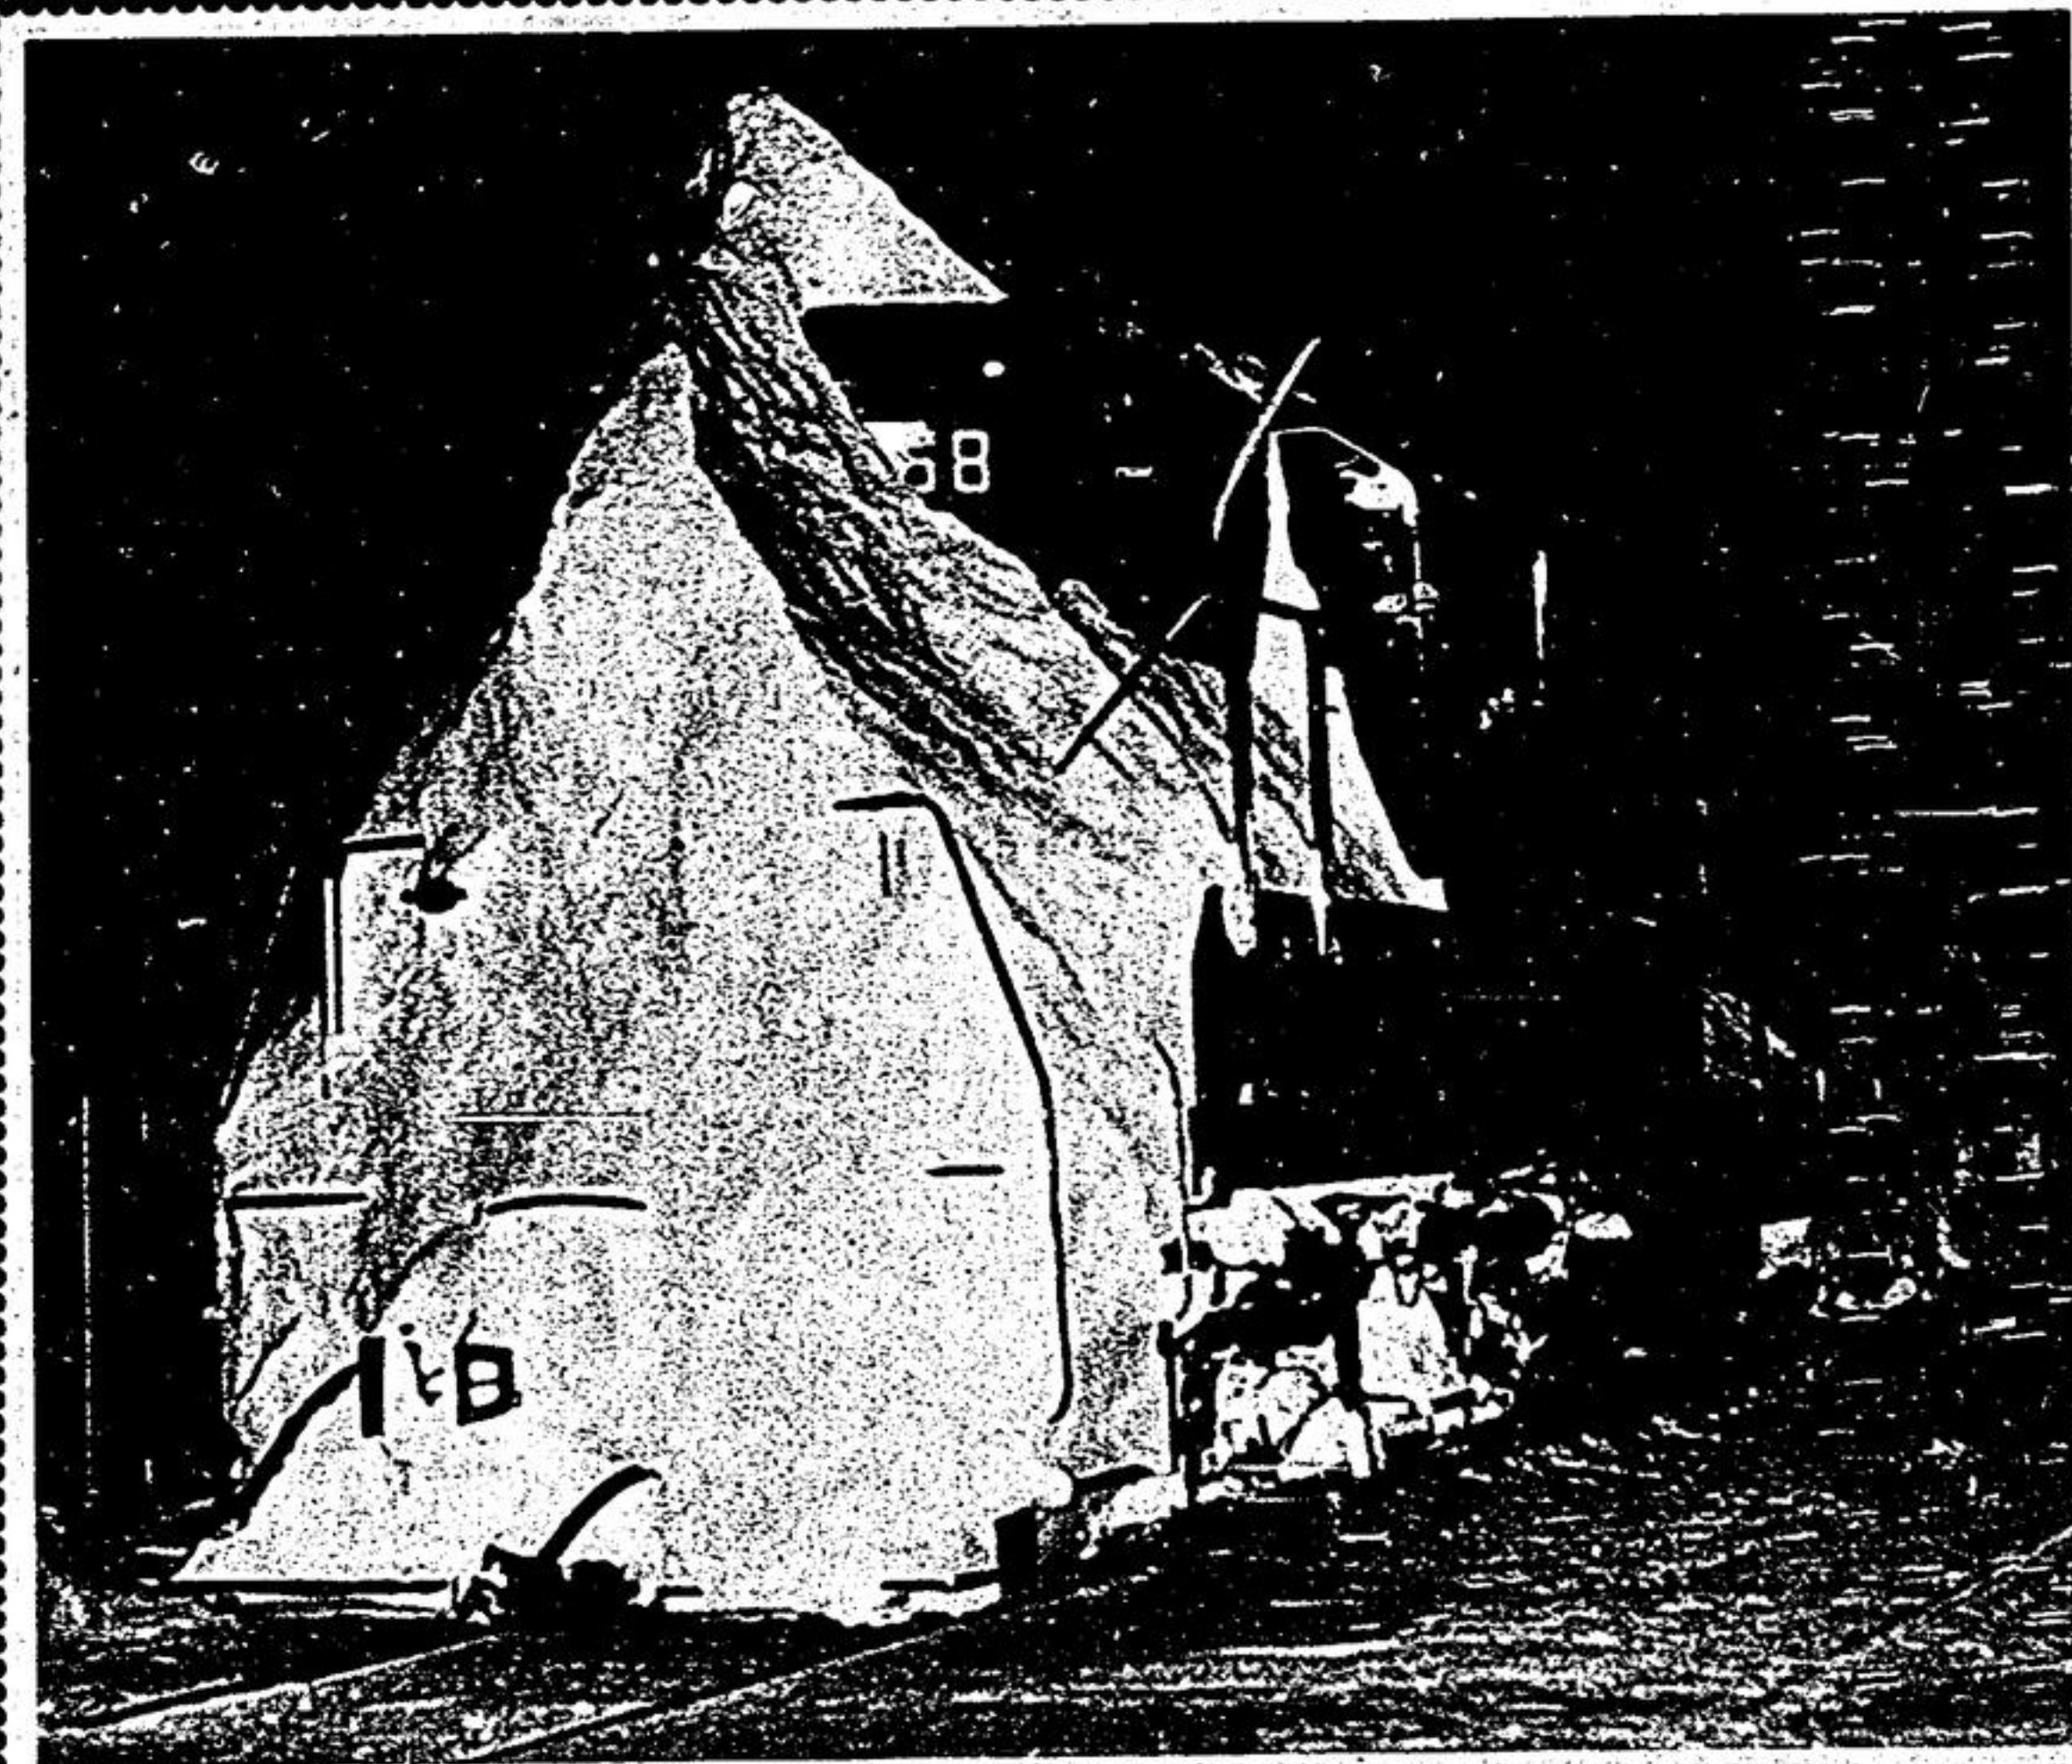

A companion, Santa Carino of Downsview said he was carrying a gun but had no intentions of shooting it.

Domenico Alonzi said his firearm was only a pellet gun.

Conservation officer, Kenneth Faulkner, acting for the Crown, described the Preston Lake district as 'one of the best game areas in Whitchurch Township'. He noted that other sections of the municipality had gradually become depleted. He argued that if the men had planned only to 'test' the guns, it seemed strange there were no targets set up for this purpose.

Judge Pearce pointed out to the accused that upon conviction of such an offense, sentence could be imposed up to \$1,000 in fines or 6 months in jail or both. He observed that while ignorance of the law was no excuse, it was for this reason only that fines were kept down.

Mr. Faulkner told the Court that the Department had followed advice from Mr. Pearce and had inserted notices in Toronto's ethnic newspapers, informing new Canadians of Ontario's Game and Fish laws.

C.N. locomotive cuts path through snow-clogged line

A diesel engine, the front packed with snow, is stationary on the C.N. line near Stouffville after hauling a portion of its freight load from Markham to Uxbridge. The train became bogged down at the height of the storm, Feb. 11. —Jas. Thomas

Snowmobile races

STOUFFVILLE — Sunday afternoon, Feb. 22 is 'Snowmobile Day in Stouffville'.

A big race meet is planned on the property of Mr. Gar Lehman, Hwy. 47, across from the Stouffville Sales Barns.

Registrations will be accepted from 12:30 p.m. with race time at 1. Eight events are scheduled with an entry fee of \$1.00 per event. Trophies will be awarded to all 1st place finishers. All engines must be strictly stock.

Spectator admission is free.

Nominated for award

YORK CTY. — York County Board of Education Chairman John J. McKay has been nominated by the board to receive the Ontario Secondary School Teachers' Federation Lamp of Learning Award for 1970.

The award is made annually by the federation to a member of the community who is not a member of the teaching profession who has made an outstanding contribution to secondary school education in Ontario.

The 1970 Award winner will be announced during the late spring.

Principal Arnold Schell Praise for students

OSHAWA — Arnold Schell, principal of Donovan Collegiate, Oshawa, is a product of the elementary and secondary school system in Stouffville. He is the son of Mr. and Mrs. Wesley Schell, Victoria Street and the brother of Harry, Sunset Boulevard and Percy, Edward Street.

Principal Schell was the guest speaker at a recent meeting of the Oshawa Rotary Club.

Mr. Schell, who spoke on the role of the secondary school principal in education today, said 'students were being challenged to think for themselves so they would develop the practices which would stand them in good stead during their lifetime. Students were being encouraged to adopt a broad perspective and were being given a firm guiding hand by their teachers.'

Only a few students were shirking their responsibilities, he said. Teenagers, as a whole, were a very honest group who are inclined to challenge traditional thinking, and are profoundly disturbed, by the fact that half the world is hungry. Growing up today, he said, is hard work. For that reason enduring values must be set.

Mr. Schell said many of the difficulties confronting the young generation arises from the permissiveness of parents and society generally. Many do not go to church and most are alienated from nature. There was also a lack of dialogue in the home and a lack of spiritual maturity. The best bulwark against failure was the maintenance of the family unit.

The principal of a secondary school, Mr. Schell said, must purvey all possible wisdom to bridge the gap between parents and the teaching staff, make education a matter of vital concern as well as fill the role of administrator and business manager.

Arnold Schell

able wisdom to bridge the gap between parents and the teaching staff, make education a matter of vital concern as well as fill the role of administrator and business manager.

Struck three times

UXBRIDGE TWP. — It was a frustrated motorist who stood on the side of Hwy. 47, east of Lincolnville and watched helplessly as his 1969 model Volkswagen was hit three times.

The driver was one of several that became marooned in a huge snow drift during the 'big blow' Feb. 11. A school bus and a tractor trailer were bogged down for a time.

Night time bus service

ONTARIO CTY. — Secondary school students, participating in extra-curricular activities after regular school hours, will be transported home by bus, according to an agreement reached by the Ontario County Board of Education.

The cost for this service has been estimated at \$13,700.

Several stipulations have been imposed. No one school can utilize a bus for more than 100

nights out of each school year or more than 4 times in any given week. The service will prove a benefit to student athletes who play many of their interschool games in the evenings. Some school clubs also meet during evening hours.

Trustee Alex Williamson said the Board had been concerned with the problem for some time. He noted that if 80 or 90 percent of the students returned home by bus in the afternoon, extra-

curricular programs would have to be discontinued.

Trustee Milton Mowbray said the night-time service would be provided only from the students' 'home' school and not for boys and girls engaged in 'away' games.

Since each bus holds up to 80 passengers, it was felt that only one per school per night would be required.
