Stranded students ride home on snowmobiles

By Eleanor Todd
GOODWOOD — Almost everyone in the village has a story to tell about last Wednesday's snow storm. Somehow the bus drivers managed to transport all the public school children home safely, but two buses bringing high school students home from Port Perry were held up by an accident on Highway 1A, and the kids rode the rest of the way home by snowmobile. It was after 8:00 p.m. before the last of them reached their own doorsteps. Harv. Bunker and Perc. Yake were held up by the same accident and while Perc. sat in Harv's truck talking, someone ran into his station wagon and smashed it beyond repair. The public school was closed all day Thursday while people dug out from under.
