Fiancee killed

Dangerous driving charge dismissed

MARKHAM TWP. — A charge of dangerous driving against Donald Lamoreaux, 24, of Dixon Avenue, Toronto, was dismissed by Judge Russell G. Pearse following over two hours of testimony in Richmond Hill Court, March 3. Lamoreaux was charged following an accident at the intersection of Don Mills Road and 16th Avenue, at 1:30 a.m., Sept. 29, 1969, in which the car he was driving struck the rear wheels of a 57 foot tractor-trailer in the process of completing a turn at the corner. A passenger in the Lamoreaux auto, the accused man's fiancee, 22 year old Carol Gough of Willowdale, died four days later in hospital.

The results of extensive tests, conducted by the Markham Township Police at the site, were introduced as evidence. Crown Attorney Michael Roell stated the information indicated the accused was travelling at a high rate of speed at the time of the collision. In dismissing the charge, Judge Pearse explained that the Act, under which Lamoreaux was charged, stated that dangerous driving entails operating a motor vehicle in a manner which would be hazardous under "normal" circumstances which might be expected at that time and place. He pointed out that some of the circumstances encountered were not normal
