

Stouffville landmark comes tumbling down

Demolition is well underway at the former plant of the Goldfish Supply Company, Albert Street South, Stouffville. The property, sold recently by C.W. Hendricks of Shea Real Estate, will be the location of two new apartments, one to be erected this summer. Peter Harris.

Car - truck crash

Ladies are lucky to be alive

By Eleanor Todd
GOODWOOD — Marina Coburn and Dot Elson consider themselves lucky to be alive. While driving along the Bloomington Road they were hit by a half-ton truck travelling south on the 9th concession. Marina's car, now a complete write-off, rolled over and landed in the ditch, yet both ladies were able to crawl from the wreckage with no bones broken. They suffered multiple bruises and shock, and Marina must spend some time in Uxbridge Hospital for treatment of pulled muscles in her neck and arm.

Bobby Yake, Jim Brown, Donna Geer, Arlene Ferguson, and Lois Hiles have really got what it takes. These remarkable young people from Goodwood Public School, along with Don Bell and Don Ferguson in their first year at high school, were among those who went the distance at the Skate-a-thon in aid of minor hockey at Uxbridge Arena. They were on the ice a full 24 hours ending at 10 o'clock Saturday evening. They managed to keep going by taking turns holding each other up.

There was standing room only when the "April Shower of Stars" got underway in the public school

gym Thursday and those parents who stayed until the end were not disappointed. The quality of the entertainment was very good throughout, and there were no long waits between numbers. At intermission the principal, Mr. Smith, described a new system of promotions to be introduced next fall whereby pupils advance at their own speed. This will make it possible for the more gifted children to complete public school in 7 years instead of the usual eight. He announced also that registration for Kindergarten is April 17.

Mel McNeil dropped his last donut into the fat last Friday and is now an

employee at Dominion Stores. His problem was that the donut business was too good and there simply weren't enough hours in the day.

The Wednesday night athletic club in the public school gym for the men and boys in the community will suspend its activities at the end of this month and begin again in the fall. Since it started, there has been a flurry of telephone calls among the girls and ladies in Goodwood, so we can expect to see a second night set aside for them next September. However, there are many who see no reason for waiting that long to start exercising.

We may have a ladies' volleyball and baseball team this summer, just for fun of course. If you'd like to play volleyball Mrs. Fiore has the ball and a net, and if baseball is your game, Alice Stewart is taking down names.

In case you hadn't heard already, Goodwood is out of the O.R.H.A. play-offs. Sunderland defeated them 3 games to 1.

This week's birthday people are Joan Bell, Sherri Todd, Robert Grasser, Bruce Coburn, Marie Watson and Jannette St. John, and last week, Mr. and Mrs. Alex Frechette celebrated their 50th wedding anniversary.

1970 Assessment Enumeration

Enumerators will shortly be calling on all properties to obtain the statistical information required in connection with the 1970 assessment.

The information to be obtained provides the basis for:

- (i) preparation of municipal voters list
- (ii) selection for jurors duties
- (iii) population census
- (iv) mailing of assessment notices and tax bills to property owners
- (v) direction of school support

* The correct total population is important to the municipality for Provincial per capita grants, payable to reduce the revenue required to be raised by property taxation.

All enumerators will carry an authorized identity card with photograph. Their questions will take only a few minutes of your time and we would request the co-operation of all residents.

Turn On the FUN with FOX MINI-BIKES

Yes sir, you really can "turn on the fun" with a Fox Mini-Bike. Ask Gord Wideman about these compact fun-bikes. He'll be pleased to tell you the full story.

Fox Mini-Bikes Waiting for You at Stouffville Trailer Sales & Rentals.

A MODEL FOR EVERY PURPOSE A PURPOSE FOR EVERY MODEL

If you want to follow a narrow trail through the bush, you go with a FOX; if you want to trot down to the store for supplies while at camp, you go with a FOX. Simply fits into the trunk of your car, or on your camper, boat or plane. So versatile it's a real pleasure to own one. You can really scoot too! Have fun with every ride! The four Fox Mini-Bikes at right are waiting for you to give them a trial run — each a different model. Try one soon!

FOX DOODLEBUG

1-speed transmission engages automatically. Front suspension, high-low beam alternator lighting with stop tail light. Universal wrap-around tread for sure traction. 4 cycle Tecumseh power plant. No fade disc brakes. Heavy duty shock absorbers on front. Weighs 91 lbs. Approx. 45 miles per gal. See it soon!

FOX SPOILER

Scrambler type mini-bike — more fun than a "barrel of monkeys". Powered by a Tecumseh 4 cycle, 172 cc. engine. Approx. 45 mi. per gal. 1-speed transmission shifts automatically. Knobby tires with wrap-around tread. No fade disc brakes. Heavy duty shock absorbers front and rear. Try one today!

FOX SPRITE

Here's a neat little number good for hours of real fun. Powered by a HP Tecumseh engine, 10" tires for good grip. 34" wheelbase, 44" long. Big comfortable seat. It's a "go'er". Try it!

FOX CONDOR

A super "duper" trail mini-bike that's surefooted enough to flatten every hill and trail. Great for fishing, hunting, camping, etc. 1 speed transmission shifts automatically. Wrap-around tread, knobby tires. Tecumseh 4 cycle, 172 cc. engine. Approx. 45 mi. per gal. No fade disc brakes. Heavy duty shock absorbers front and rear. Overall length 51". A real grabber for you to try.

FOX CAMPUS FX

Rides like a road racer, makes fun happen! Positive 1-speed automatic transmission, safety rear disc brake, hi-low beam alternator lighting with stop tail light. Approx. 45 miles per gal. 4 cycle 172 cc. Tecumseh engine, universal tires with wrap-around tread. It's a great fun unit.

FOX TRAIL TRAMP

The newest, finest and most exciting mini-bike to ever blaze a trail. Great for camping, exploring, trail blazing and carrying a load. 2 speed transmission shifts automatically. Hi-Low beam alternator lighting with stop tail light. Knobby tires with wrap-around tread, 4 cycle 172 cc. Tecumseh engine. Come, live a little, try this fun-bike!

SCOOT ALONG ON A FOX MINI-BIKE... THEY'RE GREAT FUN!
