

Late Will Fockler

A community's loss

By Norma Tranmer  
BLOOMINGTON - The sympathy of the community is extended to the family of the late Mr. W.A. Fockler. Mr. Fockler was a descendant of one of the district's pioneer families and a long and faithful worker in the Christian

Associated Gospel Church. His firm handshake and cheery smile will be sadly missed by all.

Betty and Helen Nesbitt travelled to the U.S.A. for the holiday weekend, visiting Rochester, New York and Washington.

Mr. and Mrs. Larry Provost and family, Bardston, Kentucky, visited friends in the district for a week.

Mr. and Mrs. Ted Manser and family were weekend guests of Mr. and Mrs. Roy Jackson and family, Sunderland.

Sympathy is also extended to Mrs. Vi Insley in the passing of her mother, Mrs. Mary Eldridge, Toronto.

On Saturday, May 23, Mrs. Ada Lehman, a native of Dickson's Hill, celebrated her 90th birthday. She resides at the home of her daughter, Marjory (Mrs. Ben Gayman) in Unionville. —Jas. Thomas

Ninety years young

UNIONVILLE - On Saturday, May 23, Mrs. Ada Lehman of Unionville celebrated her 90th birthday. But seeing is not believing. For Mrs. Lehman, active and well, would pass for a lady many years younger. She resides with a daughter, Marjory (Mrs. Ben Gayman), Kennedy Road.

Mrs. Lehman, the former Ada Hoover, was born at Dickson's Hill in 1880, the daughter of Mr. and Mrs. Samuel Hoover. The close family circle includes two sons, Bruce of Delhi, Lewis of Uxbridge

and three daughters, Mrs. Noreen Wegg, Neustadt, Ont., Mrs. Gladys Valliere, Orton, Ont. and Mrs. Marjory Gayman, Unionville, R.R.1. One sister, Mrs. David Stouffer resides in Stouffville. The Tribune extends its congratulations.

Peter Harris, 25, The Tribune's assistant editor, travelled by charter flight to Kapuskasing, Friday, to participate in a weekend seminar arranged by the Ontario Weekly Newspaper Association.

Announcing the fastest beetle ever made.

You probably won't be able to spot the big change in this year's Volkswagen if you just pass one on the highway; but you might get an inkling when one passes you.

The 1970 VW has a bigger engine. (It's now 1600 cc.)

How we did it is interesting: we made the engine bigger, but we didn't add any weight. So while it pushes the Volkswagen

harder, it doesn't push itself any harder.

One of the reasons why Volkswagen engines with 200,000 miles on them are not unheard of.

Still, a little more horsepower hardly makes the bug a Beast.

A new Volkswagen won't show anybody that you've arrived. It'll just make sure you get there.
