

Speeding charge

Suspend license 30 days

MARKHAM — A Markham area man, now living at Musselman's Lake had his licence

suspended for 30 days and was fined \$50 following conviction registered on a speeding charge aired in Richmond Hill Court, June 12.

David MacAloney entered a plea of guilty to the charge.

P.C. William Thomas of the Markham Town Department told the court that he observed the accused east bound on Number 7 Highway at a high rate of speed.

He said that he took up pursuit and followed the accused at speeds of over 90 miles an hour. He was finally able to stop the car on Conc. 10 south of Stouffville.

He was charged with 40 miles an hour over the posted limit. The highway traffic act empowers a magistrate to impose a licence suspension up to a 30 day maximum when the conviction is for a rate of speed 30 miles an hour or more over the limit.

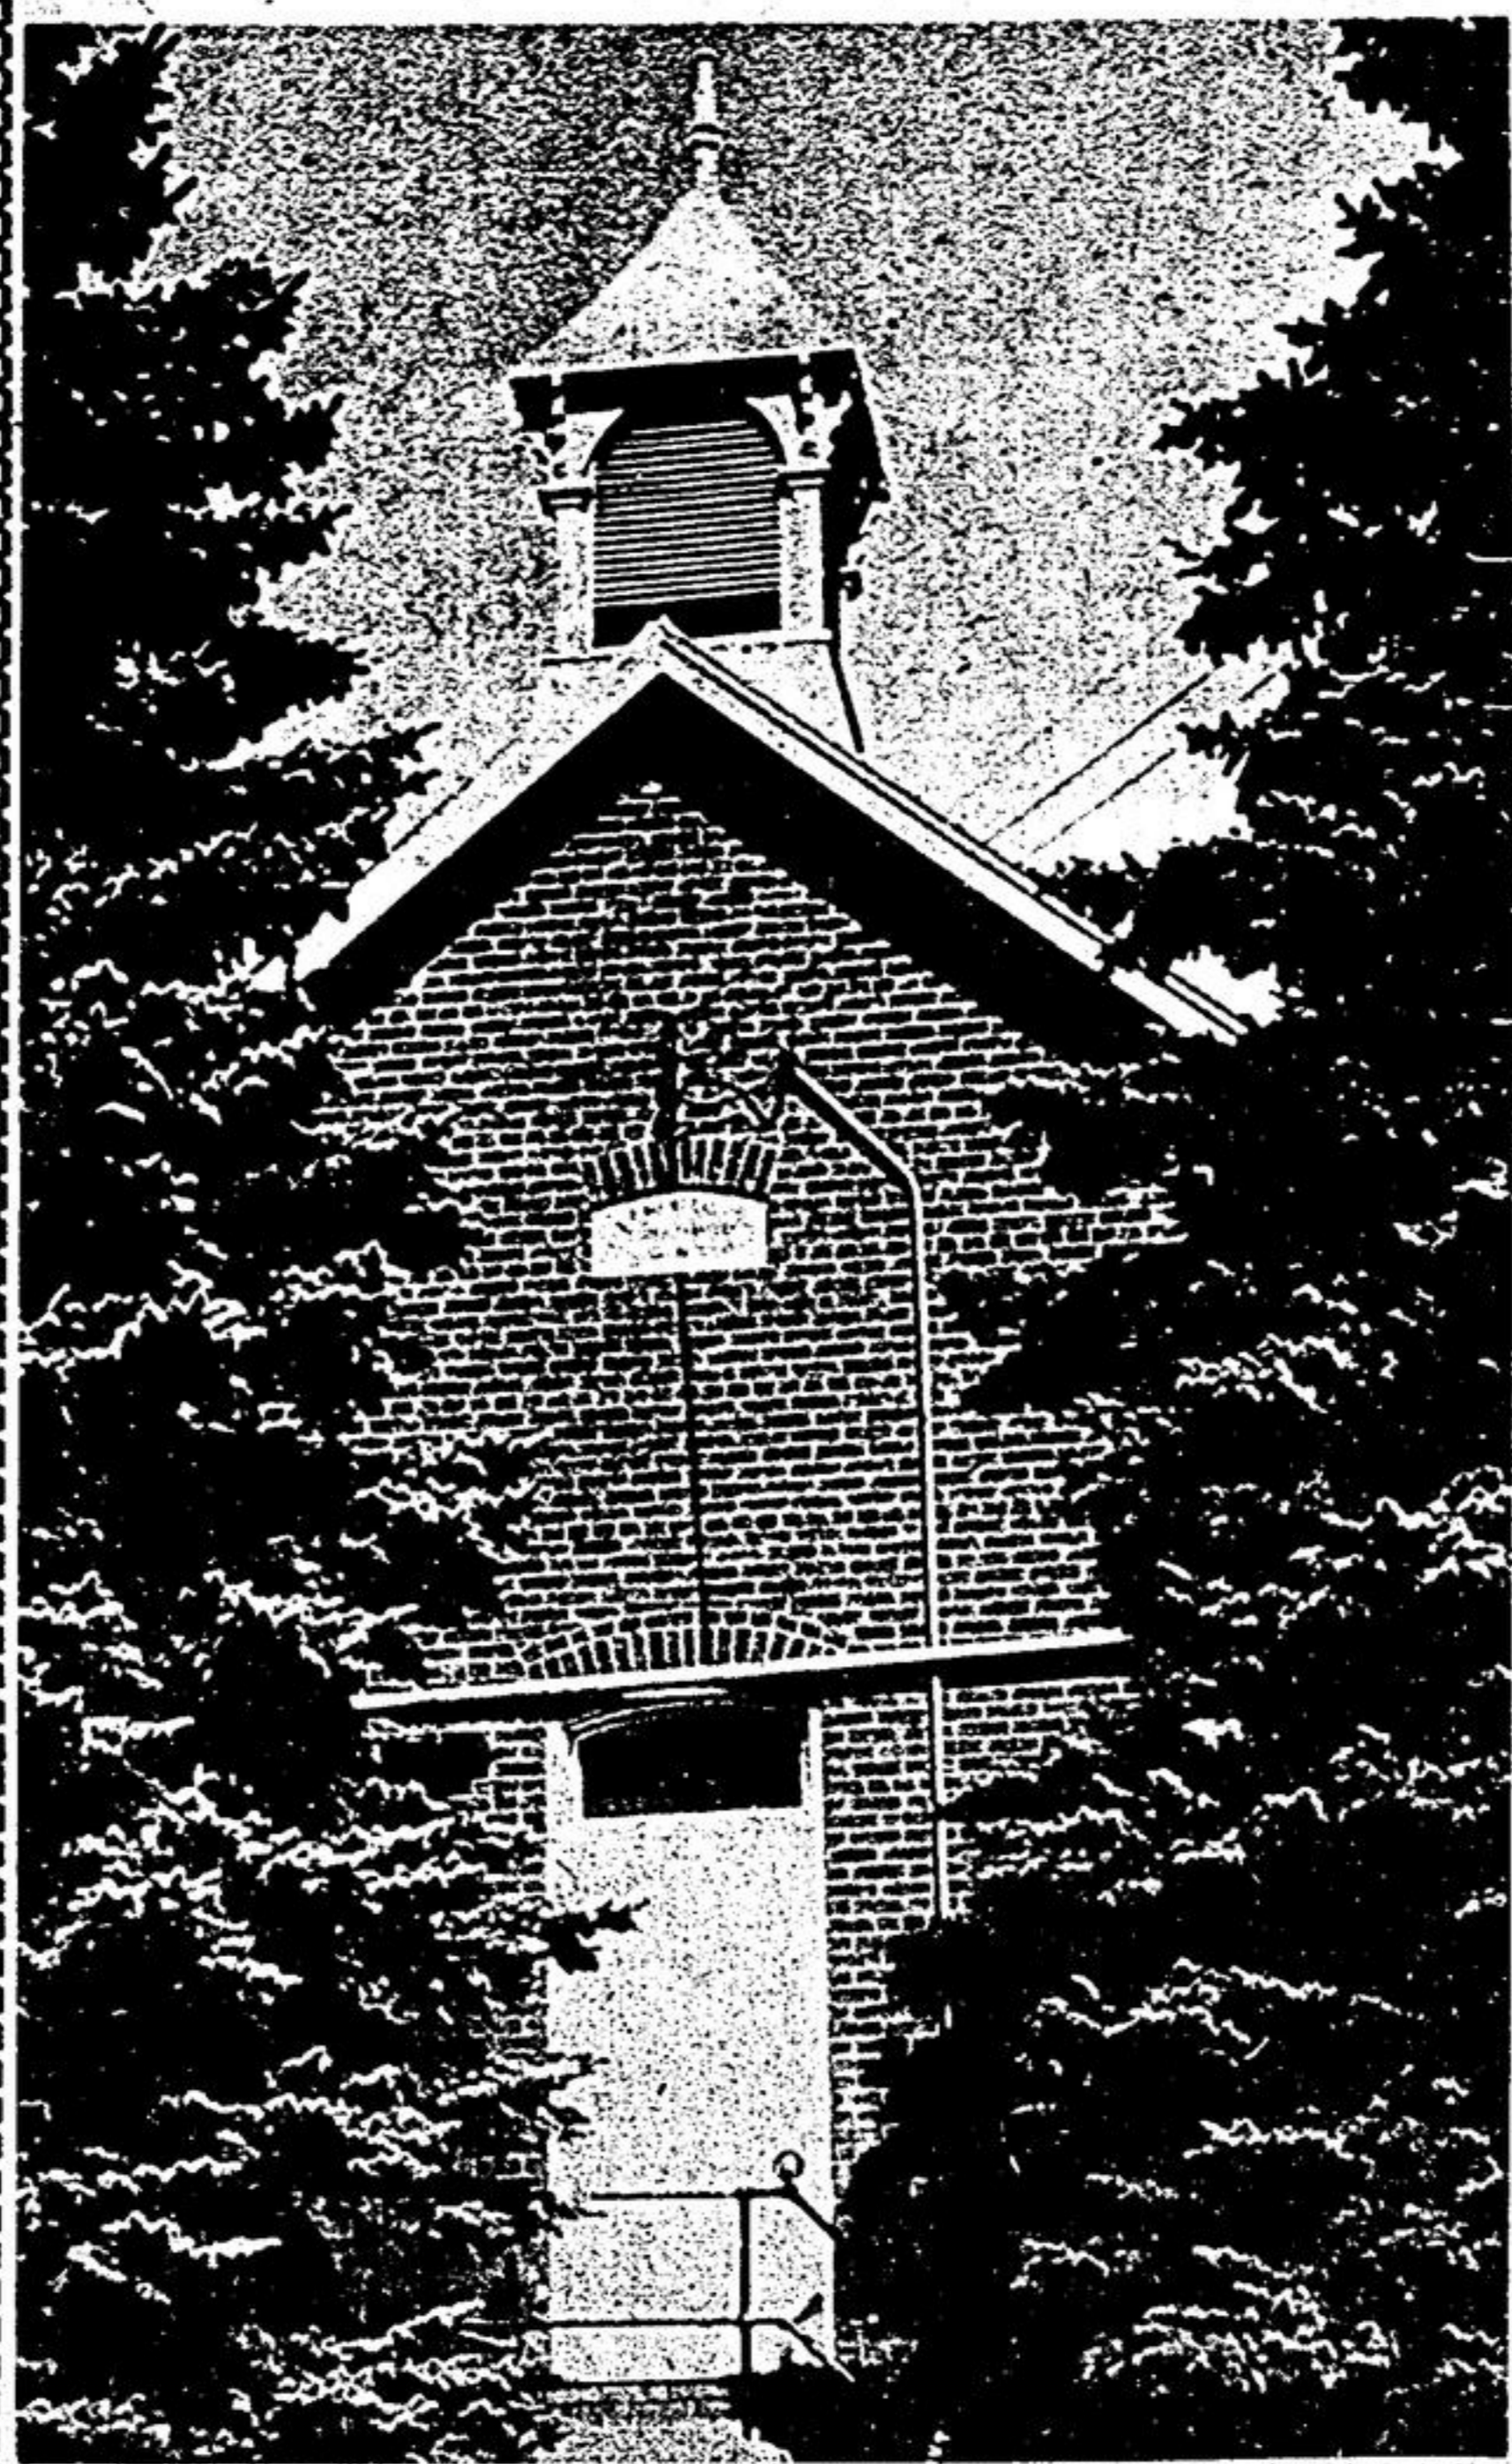

Committed for trial

STOUFFVILLE — A 17 year old Stouffville youth was committed for trial before a judge and jury following a preliminary hearing in Richmond Hill Court, June 12.

It is alleged that Gary Oliver, Loretta Crescent, entered the Stouffville Dist. Secondary School, January 24, with two juveniles, using a master key.

High School Principal, Mr. W.E. Duxbury, testified that he discovered signs that someone had been in the school the following Monday.

P.C. Thomas Wauchop told the court that the police were called, and as a result of investigation, the Oliver youth was questioned and later made a signed statement admitting his involvement in the episode.

End of era

The Bloomington Public School, a 72 year old community landmark, will be closed at the end of June. The pupils that would ordinarily return there in September, will be transported by bus to Orchard Park in Stouffville.

Contract to town firm

YORK CTY. — Konvey Construction Company of Markham has been awarded the contract to build a new secondary school in the Town of Aurora.

The tender, in the amount of \$3,644,470, was accepted June 8 at a meeting of the York County Board of Education.

Since the price is almost \$300,000 above the figure budgeted, the architects and staff will investigate alternatives which might reduce it.

What's the Best Way to Rent Your Home?

FRED COOK

Realtor

Put it in the hands of a good realtor.

Whatever you pay him — a percentage of the first month's rent or a monthly per cent of income over a long term — will usually prove well worth it.

A realtor, in the first instance, will help you set the right rent. From constant contact with market, realtors know the current rental value of properties. This will avoid charging too little for your property with a loss of revenue, or too much and a high rate of vacancy.

The right kind of advertising in the right media is the realtor's specialty. Or perhaps he already has prospective tenants, making an ad unnecessary.

How about the lease? Standard lease forms are too general. A realtor will help you avoid pitfalls BEFORE you fall into them by including specific clauses for your protection. This can also save you a legal fee.

Does your insurance cover renting? Your realtor can advise you and help you work out a separate policy for fire, liability and theft if required.

If redecorating changes are advisable to secure a better or quicker rental, a realtor is best equipped to advise you because he lives and works in the competitive market.

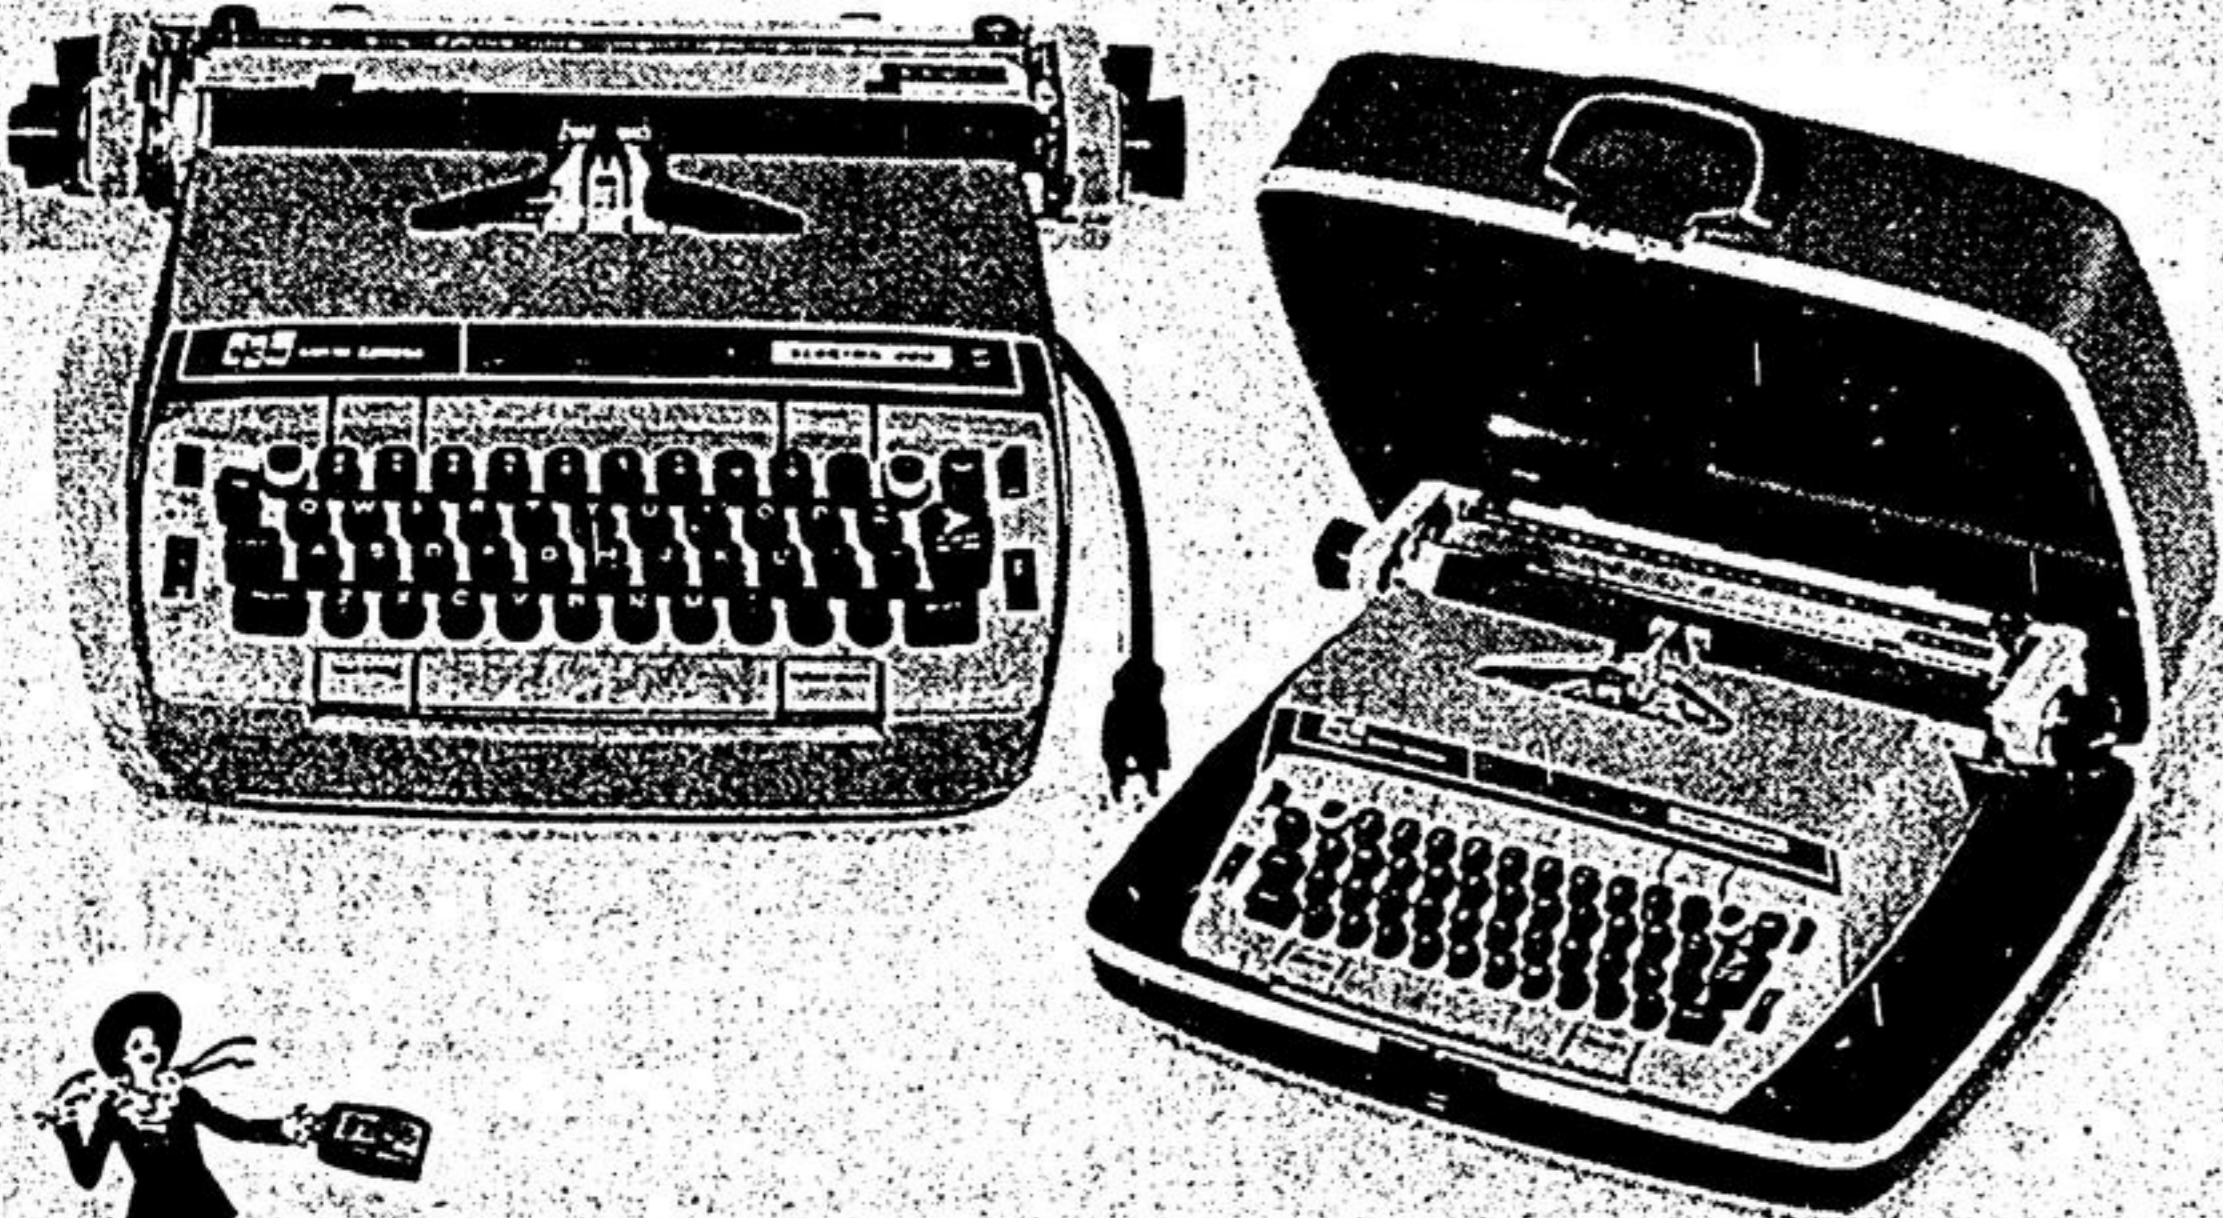

In any one or all of these ways a realtor will earn his fee — plus giving you a real plus — peace of mind.

Interim tax bill

MARKHAM — Interim tax bills, amounting to 8 mills on this year's assessment, have been mailed to property owners in the Town of Markham.

The taxes will be due June 30 and there will be a 1 percent per month penalty for arrears.

Council decided, June 1, that some move must be made to collect a portion of the taxes to meet expenses for the period. Delay in the actual mill rate being set is accredited to the provincial government in that they have not advised the municipalities in the county on how taxes under the new assessment will be equalized in the different municipalities.

Bell rate request

STOUFFVILLE — An application by Bell Canada, if approved by the Canadian Transport Commission, would increase residential telephone rates in Stouffville from \$4.40 to \$4.70 per month, Manager Gordon S. Wansbrough said this week.

Hearings will begin Sept. 9 in Ottawa.

Rates for individual business service would rise from \$9.10 to \$9.65 per month, Mr. Wansbrough revealed.

Additional revenue is required, Mr. Wansbrough said, to offset rising costs and prevent deterioration in service.
