PUBLIC HEARINGS

Public hearings will be held in August and October 1970, by the Regional Government Component of the Oshawa Area Planning and Development Study. OAPADS is a cooperative Municipal-Provincial undertaking to design a regional government structure and a development plan for the Oshawa-centred region. The area under study includes Ontario County, the western portion of the United Counties of Northumberland and Durham, and adjacent areas.

A tentative but specific proposal for regional government will be contained in the third OAPADS report to be published in the next few weeks. Copies of this and the two earlier reports will be available for inspection in public libraries and municipal offices throughout the study area.

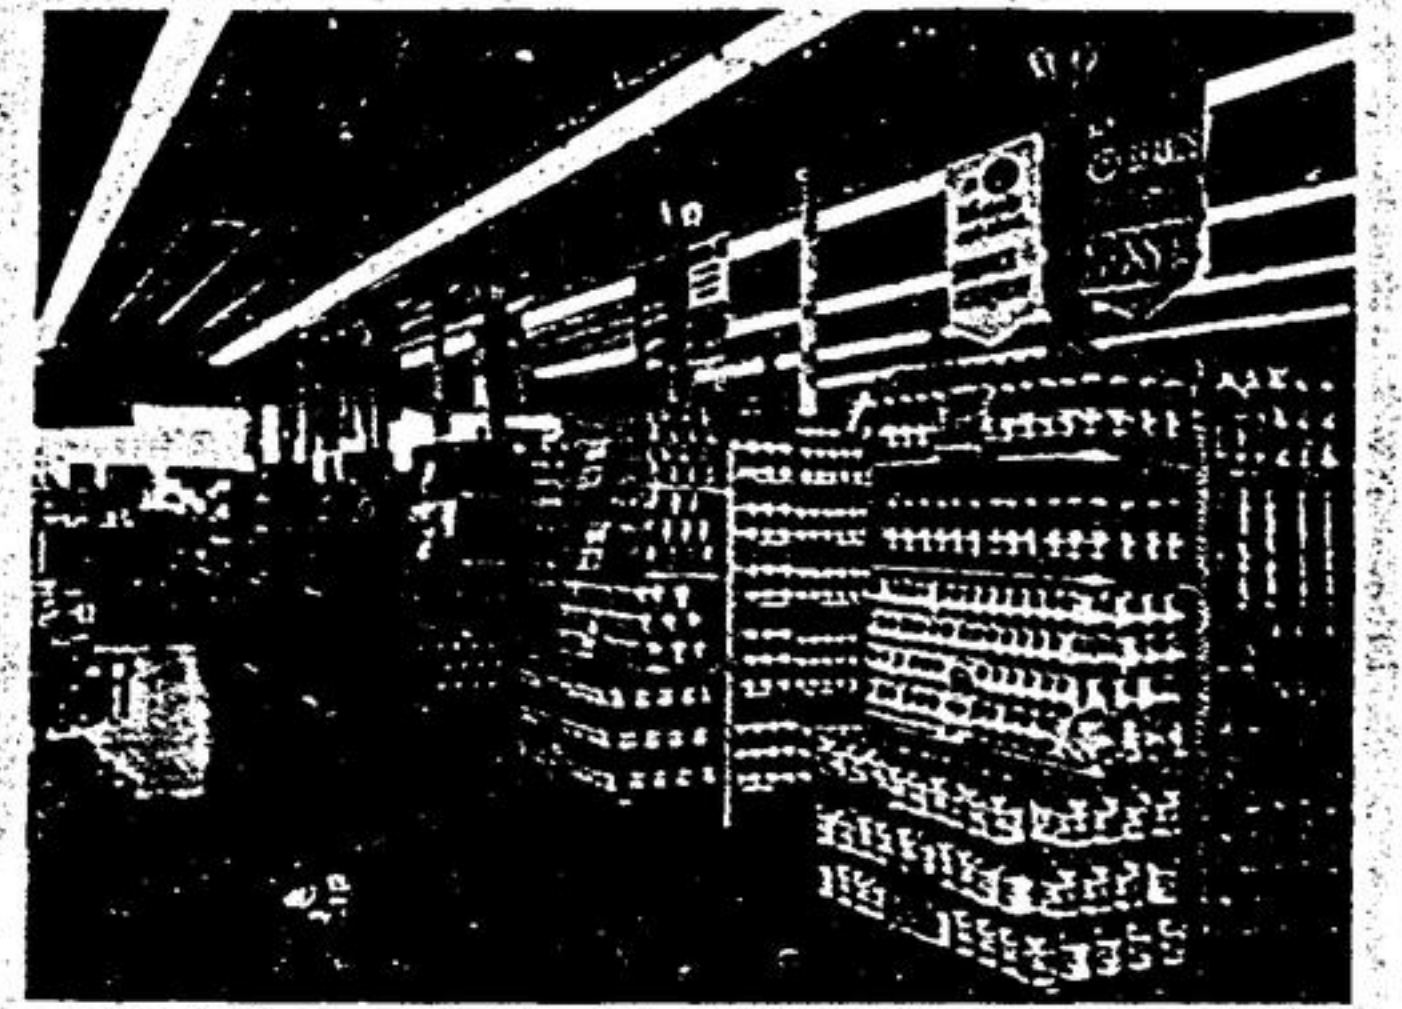

Individuals, organizations, corporations and public bodies are invited to present their reactions to this proposal by making submissions at the public hearings. A submission may be written or oral, or preferably both. The hearing procedure will be made as informal as possible to encourage open and frank discussion of the issues at stake. It must be stressed that input to the study from the hearings can have a significant effect on the final regional government report.

The first set of hearings will commence on August 17 and will be held in resort areas to accommodate seasonal residents and any other persons and organizations who may wish to appear then. Those wishing to appear in August should so inform the OAPADS Executive Administrator Mr. R. E. Sims, at 605 Rosland Road East, Whitby, 668-3383, no later than July 31, 1970 in order that a hearing schedule and locations may be established and advertised in early August.

The October hearings will commence on October 5, and will be held in the other parts of the study area. Any person, organization, corporation or public body may be heard in October. Those wishing to appear should give notice as above, no later than September 8, 1970 so that the hearing schedule and locations may be advertised by late September.

Persons giving notice of their intent to make a submission will, on request, be furnished with copies of the OAPADS reports, and provided with any necessary further information.
