

# Farm Safety Week

**JULY  
25-31**

## DON'T GAMBLE WITH YOUR LIFE!

### FOR SAFETY'S SAKE, FARM WITH CARE AND CAUTION...

Every Week, every day, farm safely. A little extra care can often make a big difference in assuring your personal safety. Watch your step to prevent serious falls. Keep farm equipment in safe shape, and don't wear loose clothes around machinery. Check your home and farm buildings for fire hazards. Use the right tools for every job, and put them away when you're finished.

A farm accident doesn't always happen somewhere else or to someone else. Do your best to make sure it can't happen to you. Think and act safely.

**A** ALWAYS  
**B** E  
**C** CAREFUL
