Lemonville School - 1934

Teacher's salary \$500

YORK CTY. — The recent request for the return of old school records is having interesting results.

A member of the maintenance staff heard the plea broadcast over the radio and recalled seeing old records at Lemonville School, now closed but used for equipment storage. These turned out to be old registers and account books dating from 1893, for School Section 9, Twp. of Whitchurch.

They make fascinating reading. Income of the school section in 1912, for instance, was \$710.22, including \$36 from the Clergy Reserve Fund, a legislative grant of \$65, and county grant of \$20.70 and tax receipts of \$408.53.

This makes the provincial contribution just under 10 percent, compared to the 47 percent the province contributed to education costs in York County this year.

The teacher's salary for the year appears to have been \$450 and she was paid \$36 in June, \$65 in August and the "balance of teacher salary" on December 24 that year. Presumably she was a good manager and was able to live on past savings for the bulk of the year. (By 1916, the same teacher, a Miss Mary E. Cook, was receiving \$565 per year, according to a copy of an agreement tucked into the record book.) By 1924 the teacher was receiving \$1,000 per annum but this was cut back to \$850 in 1930, to \$700 in 1932, to \$600 in 1933 and hit a low of \$500 in 1934.

An old log book entry for

1937 reports that "The new inside toilets were approved by Dr. Williams, M.O.H. of Aurora and a sanitary drinking pail was installed."

Books for 1911 to 1917 were signed as audited by H.C. Burkholder, thought to be a relative of present Vaughan Twp. Treasurer H.C. Burkholder whose family comes from the Bethesda area in Whitchurch Twp.

Anyone else with knowledge of the whereabouts of old records of schools or former schools in the county is asked to contact Communications Officer Margaret McLean, Box 40 Aurora, 727-3141, 884-8131.

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance

Believes Pain As It Starts Hemorrhoids

If you want satisfactory relief from itching piles—here's good news. A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing. Its germ-killing properties also help prevent infection.

In case after case "very striking improvement" was noted, even among cases of long standing. And this improvement was maintained over a period of months!

This was accomplished by a new healing substance (Bio-Dyso) which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyso is offered in ointment and suppository form called Preparation "II". Ask for it at all drug stores—satisfaction or money refunded.
