Mr. and Mrs. Ernest Eade

For Gormley couple — a golden day

GORMLEY — In the living room of Mr. and Mrs. Ernest Eade's cozy Gormley home is a wedding photo of fifty years ago.

Mrs. Eade, the former Mabel Flintoff, was lovely then. She was on Saturday in a floor-length pink gown with a yellow carnation corsage.

The occasion, their Golden Wedding Anniversary. During the afternoon and evening, the well-known and highly respected couple received more than 160 guests, family friends, neighbors and relatives, many travelling long distances to attend.

It was a beautiful day, the weather as warm as the welcome.

Mr. Eade is a native of Snowball in King Township, the son of John and Jennifer Eade. Mrs. Eade was born in Whitchurch, the daughter of Charles and Sarah Flintoff.

They were married, Nov. 10, 1920, at her parents' home, Pine Orchard. Rev. Robert Hall, pastor of the Christian Church, Newmarket, performed the ceremony. Before moving to Gormley, Mr. and Mrs. Eade resided at Orillia and later near Vancor. Mr. Eade was a section foreman on the C.N.R. line nearly 40 years.

Both are active members of the Gormley Missionary Church. Mrs. Eade belongs to the Sewing Circle and has been a wonderful help in the Sunday school.

The couple are justly proud of their family: two daughters, Grace (Mrs. Bruce Crowder) of Richmond Hill, Edna of Gormley and one son, Bruce of Markdale. They speak with equal pride of their grandchildren, Carolyn, Donald, Connie, Judy and Paul Crowder; Ruthann, Julie, Janet and Linda Eade.

The affection is two-fold. The grandchildren presented their grandparents with fifty yellow roses. The children gave their parents a beautiful gold rocker.

In addition to dozens of cards and several long-distance telephone calls, telegrams were received from Prime Minister Pierre Trudeau, Premier John Roberts, Robert Standfield and M.P.P. Donald Deacon.

Assisting at the tea tables were Miss Greta Flintoff and Mrs. Beatrice Mills of Newmarket, sisters of Mrs. Eade and Mr. Eade's sister, Mrs. Lulu Neddrey, Aurora and sister-in-law, Mrs. Steven Eade of Newmarket.

The Tribune is pleased to add its congratulations to a wonderful couple on a wonderful day.

Mr. and Mrs. Ernest Eade of Gormley, celebrated their fiftieth wedding anniversary, Nov. 7, 1970. During the afternoon and evening, they welcomed more than 160 family friends and relatives. —Jas. Thomas.

Family Life Centre

Approve \$200 grant

STOUFFVILLE — The Family Life Centre, a Markham based counselling service that accepts referrals from Stouffville and area, has been approved for a \$200 grant from village council.

The action, Thursday, followed a recommendation by reeve Ken Laushway and an explanation of the organization's work in the Stouffville community.

The original budget three years ago, he said, was \$5000. In 1970, he explained, it had increased to \$30,000.

He pointed out that about 30 percent of the cases handled through the Centre, were from in and around Stouffville. "We often pay out \$100 or \$200 to

other organizations that are not as beneficial locally as this one," he said.

The motion that followed was accorded unanimous support. Guest speaker Mr. Mario Bartoletti, director of the Markham Family Life Centre will be the guest speaker at a meeting of the Stouffville Lions Club, Monday, Nov. 23.

White Cross program

The Canadian Mental Health Association in York County is again sponsoring a Christmas gift program for the mentally ill. Each year, White Cross volunteers endeavor to give each patient one gift. They number over 1,000 in York. Further information is available from Stouffville area representative, Mrs. Eleanor Mercer, Manitoba Street, 640-2243.

IT'S EASY, AFTER ALL... TUNING IN TO ENTERTAINING EDUCATION

Getting Channel 19 is easy when you know about UHF. UHF is not an invasion by extraterrestrials. It stands for Ultra High Frequency signals, which bring you the best television there is. Here are the ways you can tune in:

2. If your set has only the conventional dial, you'll need both a UHF converter — about the size of a portable radio — and the UHF antenna. Consult your television service company for the details. Tuning thereafter is the same.

1. Take a close look at your set. If, in addition to your conventional dial selector, you have a second dial marked channels 14 to 83, this is your UHF selector. It's the one you've been wondering about since you bought the set, right? To bring in Channel 19 with this dial, you'll need a UHF antenna. It's not expensive. Your television service company will provide you with all the details.

3. On the other hand, cable TV brings you Channel 19. If you have a UHF dial in this case, forget all about it. Instead, Channel 19 will be on the conventional dial, on one of the channels 2 to 13, depending on where you live. For additional information, check with your cable company.

With the UHF antenna installed, tuning in is simple. Just turn the conventional dial to the "U" between channels 2 and 13. Then tune the UHF dial the way you would any radio. There won't be any click, but somewhere between UHF channels 18 and 23, you'll get there. Then fine tune to fine entertainment and fine education.

4. For apartment viewers only: Check with the apartment owner to find out if your building is equipped with a UHF antenna. If so, you can receive Channel 19 by tuning in with your conventional dial. If not, you may be able to receive Channel 19 directly off air with a UHF converter or set.

Sounds confusing, doesn't it? It isn't, when it's at your fingertips.
