

Band thrills students

By RENE RENNIE
CLAREMONT — Claremont students thrilled to the music provided by the Band of Pickering Dist. High School, in the new audi-

Fifty dollars was raised for the Sports Pad project, by the Claremont Women's Institute, at a recent euchre. Winners were — Janet Ward, Gladys Badgero, Agnes Dunn, Walt Hardy, Stan Reesor, Frank Jenkinson. Ilean Whitney had the most lone hands. The lucky draw was won by Gwen Hammond.

How Sterling Trusts can help you beat the tax man and pile up \$100,000.

The secret? A Sterling Trusts Registered Retirement Savings Plan. The Government of Canada wants you to live well when you retire. So they allow you to deduct contributions to our Retirement Savings Plans from your taxable income. We pay you compound interest on the plan, and they don't tax that, either.

So if you contribute steadily, you can accumulate a nice little fortune. For example, let's say you're married with two children, you earn \$15,000 per year, and you can contribute \$1,000 per year.

Your plan will be worth well over \$100,000 in 35 years. (Based on current income tax rates and an interest rate of 6 1/2% compounded). You can contribute more — as much as \$4,000 a year or 20% of your salary, whichever is less — or you can contribute less. In fact, you can start a Sterling Trusts Retirement Savings plan for as little as \$100. And a Sterling Trusts Plan can often be coupled with an existing company pension plan.

You're eligible to save 1972 tax money until March 1st, 1973. Any contribution you make to a Sterling Trusts Registered Retirement Savings Plan by March 1st is deductible from your taxable income for 1972. That could put you in line for a good sized rebate in the Spring.

Don't let this opportunity slip by. Apply now. For full information either mail the coupon or call or visit one of our offices listed below.
