Eighteen-year-old Bonnie VanDyke, Stouffville, R.R. 4, loves riding horses and racing snowmobiles. She's The Tribune's Teen Pick of the Week. — Jim Thomas

Gripping the throttle of a bucking snowmobile or holding the reins of a prancing horse, eighteen-year-old Bonnie VanDyke, of Bethesda Road, R.R. 4, Stouffville, is a top competitor in her class.

The Grade 12 student at Stouffville Dist. Secondary School is The Tribune's Teen Pick of the week.

The skill of riding, be it snowmobiles or horses, has its rewards. The walls in the family recreation room are lined with ribbons and trophies.

Before moving to the Stouffville area with her parents and brother, Larry, Bonnie lived in Richmond Hill. Her first venture into the field of snowmobile racing occurred at a Kinsmen-sponsored meet on Mus-selman's Lake. The next year, she won the Powder Puff Class, and has never stopped. This winter, she was part of a 3-member racing team

that included Keith Betz and Paul Howard.

As an accomplished equestrian, she's been riding 'Chico', a beautiful half-Arab. This year, however, she'll show 'Sanman', a state-ly stallion from championship stock.

Since she only recently turned 18, Bonnie's still classed as a Junior.

While a Grade 13 diploma remains a very important goal, Bonnie and her parents too, look on this extra-curricular activity as a form of education. And in this regard, they note the excellent co-operation they've received from the school, particularly when it means missing a day, to prepare for a show.

Bonnie admittedly has two main recreation interests — riding horses and racing snowmobiles. However, this summer, just for variety, she plans to take up water skiing.

HELP THE LIONS CLUB OF STOUFFVILLE HELP THE EASTER SEAL CAMPAIGN

Here's what your dollars have done

One of our local "Timmys" is Wayne Carr. In most ways he is a happy normal boy of three years old. But he is different from his friends in one very important way. When Wayne was younger he was supplied with two new feet which he uses with such skill, that he can do almost anything any normal boy can do.

Two things have helped put Wayne back on his feet again. The first came directly from Wayne. It cannot be bought. It's something known as spirit.

The second came from people like you. It's the money it takes to rehabilitate children like Wayne. Skilled therapists, special equipment, modern facilities — all are expensive. In Ontario this care cost over two and a half million dollars last year. That figure may not mean much to you. But to Wayne it's meant everything.

Thousands of children depend on us for help. And we give it to them. Mostly because we think they deserve the chance that good fortune has given you — and Easter Seals have given to Wayne Carr.

Don't you think so too?

Please watch for, and use the Easter Seals coming in your mail this week.

See what your dollars can do. Give to Easter Seals.
