(Not necessarily selling price)
27.23 EACH
E78/14 (735/14)
to L78/15 (915/15) ... **37.29** EA.
(When sold in pairs after 5% discount for cash*)

Steel-Belted—the almost indestructible tire that shrugs off nails, glass, road debris—and, more important, gets you more miles—is on sale. Canadian Tire is clearing all stocks of Belt-O-Steel at drastic reductions. Built with 4 polyester plies plus 2 steel belts, the same quality—when sold under the manufacturer's own name at full list price carries a 40,000 mile guarantee. NOW, our Belt-O-Steel is *half that list price*—with 5-Year Road Hazard Insurance and 44-Month, 44% Pro-rated Wear-Out Discount Allowance instead of that mileage guarantee. However, before you settle for Steel, check our superb values in 4+2 Glass Belts and 2+2 Polyflex!

See catalogue for full particulars on Tire Guarantees

4+2 GLASS-BELTED NYLON
Costs 20% less and, for most service, we think it's more suitable than Steel. The 4+2 Glass-Belt is the strongest of all Glass-Belt constructions. And our 4+2 Belt-O-Glass-Nylon, and 4+2 Turnpike Wide Track Nylon are *twice as safe*. (See catalogue story: "Test that proved Nylon safer"). 5-Year Road-Hazard Insured, 44-Month, 44% Pro-rated Wear-Out Discount Allowance.

2+2 POLYFLEX
New Breed of belted tire—Rides softer, more like a non-belt. Amazingly, it captures most the attributes of original Glass construction, has typical on-track steering, improved traction and a record of excellent mileage. That we've learned by experience! 5-Year Road-Hazard Insured, 30-month, 30% Pro-rated Wear-Out Discount Allowance.
