**"Cash-Flow is the modern way to borrow, based mainly on what you earn — not what you own."**

Says Don Hendry, TD Manager, Stouffville

To get a loan, a few years ago, you pretty well had to own things—like a house, or bonds, or other securities.

Now, however, times have changed. And at Toronto Dominion, we're glad of it.

Today, when you come to us for a loan, we look at your earnings and expenses—or what we call your "Cash-Flow".

To work out your Cash-Flow, simply write down how much you earn, and how much you pay out in fixed expenses. What's left over is the money you can afford to spend, or save, or pay back in instalments when you want to borrow.

Cash-Flow is a realistic guide to how much you can comfortably borrow. It can put the things you want within your reach.

For help in working out your Cash-Flow, see us any time. We'll show you how you can put it to work to get those things that are important to you.

TORONTO DOMINION

The bank where people really do make the difference.

D. R. Hendry, Manager, Stouffville Plaza, 387 Main Street West, Stouffville, Ontario.

## The Mayor Reports

From the Town

of Whitchurch-Stouffville

Each week, Gordon Ratcliff, Mayor of Whitchurch-Stouffville, discusses issues of current interest to ratepayers in the municipality. Residents wishing replies to particular problems, may contact the Mayor personally, or write 'The Mayor', c/o The Tribune, Main St., Stouffville.

**Question:** Have you heard what the Department of Public Works intends to do with the old post office building when the facility is relocated? Is its re-use restricted through zoning?

**Answer:** We asked Public Works, on behalf of the Library Board, that we be given consideration when the old building is vacated. They informed us that we would be given first opportunity to purchase. The lot is zoned 'Open Space'. This means that the building could only continue its existing use as a public facility under municipal and Conservation Authority regulations. 'Open Space' lands follow the stream through the centre of Stouffville and it's the intention of the Town and the Authority that the stream be re-channelized with the next phase of residential development in Stouffville.

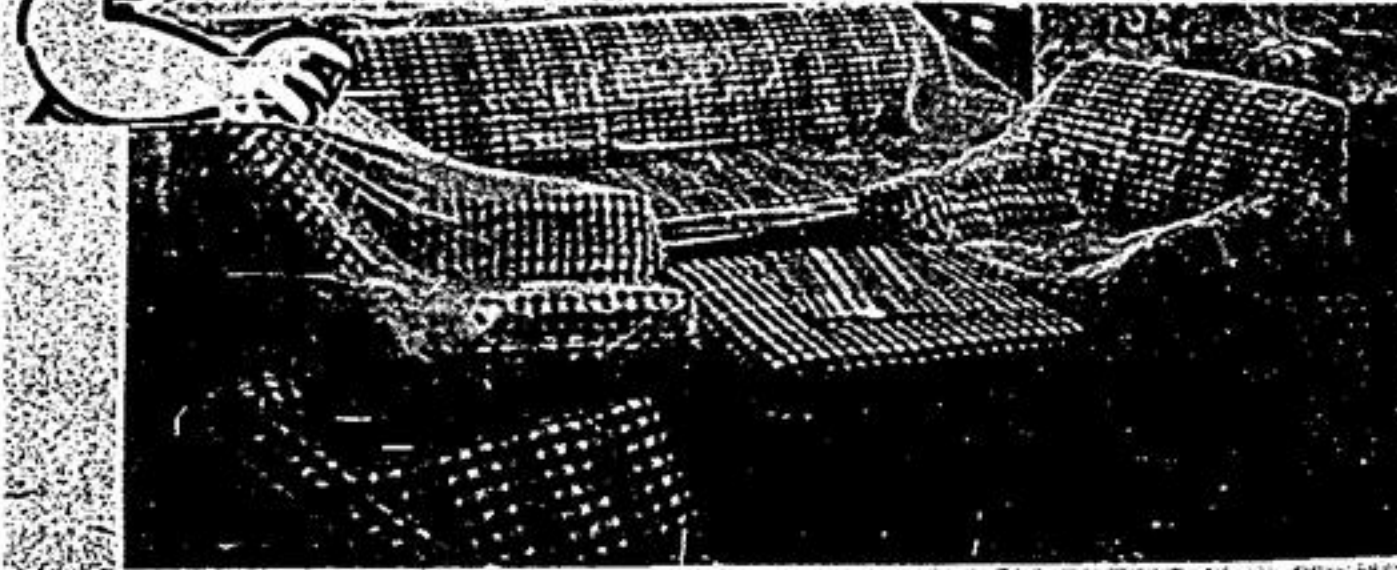

**Question:** What is your opinion of the new Administrative Committee that has been set up at the Regional level?

**Answer:** I think it's an excellent idea. The Committee, comprising the nine mayors of the Region's municipalities, will present to Regional council changes in policy, new programs, salary negotiations, and act as a buffer between department heads and council. I believe it will provide better liaison. The present method of dealing with administration has caused, at times, utter confusion at Regional meetings because of the abruptness in presenting programs. It also forces quick decisions on issues which are not researched enough.

**Question:** Do you anticipate that space in the municipal offices will be adequate for some time and do you foresee that 'administration' might ever become part of the library-sports complex presently being considered?

**Answer:** I can't see any reason why our present building would not fulfill the administrative needs of our Town for at least another ten years. There's still space not in use which could be converted into additional offices. With the trend to computers, which we already use for tax and water billing, the need for additional staff will be minimized. It is conceivable that if the municipal offices became obsolete in the distant future, they could be unified with a complex.

**SURPRISE HER WITH A MOTHER'S DAY GIFT LIKE THIS....**

### 4 PIECE CHESTERFIELD SUITE

in genuine Herculon Blend fabric (ask for the Herculon Test). You've seen this set too many times to be fooled by lower prices. This is still our most popular set after two years in Markham.

Suddenly... other mowers are obsolete!

## BOLENS MULCHING MOWER

Needs no grass bag.  
Leaves nothing behind to rake up.  
Feeds your lawn every time you use it.

So unique, it's patented. The Bolens Mulching Mower cuts your grass, chops it into tiny pieces, then blows the bits to ground level to become nutritious mulch. No dangerous discharge chute. Trims close both sides. In 3 1/2 and 4 hp models. Cutting widths 18" and 22".

## GIBSON

Now in Ontario, a family of quality and value.

- 1 Gibson's Cossack Vodka.** Tasteless. But what a great presence in a Bloody Mary and Screwdriver.
- 2 Gibson's London Dry Gin.** Especially distilled using the highest grade of botanicals. Superb foundation for the dry martini.
- 3 Gibson's 909 Rye Whisky.** The magic blend number that makes it one of the World's lightest whiskies. The bottle is especially designed

- with a finger-grip indent for easy pouring. An unbeatable value.
- 4 Neptune White Rum.** Light, bright, with the idea of tropic islands in every sip.
- 5 Noblesse Canadian Whisky.** A Canadian rye whisky of unexcelled taste and smoothness. Available in a special decanter bottle with a unique cork-lined stopper, in 25 oz. size only.

## CANADIAN GIBSON LTD.

Canadian Gibson and its predecessor company have been producing fine beverage alcohol products since 1946.
