

**Nine ladies blend singing voices at Music Mania '73**

Nine local ladies blended their voices in song at Music Mania '73, in the Stouffville High School auditorium, April 27 and 28. Members are: Rear Row (left to right) - Carol Hume, Anne McGourty, Audrey Clarke,

Ann McMurray, Carol Brodie, Judi Brillinger. Front Row (left to right) - Julie Johnson, Elva Newmarch and Joan Cudlip.

**Organize Health Council**

**STOUFFVILLE** - The District Health Council of Markham, Unionville and Stouffville has called a public meeting for 8 p.m. May 17 at Latcham Hall in Stouffville.

The Council is planning ways to improve health services while maintaining local control. It needs massive public support so as to gain recognition and approval from the Ministry of Health. The District Health Council was set up under the sponsorship of the Markham York Hospital to determine how health services could be improved.

Dr. Blair Mitchell was elected Chairman at the first meeting held at the Markham arena, April 4. Dr. Mitchell and his executive have been studying the Markham Health Facilities Survey made in this area by the Ministry as well as the many suggestions received from interested people. Their recommendations will be presented at the meeting in Stouffville.

The Council welcomes suggestions from any citizen or group. Send your ideas to the Secretary, Mrs. Jean Mann, Box 37, Stouffville and come to the meeting to discuss them. It is

but that people feel the need for the facilities of a hospital closer to home.

**Get pollution off your chest.**

Ontario is a fast-growing province - more people, more vehicles, more factories, more machines every day. With that growth comes the threat of damage to our environment. Pollution of all kinds. The Ministry of the Environment is Ontario's guardian of our air and land and water.

Here's who we are and what we do:

1. We monitor the air for pollution and order corrections if unacceptable levels occur.
2. We track down strange odours in the air and many things you can't smell and eliminate them if they are dangerous.
3. We investigate suspected air pollution injury to people or property.
4. We are responsible for noise pollution and are creating enforceable noise control measures.
5. Land Pollution. We deal with all the leftovers of our affluent society - the industrial waste, processed organic wastes, and ordinary garbage.

And regulate its transportation and disposal.

1. We protect all of Ontario's water sources from pollution.
2. We develop and control surface and ground water resources.
3. We watch all potential sources of industrial and agricultural water pollution.
4. We plan, build and finance modern sewage and waterworks facilities for Ontario municipalities.
5. We supervise all private waste disposal systems.

Ontario has some of the most comprehensive legislation in North America to protect our environment. But it will take the effort of everyone to solve our pollution problems.

Won't you help?

If you need our help, or you'd like to get a pollution problem off your chest, here's who you call:

**Water** 135 St. Clair Avenue West, Toronto, Ontario Phone: (416) 965-6967  
**Air** 135 St. Clair Avenue West, Toronto, Ontario Phone: (416) 965-1971 or Zenith 3-3220  
**Land** 135 St. Clair Avenue West, Toronto, Ontario Phone: (416) 965-1071

For more information on the Ministry and its programs write: Information Services Branch, 135 St. Clair Avenue West, Toronto M4V 1P5.
