

# Residents enjoy worship service

Sunday, Jan. 6, our Residents enjoyed a meeting of praise, fellowship and worship conducted by Rev. Stanley Grant of the Stouffville Pentecostal Church. Mr. Grant's daughter, Colleen, was special soloist.

The second in a series of pictures of the Holy Land with a taped message by Dr. Miles was shown by Mr. Charles Ratcliff Thursday, Jan. 10. There will be one more meeting in this series Jan. 17.

Rev. Wm. vander Bent, Parkview Home Pastor, spoke to the staff members during a coffee break, Jan. 10, on the subject of work - mentioning in particular - work attitudes and the quality of work.

Four Vietnamese university students from Toronto and the United States, recently visited with Reverend and Mrs. D.I. Jeffrey at Parkview. Needless to say, it was a joyful re-union with Nguyen xuan Duc, Nguyen xuan Phuoc, Trang trong Hai and Huynh thai Binh. They are sons of Vietnamese pastors with whom the Jeffreys worked for many years. There are dozens of such students in a dozen countries, representing a large and growing Christian community in South East Asia - The Evangelical

Sunday, Jan. 13, the evening service was conducted by Rev. Paul Martin of Wideman Menonite Church.

Eager faces of Residents and Staff peered through windows facing east as workmen arrived on Friday, Jan. 11, to plant stakes and erect a workmen's construction shack on the site of the Parkview Senior Citizens Apartments. Excavation will probably begin in about a week.

THINGS ARE DIFFERENT NOW  
by Sebastian  
MARKHAM - Luckily the beauty industry has kept up with the times. You just don't see many hairdos these days with that "just had it done" look. But does it mean that women don't have their hair done anymore? Not at all. It just means that hairdressers are becoming more subtle about their art.  
And they're paying less attention to fashion and more attention to you. They put a great deal of effort into studying your face, hair type, and bone structure. Some even go so far as to view their patrons standing - to see the hairstyle in full perspective.  
The natural look  
I love to walk down the street and see all those lovely heads of natural-looking hair - hair that frames the face perfectly, effortlessly.  
If I didn't know better, I'd think they were born that way. But being a professional, I know that the natural look is one of the most difficult things to achieve - if you want it to look right.  
A good hairdresser is someone who can make your hair do what looks best, and make it seem natural.  
And that takes some doing!  
First the hair itself is considered for condition and texture. Does it need deep moisturizing? Or body building? Much of what people found unattractive in those old-fashioned hairdos was the generally poor condition of the hair itself.  
Then there's the bend of the hair. Is the hair too curly for the bone structure? Too straight? Does the color suit the skin tones?  
And above all, the hair must be cut. Cut to fall right. Cut to flatter. And cut to look easy and natural.

## Voice of Bethel Encouraging week

By Howard Minaker  
Last week was an encouraging week in the life of Mr. Inner-Man, who resides in this area. He is the oldest resident of the community. I might add that he, with his brother, Mr. Outer Man, are known as the founding residents of this town. For those who are new to this area, let me explain. Many years ago, these unusual Siamese triplets came into this world. I say "triplets" because Mr. Inner Man has been declared as having a soul and a spirit. Dr. Inspiration emphatically made this declaration, based on the record given through him by the Master Physician.  
Mr. Inner Man has been an invalid for many years. He suffered a bad fall many years ago and an incurable disease resulted, known as "Sin".  
He has had many physicians, including Dr. Works, Dr. Reform, Dr. "Do Your Thing" and Dr. "Man of the World". They have tried various injections but Mr. Inner Man has grown weaker. Drs. New Birth and Repentance have had the greatest effect on this malady.  
It has been confirmed by Dr. Newbirth that Mr. Outer Man has callously neglected his brother and refused him the necessities of life. This sick man must have food known as the Word of God

**Benefits for sr. citizens**  
Pensioners and taxpayers who are not waiting for T4 or T5 slips should file now for their fair share of Ontario's tax credits. Revenue Minister Allan Grossman advised today.  
Mr. Grossman told a Toronto meeting of senior citizens that residents who have no taxable income stand to benefit most from Ontario's Tax Credit System and should claim their tax credits before the rush of federal income tax returns begins.  
"This year's tax credit program, which is integrated with the income tax system administered by the federal government, has been expanded," Mr. Grossman explained.  
"We have added a sales tax credit and a pensioner tax credit to the property tax credit. It is estimated that about \$300 million in benefits will be paid to Ontario residents to bring greater fairness to the provincial tax system," he said.  
Mr. Grossman continued: "We expect that two out of three Ontario taxpayers will share in these tax credits. Many pensioners, for example, will get somewhere between \$126 and \$300, depending on their particular circumstances."  
Eligible residents must fill in certain pages of the federal income tax return and the purple Ontario Tax Credit Form attached inside the tax package, in order to claim - even if they have no taxable income.  
"I strongly urge senior citizens, welfare recipients and other residents who are not waiting for T4 or T5 slips to complete and mail an income tax return as early as possible," Mr. Grossman said.  
Residents who have not received an income tax return in the mail should pick one up at the Post Office.
