Notice of Hearings

THE AIRPORT INQUIRY COMMISSION will hold Organizational Hearings on: Wednesday, 20th February, 1974 Thursday, 21st February, 1974 Friday, 22nd February, 1974

for the purpose of organizing Public Hearings to receive evidence in respect to the matters set out in Order in Council, P.C. 1973-3926, dated 5th October, 1973.

Hearings at Malton

On Wednesday, 20th February, 1974 the first Organizational Hearing of the Commission will be held at: Howard Johnson Hotel, Dixon Road and 27 Highway, 8:30 p.m.

The purpose of the Hearing on this date is to determine the procedure that will be followed at the Public Hearing and the role of any Counsel at such Hearing in respect to the following matters:

The Government of Canada has made forecasts as to the volume of passenger, air-cargo, and aircraft movements in the central Ontario market to the year 2000. On the basis of these forecasts, (without receiving any new evidence at this time as to the validity of these forecasts as such evidence will be received at subsequent hearings), in relation to the following questions of fact, is there any new evidence that Toronto International Airport, Malton, can be expanded or reconfigured within present boundaries to meet all

- reasonable needs to the year 1980, to the year 1990, and to the year 2000, that is to say:
1. Can the forecast growth of air traffic be met without increasing the number of people affected by noise disturbance from aircraft?
 2. Can the runway capacity be extended to meet the forecast growth of air traffic?
 3. Can the terminal capacity be increased to meet the forecast growth of air traffic?
 4. Can ground access be provided to meet the forecast growth of air traffic?

The Commission will commence its Public Hearing on the above questions on: Monday, 18th March, 1974, Howard Johnson Hotel, Dixon Road & Highway 27, 6:00 p.m.

Evidence statements in respect to the above questions should be filed on or before 4th March, 1974, in accordance with the Commission's Practice and Procedure.

Hearings at Pickering

On Thursday, 21st February, 1974, the second Organizational Hearing of the Commission will be held at: Pickering High School, Church St., North, Town of Pickering, 8:30 p.m.

In respect to the following questions: In relation to the following three questions of fact, is there any new evidence to prove that the site near Pickering, Ontario, is not suitable for the new International Airport for the central Ontario market, that is to say:

- (1) Is this site not suitable because of the number of

- people that will be affected by noise disturbance from aircraft?
- (2) Is this site not suitable because of regional economic effect?
 - (3) Is this site not suitable because of total environmental effect?

The Commission will commence its Public Hearing on the above questions on: Monday, 8th April, 1974, Pickering High School, Pickering, Church St., North, 6:00 p.m.

Evidence statements in respect to the above questions should be filed on or before 25th March, 1974, in accordance with the Commission's Practice and Procedure.

On Friday, 22nd February, 1974, the third Organizational Hearing of the Commission will be held at: Council Chamber, Old City Hall, Queen Street West, Toronto, 2:30 p.m.

In respect to the following matters: The Government of Canada has made forecasts as to the traffic volume of passenger, air-cargo and aircraft movements to the year 2000.

- The questions for consideration are:
- A (1) Is there any new evidence as to what is the expected maximum passenger traffic volume in the domestic, trans-border and international air traffic markets for the year 1980?
 - (2) For the year 1990?
 - (3) For the year 2000?

B In relation to the following questions, is there any new evidence to prove that the site near Pickering, Ontario, is not suitable for the new International Airport for the central Ontario market, that is to say:

- (1) Is this site not suitable because of passenger inconvenience?
- (2) Is this site not suitable because of the on-site and off-site facilities that will be required to be built, such as roads, railways, guideways, helicopter facilities, etc.?

The Commission will commence its Public Hearing on the above questions on: Monday, 22nd April, 1974, Council Chamber, Toronto, Old City Hall, Court Room 42, 6:00 p.m.

Evidence statements in respect to the above questions should be filed on or before 8th April, 1974, in accordance with the Commission's Practice and Procedure.

No evidence will be adduced or admitted at any Organizational Hearings, but the conduct and procedure for each Public Hearing will be established. The Public may file, in writing, suggestions for any additional topic or questions within the terms of reference prescribed in Order in Council, P.C. 1973-3026.
