

'Teen Pick of the Week'

Kim excels in sports

STOUFFVILLE — A fireplace mantel in the home of Bob and Helen Hassard, Lloyd Avenue, Stouffville, is lined with trophies, some large, some small.

Without checking the inscriptions, it's safe to say all members of the family share in these awards, including 16 year old Kim, an excellent athlete.

She's The Tribune's 'Teen Pick of the Week'. Kim comes by her enthusiasm for sports quite honestly. Her father was a forward with the Toronto Maple Leafs and a standout infielder in baseball. Her mother excelled in speed skating and softball.

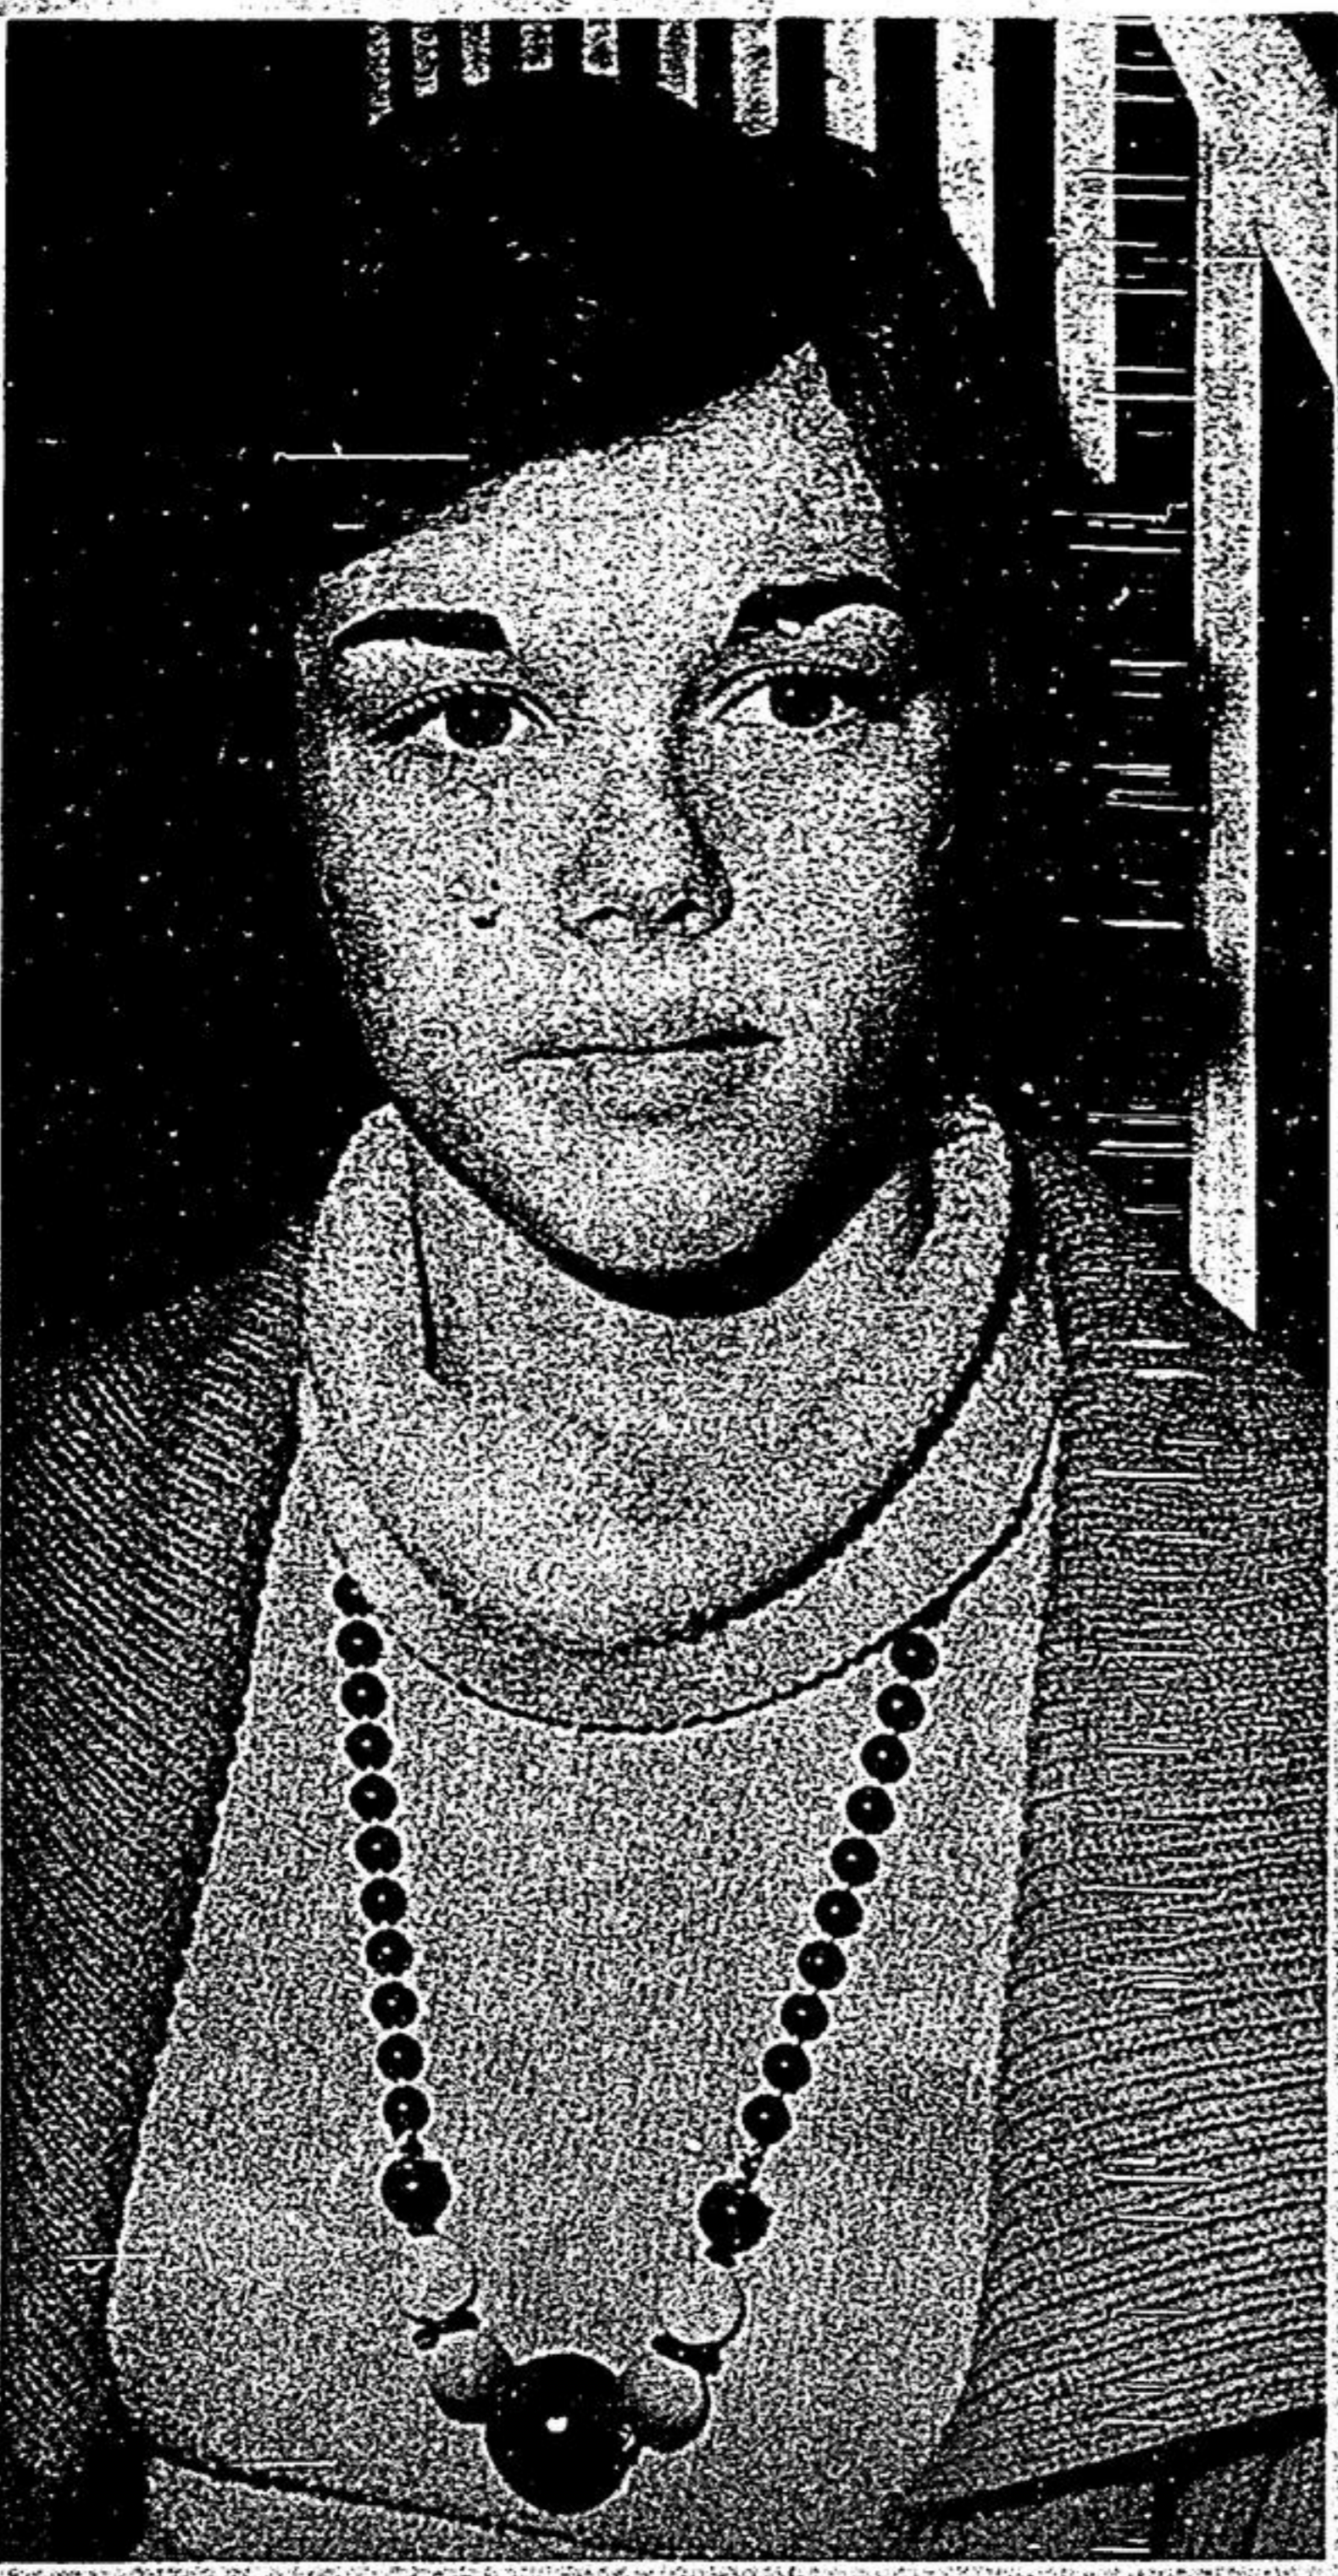

Kim has always lived in Stouffville and her prowess in track and field at Orchard Park School is well remembered. Last year, she was a member of the S.D.S.S. senior girls volleyball team that captured the Georgian Bay Title. She enjoys swimming, water and snow skiing. In the summer, she was a regular with the Juvenile girls softball club.

She has a brother, Bill, 19 and a sister, Jackie, thirteen.

Kim plans to complete Grade 12 and enroll in Shaw's Business School, Toronto, to train as an executive secretary.

At least three evenings a week, she's employed in the snack bar at the Stouffville Arena. With money earned and saved, she'll enjoy a 3-week holiday in Europe, in July. Accompanying her is Sandy Schell, Sunset Boulevard.

What about hockey? At present, Kim's only a spectator. But this could change if Stouffville ices a girls' team next season. She's anxious to give it a try. And why not. She has excelled at everything else.

Sixteen year old Kim Hassard is a top athlete. She excels at track and field, volleyball, swimming and skiing. And should Stouffville have a girl's hockey team next winter, she'll try that too. She's a student in Grade 11 at S.D.S.S. — Jim Thomas.

Assault case dismissed

MUSS LAKE — A Musselman's Lake lady charged with assault on two Ballantrae schoolboys, had her case dismissed in Newmarket Court, last week.

Florence Potts had been accused of striking Robert Henderson and Gordon Robinson, both 9, as they stepped off the school bus. One of the lads claimed the woman threw him bodily over a fence.

In handing down his decision, Judge J.P. Wilch said it would be dangerous to take the testimony of unsworn witnesses as a basis for conviction.

"Can make it"

STOUFFVILLE — Despite the recent shutdown of most secondary school classes at the Grade 12 and 13 level in York, John McMurray, Whitchurch Stouffville's representative on the Board of Education feels confident most students "can make it" between now and June.

Mr. McMurray observed that, when broken down, the actual number of missed academic days was considerably less than the thirty-one in which the resigned teachers were out on strike.

He said all universities had been contacted and had full knowledge of the situation.
