

**TORTURE-TESTED AT SPEEDS
YOU'LL NEVER NEED...**

Super-Lastic SAFETY '99' NYLON

**Costs more to make
but costs YOU less**

For safest all-round highway-backroad travel, 4 cross-ply Nylon construction is admittedly the best. If you install our Safety '99' tires on your car, you won't have race-track tires, but you will have tires made with the same nylon fibre. Same too, as on aircraft. It's Du Pont '66' Nylon—the best on all 3 counts: safety, economy, and strength. And the stronger Nylon means less overnight set.

THE WHIPPET

*best for high-speed
highway-travel...*

Shaped like a European Radial, the Whippet is an all-muscle, cool-running, twin cross-ply tire. Even at double the price, we couldn't make a better high-speed tire and still provide that soft cushion-ride. Made with Du Pont '66' Nylon cord for more strength, less overnight set, it's the Number 1 choice of thousands of motorists!

Similar quality to tires installed on new cars in the years when these sizes were popular; meets or exceeds Government safety standards. **NOT INSURED** (you save the cost). Insurance may be purchased for \$1.00 per tire.

MORE tire for so LITTLE more Double BELTED Polyflex

If bigger mileage at low per mile cost is important to you, but you don't want the harshness of Glass or Steel Belted tires, compare soft-riding Polyflex. We're sure you, too, will agree it's the best tire value in all North America! Try it for yourself! See Price-Quality Guarantee posted in all our stores.
