# THE RIGHT TIRE AT THE RIGHT PRICE

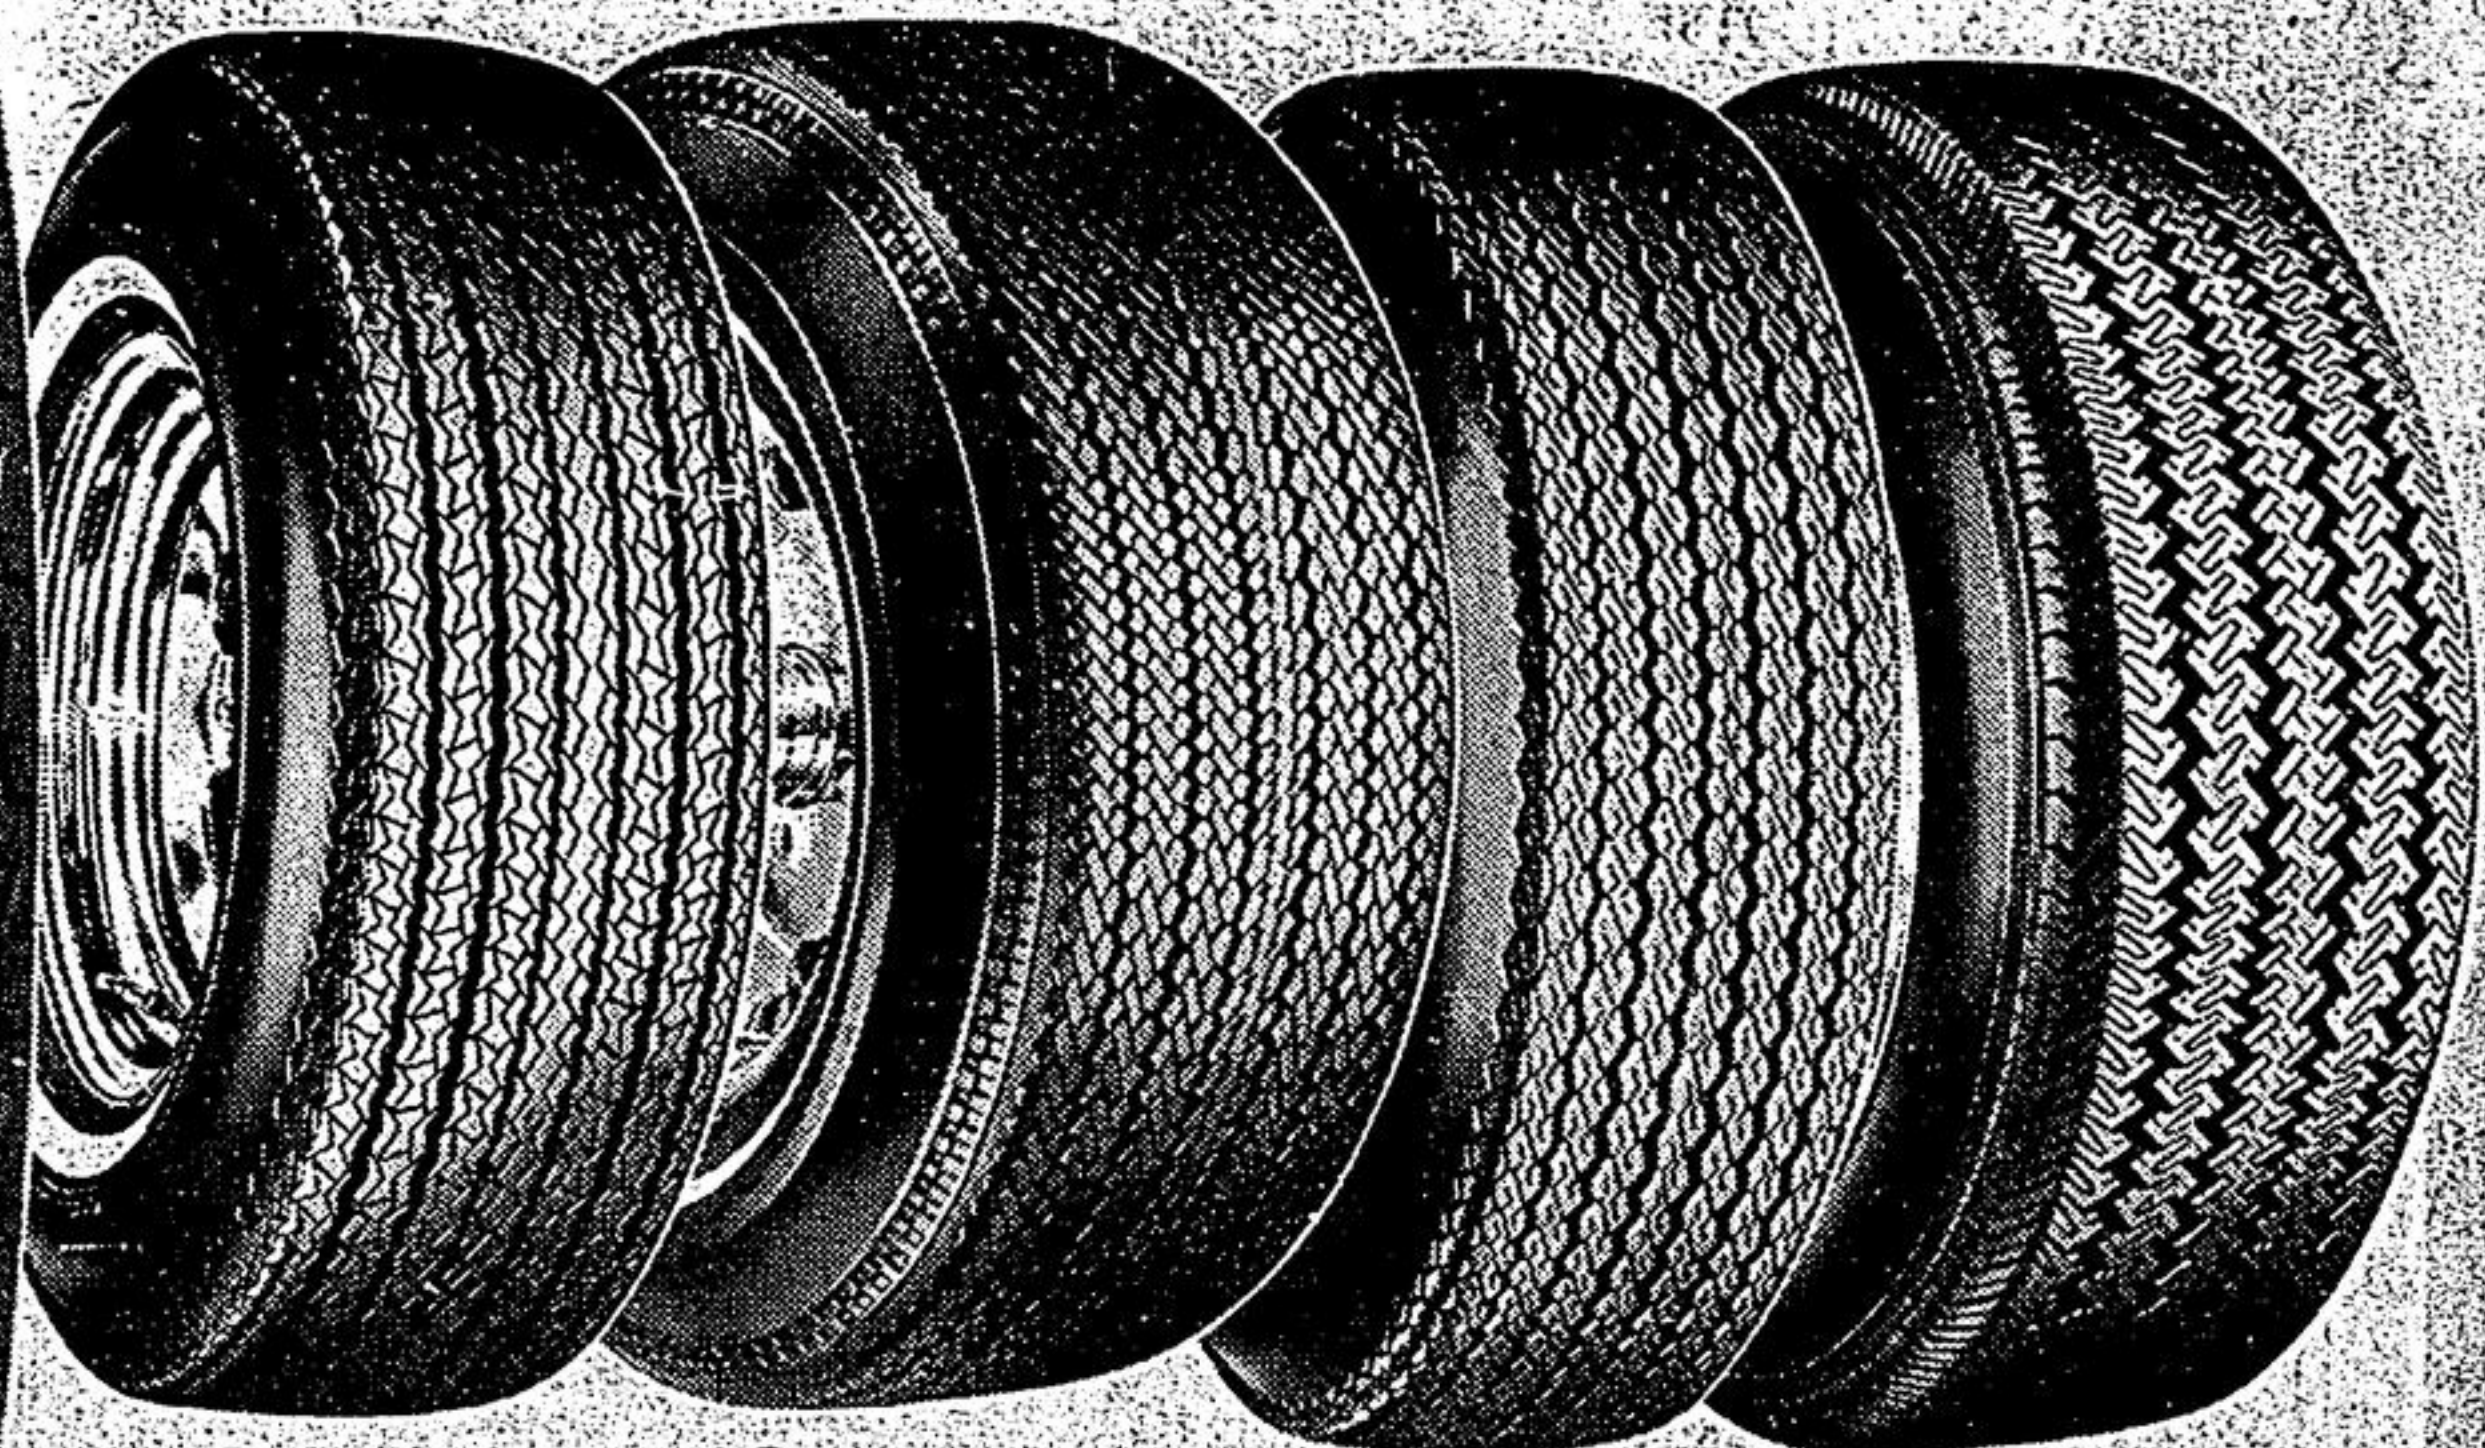

*Your kind of tire, your kind of need, your kind of price!*

It's the right time—and the right place—to buy. We can't deny that prices are due to soar. Natural rubber and carbon-black costs are doubling. Oil derivatives like Nylon and Polyester, synthetic rubber and a host of other components are following suit. Shortages loom on the horizon. But right now, Canadian Tire has a great selection for every purpose and every pocket. Wise motorists will buy NOW.
