

Mark Redquest is shown with his project on Trout that won him a trip to Calgary for the Canada-wide Science Fair. He and three other York County students did very well in the competitions. —John Montgomery

Mark Redquest Worth while trip

STOUFFVILLE — "I didn't care if I won anything, it was so much fun out there," said Mark Redquest of his recent trip to Calgary to attend the Canada Wide Science Fair.

Despite his indifference Mark took \$50 second place prize in the senior environmental class with his exhibits on trout farming.

The Calgary competition involved some 120 students from all across Canada, including

three other students from York Region.

Mark, a grade 11 student at Stouffville District Secondary School, said the highlight of the week long trip was a visit to Banff where they stayed overnight in a chalet.

He also described the flight out as, "really neat," and he said he enjoyed, "touring around Calgary."

One thing he expressed wonder at though was: hardly a scientific

marvel. This was a 210 pound blueberry pie, five feet in diameter, which fed 500 people at the presentation banquet, donated by the group from Jon Quiere Quebec, hosts of next years science fair.

Mark who started his project during the teachers strike has been interested in trout farming since moving to Lemonville in 1968.

He got started through neighbour Duke Marnoch who has a trout pond.

"I went up there and got interested," said Mark. "It's been my hobby to raise trout."

Mark's project displayed specimens of the two main types of trout (any avid fisherman will tell you these are rainbow and speckled) in a solution of formaldehyde and water.

We won't sell you a gas truck if you need an electric. Or vice versa.

We offer the most complete line in capacities from 1,000 to 15,000 pounds. In gas, LP-gas, diesel and electric. From hand and motorized hand to a variety of riders. You're sure to find the right truck for your needs. For details ask for our free full-line brochure.

Duke's death can't stop show

MARKHAM — The death of world-famous orchestra leader, Duke Ellington, will not cancel the engagement scheduled for the Markham Centennial Centre, Tuesday, June 11.

Instead, the evening's music will be a tribute to 'The Duke', and an occasion that will long be remembered by followers of the Ellington Band.

It will be conducted by his son, Mercer. There are still a limited number of tickets available. The Centre box office is open, Thursday, Friday, Monday and Tuesday from 9 a.m. to 5 p.m.

Mayor defends application

STOUFFVILLE — town, and compensation forms must be completed for all town employees. The marital status, etc., all must go on the form. Furthermore, he said, a fireman's job is more hazardous than other municipal jobs, so compensation is absolutely necessary.

Question: Last Tuesday Councillor Baker made a notice of a motion that would close down the dump on lots 14 and 15, conc. 8, by March, 1975. Do you believe that

action by the town will become necessary? The mayor said that the council will meet with the minister of the environment on June 5 (yesterday) concerning the dump. "Personally I do not think that Metro garbage should be accepted at this dump," the mayor continued. The town has no obligation to accept their garbage, and the land is not suitable for that kind of operation. "In the future it should only be necessary for the municipality to look after its own garbage," he concluded.

Question: York Sanitation is being granted another provisional six-month certificate, during which time they will be allowed 300 tons per day. Do you believe that is an acceptable volume of dumping? "It's something the town will have to put up with until the minister closes the dump or a public hearing takes place," the mayor answered. The town could

request that the minister lower the dumping to a more moderate tonnage at their meeting with him June 5, he said.

Question: What is the reason for the back-up in the regional land severance committee? What is the town being asked to do to remedy the situation? "The authority to grant land severances was given to the region without too much notice to get personnel or form a unit," the mayor said. The result was a backlog of applications. The region has applied for
