

# ALL-NYLON

## SAFETY '99'

...Built for speeds you'll never need!

When safety, sureness, and economy count most, you'll always find 4-cross-ply Nylon construction. Racing drivers, airmen, construction drivers all stake their lives on Nylon. The same fibre that goes into our Safety 99 tires. Du Pont 66 Nylon cord for safety and strength.

EXTRA STRONG, EXTRA SAFE 4-PLY DUPONT 66 NYLON

**Save on 2 TIRE PRICES**

### SAFETY 99 CONVENTIONAL SERIES

Duplicates or better ride and steering qualities of original equipment on '68 and earlier models but is heavier built.

5-Year Road Hazard Insured: 30-Month, 30% Pro-rated Wear-Out Discount Allowance.

### SAFETY 99 LOW ANGLE 30° LONG CORD

Captures the ride, steering and braking characteristics of belted constructions and comes close to duplicating the mileage. If your original belted tires didn't suit you here's the non-belted wide-track tire specifically made to replace them. Can be installed on ANY car—whether it was previously fitted with belted tires or not.

5-Year Road Hazard Insured: 32-Month, 32% Pro-rated Wear-Out Discount Allowance.

† Compact Sizes: 2 Nylon body plies + 2 Glass Belts

**POLYFLEX:** 4-Ply undertread-2 + 2 Polyester Belted Nylon. Belted tires are noted for on-track steering and up to 40,000-mile tread wear. But Polyflex-Belted scores mostly on its ride. It's the Du Pont 66 Nylon body that accounts for the cushioned effect and for twice the safety. (See Nevada Test results posted in Canadian Tire stores.)

SIZE (Whitewall \$1.50 more)	2 + 2 POLYFLEX BELTED NYLON BLACKWALL 2 TIRES or more EACH	
	Before Discount for Cash	After Discount for Cash

**The WHIPPET:** This twin-ply tire looks like a radial and is best-suited for hi-speed highways. At twice the price we couldn't offer a cooler running, softer ride.

**CONTENDER:** 4-Ply Polyester. Twin-Ply Polyester was popular new-car equipment prior to long-mileage belted. Contender is similar except it's 4-ply instead of twin-ply.
