

Town reservoir to get \$170,000 cover

Whitchurch-Stouffville Council has decided to spend \$170,000 to put a cover on the town's reservoir, located at Baker Hill, north of Stouffville. The problem is debris falling into the reservoir, which has to be disinfected three

times a year at a cost of \$6,000. A floating cover would have cost \$70,000 less to build, but council felt the permanent one would be cheaper in the long run.

Rezoning could upgrade property

STOUFFVILLE — Mayor Gordon Ratcliff said council is supporting the application of Stouffville Trailers Limited for a spot rezoning. The site is currently zoned agricultural. The mayor explained Council hopes the rezoning will result in a general upgrading of the Hwy. 48 and will result, "in the construction of more permanent buildings."

"It still has to go through rezoning with the airport under the minister's freeze zone. It's up to the Minister of Housing."

Question: Has any action been taken following the complaints of Cedar Valley residents that the property of

Mr. Wideman said he didn't know how much time Mr. Klochhoff would be given to clean up the area. "We like to be fair and ask them how much time they need, within reason."
