As we are into this new 1974-75 season of hockey the club is full of excitement and anticipation for another great year, as we are presently leading our group in Metro Jr. B. Everyone who has followed the Panthers efforts in the last two years will agree that this club has proved to be first rate. The first year of operation saw the panthers make the play-offs which is a great accomplishment for a first year club.

Last year saw the Panthers go all the way to finish the regular season in first place as League Champions for which we won the Gary Archer Memorial Trophy. Losing only 6 games in the 44 game schedule, the Panthers were 3 points away from tying a record

for most points in one season. This could not have been done without the dedicated efforts of the coaching staff and executive and the hard work of each and every player. Panthers made the semi-final playoffs last year but this year plan to go all the way. For being in operation such a short time Panthers have put Pickering on the hockey map for good.

Pickering Panthers Jr. B Hockey Club takes this opportunity to thank the professional people and advertisers for their support which is so important to the running of a good club and a special thanks to the merchants of the Sheridan Mall for their sponsorship. We would also like to say a special thanks to all our loyal fans and to extend a

warm welcome to all our new supporters. It is the aim of the Panther organization to bring the best of hockey entertainment to the Pickering area.

The Panthers Hockey Club in conjunction with the Sheridan Mall have started a Panther Bingo every Monday evening at the Sheridan Mall with the net proceeds to be donated to Minor Hockey in the area and to aid in the acquisition of College Hockey Scholarships for our players. In the last two years several players received scholarships and the Club anticipates the sending of several players from this year's squad which truly makes our efforts well worthwhile.
