Westbay TV

...will give you
the inside story of
PHILIPS
MODULAR 4 COLOR TV

1 TRANSFORMER-POWER SUPPLY-ROCK SOLID PICTURES

A new power transformer ensures picture stability, regulates the power to the chassis and picture tube, and protects components from damage, and allows use of a special cable input jack for satellite homes; eliminates picture interference from off air signals.

2 I.F.—PERFECT PICTURES ALL THE TIME

Through integrated circuits, this module delivers a perfect picture that never jitters or tears. Contains the Automatic fine tuning circuit. Produces better sound than ever before.

3 CHROMA—SUPERB COLOR

The Chroma Module with integrated circuits processes the Color TV signal for the screen. This is to give you superb, clear, brilliant pictures every time. Also contains the Syncrotint and Crisper circuits for top-notch color and definition.

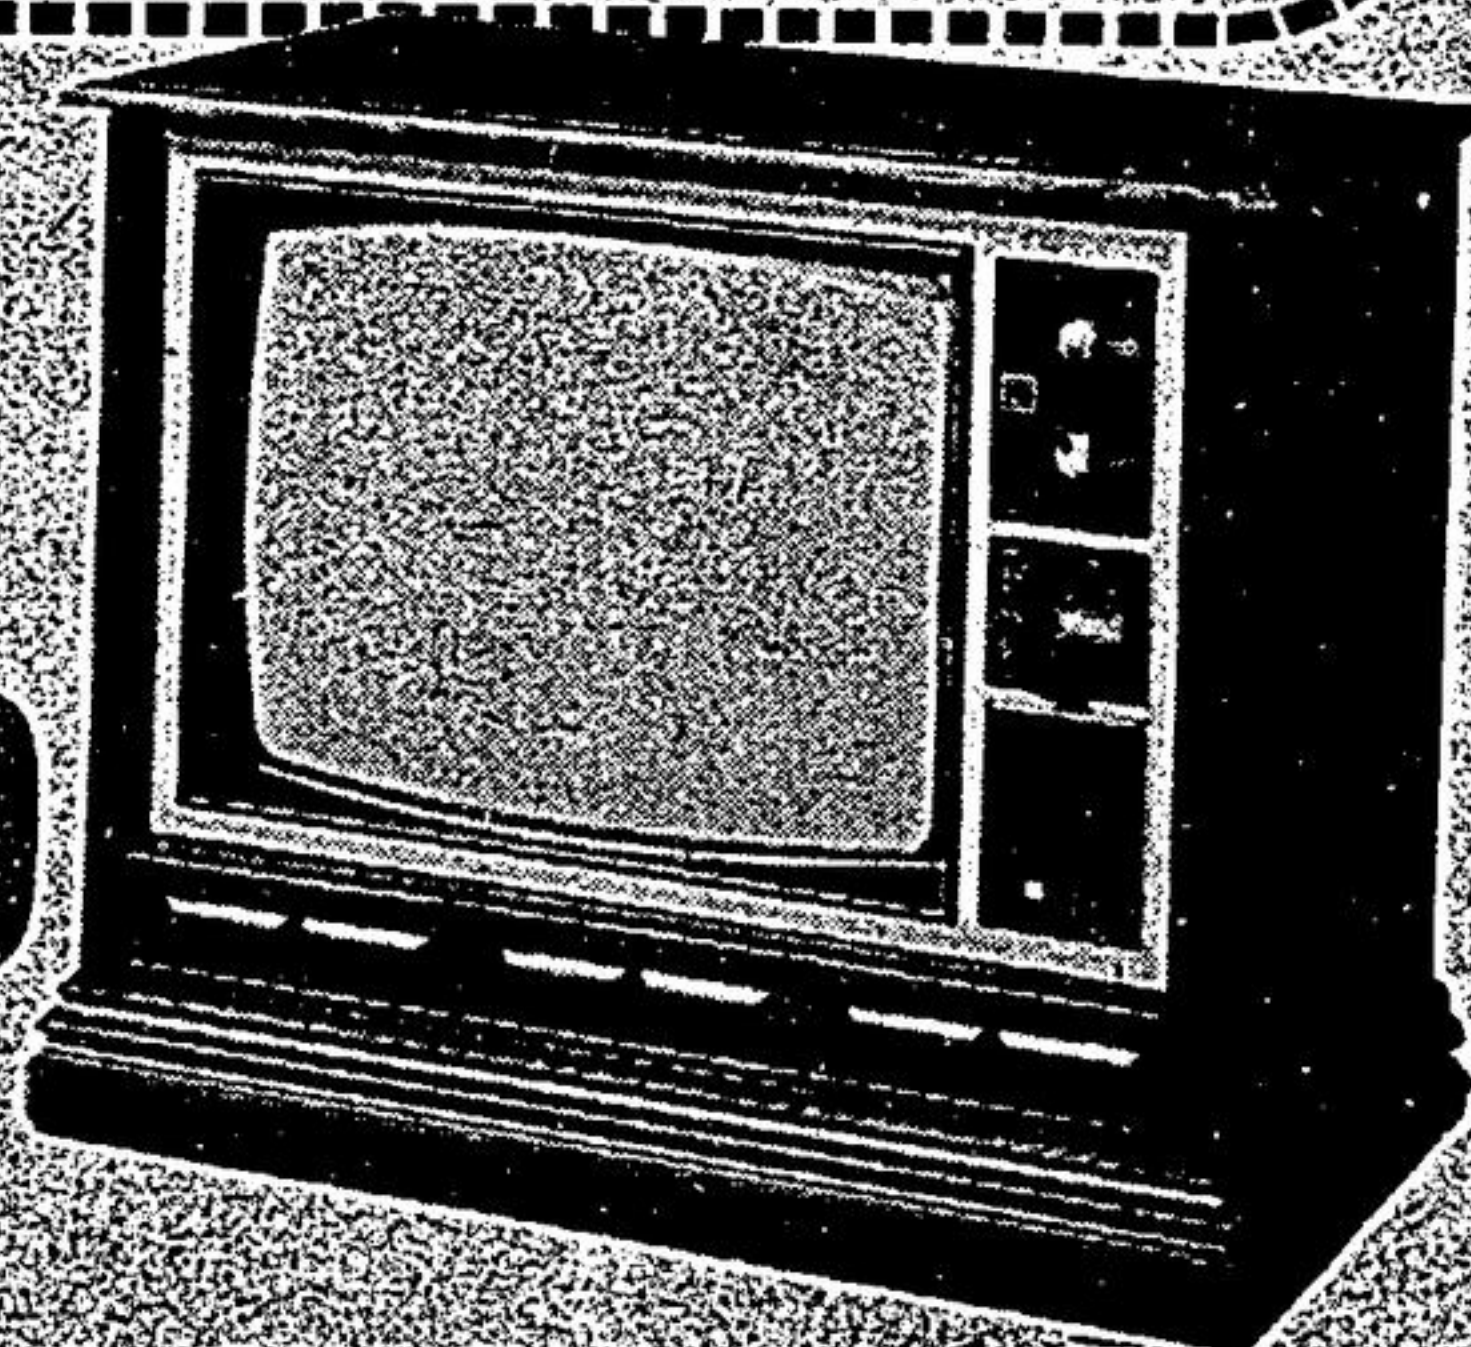

4 HIGH VOLTAGE/VERTICAL BRIGHT CRISP PICTURE

Makes sure the picture is in perfect focus at all brightness settings. Keeps them bright and crisp. Prevents pictures from shrinking, blooming, flopping or rolling.

Exclusive to Westbay T.V.—The Burlington Model

The Contemporary styling dramatizes the pure simplistic beauty of the Burlington. The full-to-the-floor cabinet base is accentuated by a clean, decorative base rail. The unique Philips Modular 4 chassis with advanced 100% solid state circuitry is years ahead in reliability, quality of picture and color. The patented new Autotrac control circuit, exclusive with Philips, makes individual adjustments of brightness, contrast and color a thing of the past. Finger-touch control of color, brightness, and contrast to suit changing room light conditions, is now automatic with Philips Autotrac.

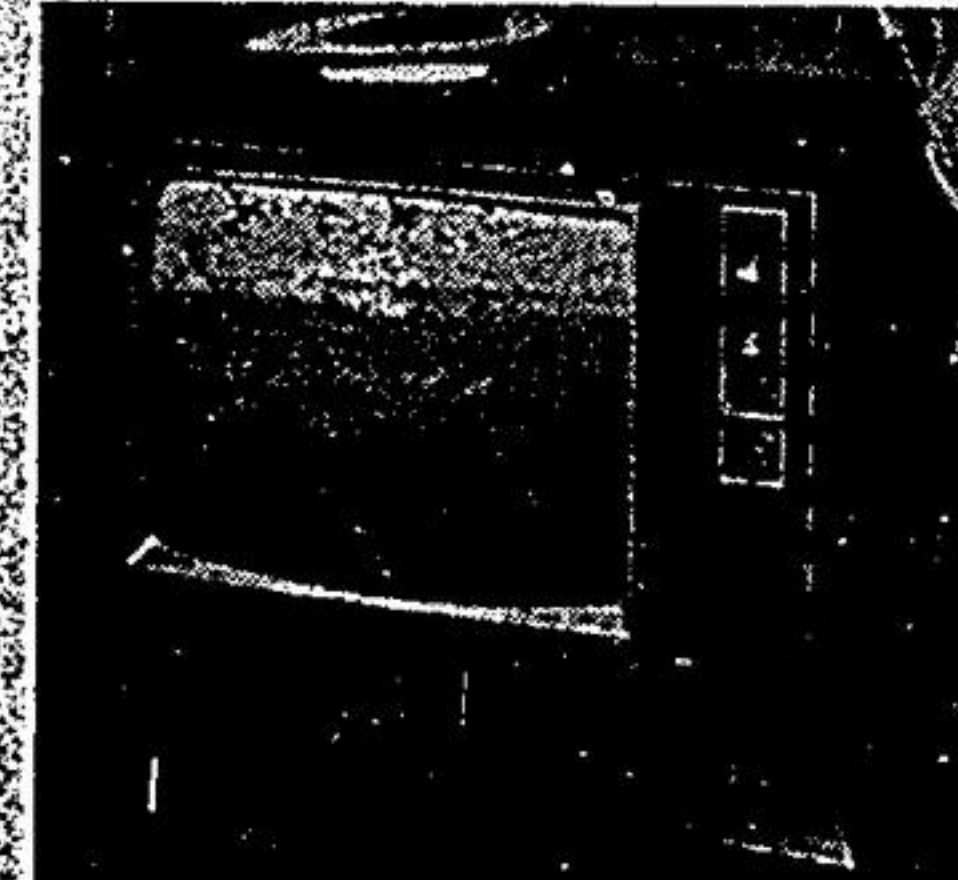

We'll prove why Philips is your best buy!

THE CARDINAL Model C26P624

The Cardinal is a classic example of Philips expertise in cabinet design. Here, the traditional and contemporary are married to blend into a hallmark of styling. A full down-to-the-floor base sets off the wide console cabinet with the accent on the elegantly crafted Philips Modular 4 construction, guarantees reliability and ease of service. The Auto-color Button automatically sets and fine tunes five controls at the touch of one finger. Constructed of wood solids and selected oak veneers, finished in rich natural walnut. Cabinet dimensions: 41 1/4" w. x 28" h. x 23" d. (including back cover).

\$679⁹⁵

THE BALBOA Model C26P304

The beauty of Canadian contemporary design is admirably captured in this full console model. Here simplicity of line reigns high, making the Balboa ideal for a variety of room decors. It is fashioned in the traditional good taste that characterized Philips fine furniture cabinetry. Deep inlaid mouldings along the full base make this a distinguished set you'll be proud to own. The superb performance of the Modular 4 chassis will provide you with countless hours of beautiful colour entertainment. The cabinet is constructed of hardwood solids, selected walnut veneers and decorative non-wood materials. Includes smooth rolling casters for easy moving. Finished in Natural Walnut. Dimensions: 33" w. x 28" h. x 23" d. (including back cover).
