

Jim Foote, Winlane Dr., is rather pleased with himself. On a recent trip to Lake Boshkung, near Minden, Jim pulled in this Lake Trout measuring 32 inches long and weighing 15½ pounds. He caught the fish through the ice and Dave Marshman helped Jim land it. It took 20 minutes to land the fish with the 10 pound test line being used. The ice was four inches thick and the water was 65 feet deep where the big catch took place.

Drawn-out hearings no solution

Dear Sir: The long drawn-out hearing regarding the landfill site just south of Ballantrae will resolve nothing in the final analysis, neither side will be able to prove with a dead certainty that pollution will or will not be caused by the dumping of industrial waste at the site.

The catastrophic consequences of pollution in this area makes the slightest gamble a moral issue that cannot be condoned.

Like A Good Neighbour, State Farm is there. For all your insurance needs see **KEN SHEPHERD** 294-1542 State Farm 27 Parkway Insurance Companies Canadian Head Office Scarborough, Ontario

Let us pray to God that sound judgement will not be set aside by political pressures to accept Toronto Garbage and the environmental hearing will bring down the only verdict possible. Close the dump.

Tom Wood Ballantrae

Citizens no match for glib lawyer

Dear Sir: I am a concerned citizen of Whitechurch-Stouffville, who is opposed to the location of Landfill Site No. 4 over the main aquifer for our water supply.

I have attended almost all of the Environmental Hearings to date. The local residents, at their own expense, should never have been placed in the position of having to fight York Sanitation regarding this matter. We pay our taxes and expect our elected representatives to protect our natural resources (in

this case, our water supply). The Ministry named the game and up to this point in time we have played by their rules.

One has to be personally involved in these hearings to know just how difficult a task it is for the minority to fight this battle for the silent majority. These citizens who speak out, are honest, hard-working, law-abiding and God-fearing people, and they feel that our water supply is a precious thing and must be saved from the threat posed to it by the location of this landfill operation. This is our home! We have every right to protect that which is ours and that which is so vital to our community - namely our water supply!

I have quietly watched Mr. Chusid, the solicitor for York Sanitation, cross examine these admittedly non-expert local residents. Because of his very expert law training and his mastery with words, he tries to discredit them anyway he sees fit, most of which just tends to cloud the real issue, which is the poorly chosen location of this

landfill operation. York Sanitation is interested in only one thing - making large sums of money from this operation! It is not one bit interested in the health and welfare of the residents of this community.

If York Sanitation is successful in obtaining this application to dump even more, then we will be the losers. In the near future, we who live in Whitechurch-Stouffville, may truly become known as the "Pepsi Generation".

Frances Sainsbury Stouffville

Non-Jews should be able to go

Dear Sir: An agreement has been announced between the Soviet Union and the United States to ease Jewish emigration in exchange for US trade concessions.

I hope someone says a word or two on behalf of those non-Jewish individuals who also want to leave the Soviet Union. William E. Rae Scarborough

The Innocent Island.
At prices that will make you feel almost guilty.

People call Treasure Cay the Innocent Island because you can dive in crystal clear waters and walk along 3-1/2 miles of white sand beach. And relax in a hotel where the rooms are big and the smiles are everywhere. What's more, you can do it all at prices that are almost too good to be true. A week of golf. \$210*. 7 days and 6 nights of surf, sun, and super golf. Our 18-hole championship course was designed by Dick Wilson. And it's been rated as one of the best in the Bahamas. A week of tennis. \$156.50*. 7 days and 6 nights to improve your game, while getting a beautiful tan. We've got 10 tennis courts. And a fully equipped pro shop with everything from rental racquets to a resident pro. Contact your travel agent today. And tell him you want to play around. With the Innocent Island. Treasure Cay.
